**ADOPTED BUDGET
FISCAL YEAR
2018/19**

**TUALATIN HILLS
PARK & RECREATION DISTRICT**

BEAVERTON, OREGON

The mission of the Tualatin Hills Park & Recreation District is to provide high-quality park and recreation facilities, programs, services, and natural areas that meet the needs of the diverse communities it serves.

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to ***Tualatin Hills Park & Recreation District, Oregon*** for its annual budget for the fiscal year beginning July 1, 2017. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

Re: Proposed Budget Fiscal Year 2018/19

I am pleased to present the Proposed Budget Fiscal Year 2018/19 for the Tualatin Hills Park & Recreation District (THPRD). This budget represents a financial operating plan for THPRD to carry out its mission during the 2018/19 fiscal year.

Mission and Goals

THPRD's mission statement remains the same: "The mission of the Tualatin Hills Park & Recreation District is to provide high-quality park and recreation facilities, programs, services, and natural areas that meet the needs of the diverse communities it serves." THPRD's strategic direction is guided by the long-term goals established in the 2013 Comprehensive Plan Update. These goals are:

1. Provide quality neighborhood and community parks that are readily accessible to residents throughout THPRD's service area.
2. Acquire, conserve and enhance natural areas and open spaces within THPRD.
3. Develop and maintain a core system of regional trails, complemented by an interconnected system of community and neighborhood trails, to provide a variety of recreational opportunities, such as walking, bicycling and jogging.
4. Provide quality sports and recreational facilities for THPRD residents and workers of all ages, cultural backgrounds, abilities and income levels.
5. Operate and maintain parks in an efficient, safe and cost-effective manner, while maintaining high standards.
6. Provide value and efficient service delivery for taxpayers, patrons and others who help fund THPRD activities.
7. Effectively communicate information about THPRD goals, policies, programs and facilities among THPRD residents, customers, staff, THPRD advisory committees, THPRD board, partnering agencies and other groups.
8. Incorporate principles of environmental and financial sustainability into the design, operation, improvement, maintenance and funding of THPRD programs and facilities.

Planning Process

Goal Outcomes and Business Plans

As in prior years, the board of directors uses the strategic plan goals as the foundation for the planning and budgeting process for the coming fiscal year. The board uses these goals to develop goal outcome measures, quantifiable performance measure targets that support the Comprehensive Plan Goals. A summary of the outcome measures follows.

Staff took the goal outcome measures approved for FY 2018/19 and developed business plans designed to achieve the goal outcomes. Each business plan was assessed based on its return on investment (ROI), the measurable outcome generated for the funding investment required. The plans with a reasonable ROI, and that most directly addressed the desired goal outcomes, were approved for inclusion in the proposed budget.

Within each departmental budget narrative, we have described the business plans that are included within that department's proposed budget.

Comprehensive Plan

THPRD is continuing the tradition of long-term planning, and the board of directors adopted an update of the comprehensive plan in 2013. This update used a geographic information system (GIS) based measurement of service levels throughout THPRD based on the location and quality of our facilities, which resulted in specific recommendations for improving level of service standards. The update also used a resident survey to identify key priorities and unmet needs of THPRD residents.

In conjunction with the Comprehensive Plan Update, the board adopted a Service and Financial Sustainability Analysis. This analysis addressed financial sustainability using the following tools: a cost-recovery philosophy that establishes cost recovery targets for THPRD services based on the nature of the service, and a service assessment that analyzes all THPRD services relative to our market position and alternate service providers.

The board of directors subsequently adopted the Strategic Plan and the Service and Financial Sustainability Plan, which provided a more structured plan for implementing the recommendations of the Comprehensive Plan Update and the Service and Financial Sustainability Analysis.

The functional plans in five key areas (parks, programs, natural resources, trails, and athletic facilities) are now complete; they provide direction on how to achieve the recommendations of the Strategic Plan and the Service and Financial Sustainability Plan. We have also made revisions to policies and operational procedures to implement recommendations of the planning efforts.

Key Themes for the FY 2018/19 Budget

While THPRD's mission and the eight long-term strategic goals have not changed, all of the above planning efforts have highlighted some key priorities, or themes, that are being addressed in the FY 2018/19 proposed budget:

- We are continuing our efforts to ensure that THPRD serves our entire community, and we are working to eliminate barriers that may limit participation by segments of our community. Key items in the budget for this theme include:
 - Continue to coordinate and work on completing ADA Transition Plan items with the focus on safety items and access to several facilities
 - Continue positive collaboration with the City of Beaverton in providing free, open to all, community events and programs that share a common theme
 - Expand the number of class offerings for the Make A Splash free swim lesson program at each of the indoor pools
 - Provide lifeguard training courses that eliminate barriers to participation, such as financial and language barriers
 - Complete a district visioning project to help identify community needs, wants and priorities

- We are working to enhance our communication and outreach efforts with patrons and residents. While this will support our marketing efforts, it is also intended to provide new channels for patrons to communicate with THPRD. Key items in the budget for this theme include:
 - Continuing enhanced engagement procedures for public input on development projects
 - Funding an Engagement and Partnership Specialist position to effectively communicate information about THPRD goals, policies, programs and facilities among THPRD residents, customers, staff, THPRD advisory committees, THPRD board, partnering agencies and other groups.
 - Providing a scholarship program that ensures that no district resident is denied a recreational opportunity purely due to financial limitations.
 - Continuing implementation of the THPRD Community Outreach Plan

- We are working to maintain and enhance our levels of service in THPRD's parks, trails, natural areas and recreation facilities while also improving efficiency of maintenance services. The Comprehensive Plan Update identifies opportunities for us to enhance the level of service at our various facilities even as we add to our inventory through the investments funded by the 2008 bond measure. Key items in the budget for this theme include:
 - Implementing the Comprehensive Plan Update and Service and Financial Sustainability Analysis recommendations, including an update of the Parks Functional Plan
 - Funding additional part-time maintenance staffing, supplies and utility cost increases to maintain new or expanded parks, athletic fields and buildings
 - Funding an additional 800 hours of park patrol staffing to support additional park acreage.
 - Implementing a grant strategy that prioritizes THPRD's needs and matches them against available funding opportunities
 - Create a full-time land acquisition specialist position through reduction of part-time land acquisition specialist appropriations, to guide future park development and land acquisition.

- We are working to ensure continuity of service for our patrons and minimize service disruptions. Key items in the budget for this theme include:
 - Continuing funding of a Capital Replacement Reserve that, when fully funded, will ensure funding of capital replacements and facilities in the future
 - Completing replacement of Finance Services' financial software to provide for growth and efficiency needs of THPRD

- We are working to move cost recovery on THPRD services in line with the targets established by the Service and Financial Sustainability Analysis. While this work involves reviewing fees for our services, we are first looking to enhance cost recovery through efficiencies and cost savings, as well as by targeted service divestment. Key items in the budget for this theme include:
 - Funding energy savings improvements that will ultimately lower the cost of operations through reduced energy usage; enhancements include energy efficiency projects at HMT Recreation Complex, Cedar Hills Recreation Center, Elsie Stuhr Center and Conestoga Recreation & Aquatic Center.
 - Continuing to participate in the Strategic Energy Management cohort, in order to enable the District to adopt current industry best practices for energy efficiency

Budget Process

The April 17, 2018 budget committee work session is the first of two meetings for the budget committee, the second being the May 15, 2018 budget committee meeting.

The budget committee work session is intended to provide the budget committee an opportunity for in-depth review and discussion of the Proposed Budget Fiscal Year 2018/19, and to provide an opportunity for public comment. While the proposed budget presented for the work session is the final budget proposed by staff, the budget committee has the full ability to make modifications to the budget before recommending approval. The budget committee will also have the opportunity at the work session to request additional information from staff to be provided at the final budget committee meeting in May.

At the final budget committee meeting on May 15, 2018, the budget committee will be asked to approve THPRD's 2018/19 fiscal year budget, subject to any adjustments made by the committee. The final step in the budget process, as always, is the budget hearing and adoption by the board of directors, scheduled for June 19, 2018. Once again, an opportunity for public comment will be provided at both the budget committee meeting and the budget hearing.

General Fund Resources and Appropriations

You will find that the proposed amount to fund the FY 2018/19 General Fund budget is \$62,626,734. This is an increase of 16.7% from the 2017/18 fiscal year budget, which is primarily attributable to increases in capital funding, but also to inflationary increases and increases in the Capital Replacement Reserve.

General Fund Resources

Beginning Cash on Hand for the 2018/19 fiscal year is estimated at \$6,500,000, which represents a 18.7% increase from the prior year. The Balance Forward from Prior Year Projects is estimated at \$1,965,151 which represents a 94.7% increase from the prior year and is due primarily to timing of project work at Commonwealth Lake Park, Hazeldale Park, Willow Creek Park and the Babette Horenstein Tennis Center, as well as timing of the financial system replacement project. The Capital Replacement Reserve funded in FY 2018/19 also represents an additional \$2,550,000 of the beginning balance in the General Fund.

THPRD's overall assessed valuation is estimated to increase by 4.5%. This represents the 3% allowed under statute for those properties where assessed value is below the real market value, plus 1.5% of exception-based growth from new development. Accordingly, the overall assessed value is estimated to increase from \$24.4 billion to \$25.5 billion.

The FY 2018/19 property tax rate per \$1,000 of assessed value for General Fund operations is \$1.31, and the estimated tax rate per \$1,000 for general obligation bonded debt is \$0.32, resulting in a combined property tax rate per \$1,000 of \$1.63. The FY 2017/18 property tax rates for General Fund operations and bonded debt were \$1.31 and \$0.31, respectively.

In FY 2017/18, local government agencies' combined tax rates did not exceed the Measure 5 limit of \$10 per \$1,000 in most of the park district. There were some areas within THPRD, however, where the combined tax rate did exceed the Measure 5 limit. Within these areas, where an individual property's assessed value was close to or equal to the Measure 5 value, the taxes received were reduced due to Measure 5 compression. THPRD's property tax revenue losses in FY 2017/18, due to Measure 5 compression, were insignificant. It is anticipated in FY 2018/19 that if the combined rates again exceed \$10 per \$1,000 that tax reductions to THPRD due to Measure 5 compression will again be insignificant. Please refer to the table, Measure 5 Impact on Washington County Taxing Agencies (included in your budget document on page RE-3).

The estimates for program fee revenue in the proposed budget are based on a detail review of class offerings and program revenue trends. With the adoption of the Service and Financial Sustainability Analysis in 2013, THPRD is continually reviewing fees and fee policies with the intent of moving toward meeting cost recovery goals. In developing the FY 2018/19 proposed budget, staff carefully reviewed program revenue calculations to ensure that budget revenues are realistic in light of current participation levels. Staff will provide a detailed overview on the program and participation trends at the budget committee work session.

General Fund Appropriations

Of the proposed FY 2018/19 General Fund appropriations, 53% supports Personnel Services, 15% supports Materials & Services, 21% supports Capital Outlay, 2% supports Debt Service, 4% supports the Contingency Account and 5% supports the Capital Replacement Reserve funding. This distribution reflects a 5% decrease Personnel Services funding, 1% decrease in Materials and Services, 7% increase in Capital Outlay, 1% decrease in Contingency, no change in Capital Replacement Reserve and Debt Service as compared to the current year distribution.

The General Fund Capital Outlay appropriations of \$13,307,068 comprise 21% of the proposed General Fund budget. Capital outlay for information technology is included in the Information Services Department, and capital outlay for maintenance equipment is included in the Maintenance Operations Department. The balance of the capital outlay, \$12,529,412, is included in the Capital Projects Division which is divided into the following six categories: (1) carryover projects, (2) athletic facility, (3) building, (4) park and trail, (5) facility challenge grants, and (6) Americans with Disabilities Act improvements. In accordance with the budget priority to maintain existing facilities and avoid deferring replacements, a maintenance replacement schedule has been developed and the General Fund Capital Outlay has been prioritized toward

these replacements. In those capital outlay categories that include maintenance replacements, the program funding has been further broken down between replacements and improvements. Please refer to the Capital Projects section of your budget for details.

Comparison of Proposed General Fund Budget to Prior Projections

To put the proposed General Fund budget in perspective, it may be helpful to compare it to prior projections of FY 2018/19 General Fund resources and appropriations (a summary follows on page 17).

The proposed resources for the General Fund are approximately \$8.0 million higher than the projections provided in the midyear budget projection. Factors causing this increase include:

- Increase of \$0.5 million in Program and Facility Fees for targeted program additions.
- Increase of \$2.0 million in Project Carryovers; this represents offsetting resources and expenditures
- Increase of \$5.8 million in Other Resources due to increases in grants and \$4.0 million in debt proceeds.
- Decrease of \$0.1 million in transfers in
- Decrease in Property Taxes of \$0.2 million

Combined Personnel Services

The FY 2018/19 proposed budget reflects a 6.1% overall increase in Personnel Services costs. Included in the increase is a 4.2% cost-of-living adjustment and merit increases for represented full-time and regular part-time employees based on THPRD's current collective bargaining agreement which includes increases based upon the Portland/Salem CPI-All Urban Consumers, and expires June 30, 2019. The budget also reflects anticipated increases in health insurance costs of 6.9%, and a no change for dental insurance costs. The overall increase in personnel services costs resulting from the cost-of-living and merit increases is 1.6%, and the overall increase resulting from health and dental insurance cost increases is 0.8%. Retirement plan costs are projected to increase over the prior year budget and contributed 0.5% of the overall increase. Payroll taxes also increased by 0.1%.

The proposed budget reflects one upgraded regular part-time position to full time, two part-time positions converted to one full-time position and the addition of one new full-time position. The net effect of all the position changes is an increase of three full-time positions and a decrease of one regular part-time position, and an overall increase in cost resulting from the changes of 1.1% of the Personnel Services cost. The balance of the change in Personnel Services cost, an increase in overall cost of 2.0%, results from increases in part-time staffing costs, which include impacts of the phase in of the minimum wage increase.

System Development Charges Fund

In the System Development Charges Fund (SDC) budget tab, you will note that THPRD estimates a carryover balance of SDC funds of approximately \$15.8 million. The project carryover commitment to FY 2018/19 is approximately \$14.4 million, leaving \$1.4 million of the carryover available for new project commitments. In addition, THPRD is projecting to generate approximately \$14.0 million of new SDC revenues in FY 2018/19. As shown in the SDC budget tab, these combined resources are being used as follows:

- To provide \$6.8 million of new funds for land acquisition, and \$1.2 million of development funds for new projects and \$1.4 million of additional funding on carryforward projects.
- This leaves approximately \$6.2 million available for appropriation to new projects in FY 2018/19 once the receipt of the SDC revenue is assured.

The board of directors programs the use of SDC funds using a five-year SDC Capital Improvement Plan (CIP). The most recent update of this five-year plan, approved by the board of directors in April 2016, created a project list for the SDC fund, with priority projects identified for funding through FY 2020/21. The project list was updated in March 2017, delaying project timing to reflect reduced available funding projections. The updated CIP reflects an updated cash flow projection, based on the rates resulting from the revised SDC methodology, and anticipates total available SDC resources over the five years of between \$41.7 million and \$54.0 million. An update to the Parks Functional Plan is currently underway and, when completed, will result in an update to the CIP. This is why such a large balance has been left in undesignated appropriations.

While residential construction activity had been at very low levels beginning about six years ago, we have seen notable increases in construction activity over the past few years and our SDC revenue projection reflects continued growth. We have also continued to increase the revenue projection to reflect anticipated revenues from new urban expansion areas such as North Bethany and South Cooper Mountain and new SDC rates from the methodology update in March 2016. Due to the uncertainty in the level of SDC activity, however, the five-year SDC cash flow projections include a revenue estimation reserve that offsets 30% of estimated revenue. This is the reason for the wide range in estimated five-year SDC resources.

The uncertainty over actual SDC revenue in FY 2018/19, plus the timing of its collection are also the reasons that the proposed budget leaves a portion of the available SDC resources in an undesignated project appropriation.

Bond Capital Projects Fund

With the approval by THPRD voters of the \$100 million Park Bond Levy request in November 2008, THPRD has been actively implementing a capital project program to develop the projects included in the bond measure. THPRD issued most of the bond authorization in two separate issues. The first issue of \$58.5 million was issued in April 2009, and the second issue of \$40.1 million was issued in September 2011. As we have previously noted to the budget committee, THPRD was able to issue the bonds at very favorable market rates, resulting in actual bond levy rates well below those estimated in the election materials. The positive interest rate environment in FY 2014/15 made it possible to refinance the 2009 issue at lower rates resulting in a reduction of debt service cost to THPRD taxpayers of approximately 6%. In conjunction with this refinancing, the district also issued the remaining \$1.4 million of authorization under the \$100 million total. In FY 2016/17, favorable rates again allowed for the refinancing of a portion of the 2011 issue resulting in additional cost savings of approximately \$900,000. The combined bond property tax rate for FY 2018/19 is estimated to be 32 cents per \$1,000 of assessed value, well under the projected rate of 37 cents used in the bond levy information.

The FY 2018/19 appropriation is based on available resources in the Bond Capital Projects Fund of \$16.4 million, which is comprised of \$16.2 million remaining of all of the bonds issued after accounting for estimated cumulative project expenditures through June 30, 2018, plus additional revenues from interest earnings. Bond Capital Projects Fund resources are appropriated to individual projects based on estimates used to create the bond levy package placed before THPRD voters. Where actual project costs on completed projects differ from the project budgets, THPRD can reallocate funds to projects within a project category, and, within certain guidelines, between project categories. At this time, the projected overall bond capital program costs are in excess of available funds. The budget reflects only available funds and any shortfall will need to be addressed prior to awarding the contract on the final bond projects that are creating the shortfall.

The estimated cumulative project expenditures from the Bond Capital Projects Fund through June 30, 2018, are approximately \$87.9 million. Five development categories, New Neighborhood Park Development, New Community Park Development, Facility Expansions, ADA/Access Improvements, and Deferred Park Maintenance Replacements, are completed.

Land acquisition activity has also been proceeding and four acquisition categories, New Neighborhood Park Land Acquisition, Linear Park and Trail Land Acquisition, New Community Park Land Acquisition and Community Center Land Acquisition are complete. As of June 30, 2017, 11 neighborhood park sites, two community park sites, and two community center sites, totaling 85 acres, have been acquired under the bond program as well as over 83 acres of natural area and trail corridor.

Other Funds

Debt Service

The Debt Service Fund reflects the revenue and expenditure activity associated with annual debt service on the \$100 million approved by THPRD voters in 2008. This debt service is supported by a separate tax levy.

Special Revenue

The Mitigation Maintenance Reserve Fund houses funds received from private parties in exchange for mitigation rights on THPRD property. The funds received from these parties are to cover the cost of maintaining the mitigated sites in future years.

Looking Forward Beyond FY 2018/19

A hallmark of THPRD budgeting and financial and operational management over the last several years has been the long-term focus applied in decision-making. Over the last 10 years, THPRD's budget has been guided by the Comprehensive Plan and the Long-term Financial Plan and this long-term focus has ensured that key, and sometimes difficult, decisions were made early and crisis responses were not necessary. This has evolved into our efforts to meet cost recovery goals with the intent of establishing capital replacement reserves to ensure that THPRD can continue to provide high-quality facilities and services into the future. Our strong financial planning and our stable position has been recognized by credit rating agencies allowing us to borrow funds at very competitive interest rates, further reducing cost to our taxpayers.

We are maintaining this long-term focus and we continually monitor a forward-looking 10-year projection of our financial position and our deferred maintenance backlog. We are in the middle of a multi-year cycle of unusually large replacement obligations, but we are managing and funding these replacements without significant growth in our deferred replacement backlog. The fact that we are able to also continue funding a Capital Replacement Reserve is also evidence of the success of our financial planning and cost recovery efforts.

We have included the five year operating forecast for the General Fund in the Supplemental Data. The forecast reflects a balanced budget projected through fiscal year 2022, including the funding of the Capital Replacement Reserve. As we continue to move toward our cost recovery targets, this long-term perspective should continue to improve and ensure that we are leaving a legacy of outstanding service and stability for future generations.

Acknowledgments

In closing, I also want to acknowledge the many volunteers who give their time and expertise as well as the community at large who support THPRD through their tax dollars. Without their commitment, THPRD could not exist as we know it today.

THPRD's advisory committees (Nature & Trails, Parks & Facilities, and Programs & Events), as well as special interest groups and individuals, are also to be commended for their time, expert advice and recommendations.

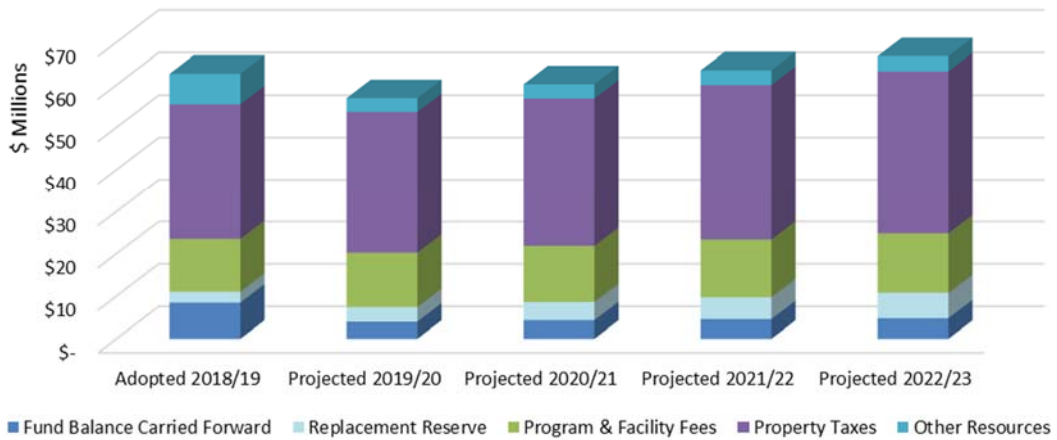

The board of directors and staff strive to keep the Tualatin Hills Park & Recreation District a major partner in enhancing the livability of our area. Staff look forward to meeting with you at 6 pm, Tuesday, April 17, 2018, at your budget committee work session, and sharing with you the Proposed Budget Fiscal Year 2018/19 which has a direct impact on why and how the Tualatin Hills Park & Recreation District enhances the quality of life for the residents we serve.

Sincerely,

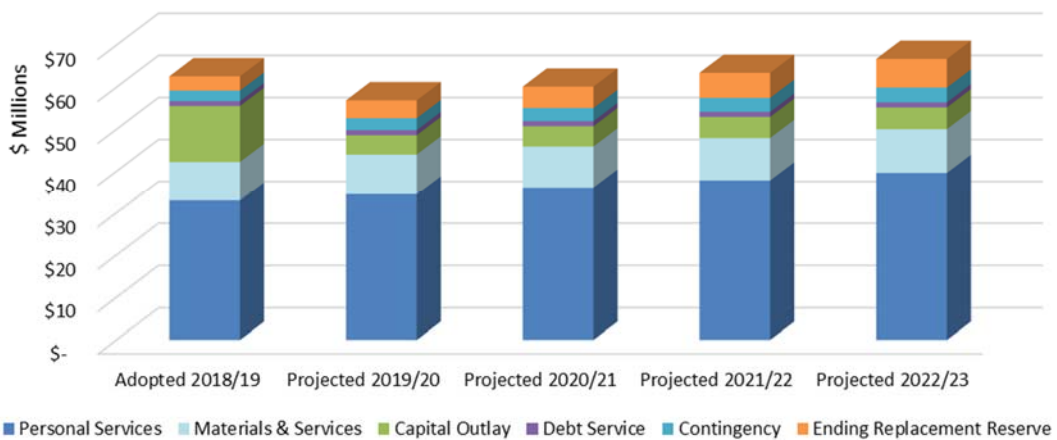

Doug Menke

Present:

Susan Cole	Chair/ Budget Committee Member
Stephen Pearson	Secretary/Budget Committee Member
John Griffiths	Budget Committee Member
Ali Kavarianian	Budget Committee Member
Shannon Kennedy	Budget Committee Member
Wendy Kroger	Budget Committee Member
Anthony Mills	Budget Committee Member
Felicita Monteblanco	Budget Committee Member
Holly Thompson	Budget Committee Member
Doug Menke	General Manager

Absent:

Miles Glowacki	Budget Committee Member
----------------	-------------------------

Agenda Item #1 – Call to Order

The work session was called to order by Chair Susan Cole at 6:05 pm.

Agenda Item #2 – Election of Officers

Shannon Kennedy nominated Stephen Pearson to serve as secretary of the budget committee. Anthony Mills seconded the motion. Shannon nominated Susan to serve as chair of the budget committee. Anthony seconded the motion. Hearing no further nominations, the nominations were UNANIMOUSLY APPROVED.

Agenda Item #3 – Opening Comments

Note: A PowerPoint presentation was used throughout agenda items #3, #4, and #5. A copy of the PowerPoint presentation was entered into the record.

General Manager Doug Menke welcomed everyone to the FY 2018/19 Budget Committee Work Session and outlined the interactive public meeting process. He announced that THPRD received the Government Finance Officers Association's Distinguished Budget Presentation Award for the 14th consecutive year.

A. Guiding Themes/Strategies for FY 2018/19

Doug referenced the Comprehensive Plan Update, Strategic Plan, five functional plans, and Service and Financial Sustainability Analysis as tools staff used to develop the following themes that drove the development of the proposed FY 2018/19 budget:

- Ensure THPRD serves our entire community and eliminates barriers that could limit participation from some segments of our community
- Enhance communication and outreach efforts with patrons and residents

- Maintain and enhance service levels in THPRD parks, trails, natural areas and facilities
- Ensure continuity of service and minimize service disruptions
- Move cost recovery on THPRD services toward established targets

Doug noted that the proposed amount to fund the General Fund budget is just over \$62 million.

B. Diversity & Inclusion

Keith Hobson, director of Business & Facilities, referenced the three pillars of the National Recreation and Park Association: Social Equity, Health & Wellness and Conservation. He noted that social equity is a theme throughout the budget and categorized the current activities THPRD provides to support this pillar:

- Welcoming environment
- Partner support
- Financial assistance
- Targeted programming

Keith stated that to show financial commitment to these initiatives the budget allocated is just over \$2.3 million. In addition, THPRD has created a grant strategy to elevate efforts for additional funding resources.

Shannon Kennedy asked if any staff education was included in the \$2.3 million, such as implicit bias training.

- ✓ Keith replied that training costs are included, and training is given by our diversity and equity coordinator, housed in the Human Resources department.
- ✓ Doug shared that THPRD added implicit bias training during the recent Advisory Committee recruitment.
- ✓ Holly Thompson added that it was also given prior to the board member selection process.

C. Goal Outcomes & Performance Measures

Katherine Stokke, Interim Operations Analysis manager, provided an update on goal outcomes and performance measures and described the process staff used for FY 2018/19, noting that based on board of directors' priorities, eight business plans were completed and proposed to be funded in FY 2018/19.

Agenda Item #4 – Review Proposed 2018/19 Fiscal Year Budget Resources

Keith provided a brief overview of the budget process. He stated that the proposed budget reflects staff's final proposal. The budget committee may make changes, which would be reflected in the approved budget and approved by the budget committee. The board of directors may make limited changes to the budget committee's approved budget, which would be reflected in the adopted budget.

Keith stated that THPRD's total resources for the FY 2018/19 proposed budget are approximately \$117 million. Of the total resources:

- A little over one-third is from beginning Cash on Hand (\$43 million), with nearly 80% of Cash on Hand (\$34 million) in capital carry forwards from the bond, System Development Charge (SDC) and general funds.
- A little over one-third (\$40 million) is from property taxes.
- The balance is from a variety of sources including program user fees, SDC fees, grants, and other income.

Keith explained that there is an approximately 16% increase in resources due to beginning fund balance, SDC revenues and debt proceeds, but noted that otherwise there is little change in resources between FY 2017/18 and FY 2018/19.

General Fund Resources

- The tax levy is based on estimated assessed value. The budget committee will be asked to approve tax levies at the May meeting. The proposed budget was prepared with an estimated increase in assessed value of 4.5%, which is slightly higher than the actual growth in assessed value for FY 2017/18. Taxes have been increased by 3% on existing properties where market value is more than assessed value. New development growth is conservatively estimated at 1.5%, consistent with FY 2017/18.
- The beginning fund balance is projected at \$6.5 million, consistent with the estimate provided in the February midyear budget binder. This amount and the carry forward are both higher due to increased cash carry forward balances and increased project carryovers.
- Program revenue is projected to increase by 7.9% from the FY 2017/18 budget. Program revenue is built from the compilation of all program activities and is based on actual programs, not an overall estimate. The loss of revenue from programs that do not run is offset by costs that are not incurred. The budget is based on minimum levels of participation in classes; as such, more revenue than budgeted is realized on the programs that run over minimum.
- Interest revenue increased 32% mainly due to increases in interest earning rates.
- SDC revenue increased 29% due to continuing development activity in the North Bethany and South Cooper Mountain areas.
- Transfers-in reflect the general fund revenue collected from the bond and SDC funds for project management. This has decreased approximately 28% due to reductions of remaining bond projects and temporary bond staff.
- All other resources remain relatively unchanged from the prior year.

Shannon asked why the Conestoga Recreation & Aquatic Center yields more revenue than other facilities.

- ✓ Keith explained that both recreation and aquatic programs are housed in one facility, generating more revenue.

A. Cost Recovery Targets

Katherine Stokke, Interim Operations Analysis manager, reviewed contact hours and program revenue over the last seven fiscal years and noted that contact hours and program revenue generally track in the same direction and both continue to increase. Cost recovery districtwide has increased despite the decrease in certain departments. This is due to reallocating resources and programs between departments allowing for the shift of indirect costs and moving closer toward overall targets.

Stephen Pearson asked if the cost recovery targets included the impact of the programs outlined earlier in the social equity initiatives.

- ✓ Katherine confirmed that it is included.
- ✓ Keith added that this measures the revenue needed to meet cost recovery goals. Some of the social equity programs are Tier 1 which means they have a zero cost recovery target

Anthony Mills, referring to the slide, requested clarification on the percentages of cost recovery and if the total percentage at the bottom was the total percentage of the column above.

- ✓ Katherine explained it is a weighted average of cost recovery numbers.

Anthony asked why the 16/17 actual is lower or almost equal to the previous year in all categories, but districtwide the number has gone up.

- ✓ Katherine explained programs and special activities had a shift in staffing and allowed the allocation of administrative costs to be more evenly spread.

Shannon Kennedy asked if there was a document in the binder that shows the different tiers of cost recovery.

- ✓ Keith noted that this can be provided in the update packet in May. It is based on the cost recovery pyramid that was adopted as part of the Service and Financial Sustainability Plan. Targets range from zero for Tier 1 activities to 200% for Tier 5 activities. Every facility and every department will have a different cost recovery target depending on the services.

John Griffiths would like to see the targets and the current match because they could be higher than 100%.

- ✓ Keith confirmed this depending on the type of program.

Stephen Pearson asked if fees are increased to try and meet cost recovery targets.

- ✓ Keith answered that there can be an increase in program fees when the calculated fees for classes are not meeting targets, but only up to a certain percentage. He shared the balanced approach to cost recovery:
 - Increase fees
 - Decrease costs
 - Obtain outside funding

Shannon inquired why Nature and Trails dropped 10% from the previous year.

- ✓ Katherine explained that the prior summer season was one week shorter and most of their revenue is generated from summer programs.

Agenda Item #5 – Review Proposed 2018/19 Fiscal Year Budget Resources

A. Operating Expenditures

Keith noted that because THPRD has a balanced budget, appropriations total approximately \$117 million in the FY 2018/19 proposed budget. Total General Fund appropriations are approximately \$63 million, an increase of approximately 17%.

- Personal Services costs increased by 6.1%. The current three-year collective bargaining agreement expires on June 30, 2019, and the budget reflects costs in line with the agreement. A cost of living increase of 4.2% is included, as well as a 6.9% increase for health benefits. Dental benefits and payroll tax rates are unchanged. Based on the most recent valuation dated July 1, 2017, pension costs are budgeted to be 5.8% higher than last year.
- The FY 2018/19 proposed budget reflects the addition of one new full-time position, the conversion of two part-time positions to a new full-time position and conversion of one regular part-time position to a full-time position. The total effect of this is a net increase of three full-time positions and a net decrease of one regular part-time position. THPRD consistently evaluates vacant positions prior to filling as part of ongoing efforts to move toward cost recovery.
- Budget targets for Materials and Services were given an indexed increase of 2.5%. The FY 2018/19 proposed budget includes a 3.3% increase, which includes the indexed increase but also targeted increases in business plans and utility rate increases. Utility rate and utilization changes are reflected in the proposed budget; gas and electricity are anticipated to remain unchanged, while water is projected to increase.
- General Fund capital outlay is up 95% compared to last year due to general fund debt support for two bond projects and increased funding for capital replacements.

Board of Directors

Lori Baker, chief financial officer, provided a brief overview of the Board of Directors appropriations, including:

- Election funding for FY 2018/19 for three positions totaling \$50,000.

Shannon inquired what the \$50,000 covers.

- ✓ Lori explained that Washington County manages the election and allocates the money amongst the agencies involved based on the number of voting constituents in the district.

Administration

Lori provided a brief overview of the Administration budget highlights including:

- Make progress on district goal outcomes
- Implement the Comprehensive Plan Update and Service and Financial Sustainability Plan
- Maintain cooperative relationships with local agencies and organizations
- Drive internal and external diversity initiatives
- Direct bond capital program

Communications & Outreach

Bob Wayt, director of Communications & Outreach, provided a brief overview of the Communications & Outreach Division's budget highlights including:

- Produce annual report to distribute to district households and demonstrate accountability to the public
- Encourage diverse participation at public meetings, events and activities
- Build the district brand

Shannon inquired about the symbolism of the district logo.

- ✓ Bob explained that it represents the diversity of the community and district activities.

John asked for more information on brand development exercises.

- ✓ Bob replied that there is a district marketing plan and the goal is to reach audiences utilizing a wide range of communication tools to meet the needs of the diverse community.

John requested an update on the vehicle wraps.

- ✓ Bob explained that the district completes 12 vehicle wraps per year, which is proposed in this budget.

John asked when the annual report will be released.

- ✓ Bob replied that completion is expected in FY 2018/19.

Felicita Montebianco asked how district perception will be measured.

- ✓ Bob replied that scientific surveys are effective, but costly. Informal surveys are an option and can be done on-line or at community events.

Security Operations

Mike Janin, superintendent of Security Operations, provided a brief overview of the Security Operations Department's responsibilities and budget highlights including:

- Continue to promote safe parks
- Continue to investigate encroachments on THPRD property

- Continue to manage security and fire suppression systems, keyless access controls, and security camera systems
- Continue partnerships with local law enforcement agencies and the Beaverton School District
- Continue to update the Parent Reunification plan
- Fund an additional 800 hours for park patrol staffing

John asked for an update on the number of encroachments.

- ✓ Mike replied that encroachments have been decreasing due to staff's collective efforts.

Anthony inquired whether park patrol receives training regarding how to deal with different populations, specifically regarding bias.

- ✓ Mike shared that staff receive the same trainings as local law enforcement teams. Park patrol staff are ambassadors for the district and interactions consistently remain professional.

Shannon asked if Mike has had to defend one of his park patrol staff from public complaints.

- ✓ Mike replied that he has not.

Chair Cole asked if there has been any noticeable change in the camping population.

- ✓ Mike replied the amount of camps are increasing from year to year. Park Patrol staff locate camps on routine patrols and respond to calls from patrons. Staff respond quickly to the camps and provide information regarding available resources in Washington County.

Chair Cole inquired if there are campers that repeatedly return after removal.

- ✓ Mike replied that on occasion they return.

John asked if camping increases during warmer weather.

- ✓ Mike confirmed this.

John questioned whether they are locals or those moving through the area.

- ✓ Mike provided more information on Washington County resources.

Holly referenced a report that four out of five homeless identify as a local Beaverton resident.

Anthony described an enhanced sheriff patrol district in the area that moves people from one location to another that results in keeping them moving around. He also added that more public shelters open during the colder months explaining the reduced numbers of campers on THPRD property in the winter.

Chair Cole asked how staff patrols parks and trails that have very large or isolated areas such as the Jenkins Estate or Nature Park.

- ✓ Park patrol utilizes both cars and bicycles.

Anthony asked if light rail tickets are given out.

- ✓ Mike confirmed when they are available.

Keith followed up on patrolling large, remote areas and informed the committee that the district is proposing in the budget document to purchase a drone to be shared by Design & Development, Maintenance and Security Operations.

Community Partnerships

Geoff Roach, director of Community Partnerships, provided a brief overview of the Community Partnerships Division's responsibilities and budget highlights including:

- Completion of the capital campaign for SW Quadrant Community Park
- Efficiently increase collaboration and funding for programs for people experiencing disability
- Scholarship program assessment and action plan for broader community collaboration
- Continue Tualatin Hills Park Foundation's (THPF) growth and advancement towards sustainability
- Deepen partnerships among THPRD, THPF and community leaders

Shannon asked if donors expect their donations to go to a specific project or element.

- ✓ Geoff explained that the capital campaign is project specific but the program fund is designed to raise money for Access for All programs.

Anthony inquired if donations go through THPF so that they can be considered a tax write-off.

- ✓ Geoff confirmed that giving to both the district and THPF is tax deductible.

Anthony asked if anyone donates via their estate.

- ✓ Geoff replied that planned giving is not currently pursued, but perhaps in the future.

Holly commented on flexibility of donations and asked whether there is an opportunity in the future to focus on community initiatives such as swimming lessons.

- ✓ Geoff agreed this would be beneficial, but it is key to focus on fewer initiatives in order to ensure they are thoroughly addressed.

Business & Facilities

Keith provided an overview of the Business & Facilities Division's budget highlights including:

- Continue project oversight of the bond and SDC capital improvement and the general fund maintenance programs
- Strategic land acquisition targets in new urban service areas
- Continue ongoing legislative advocacy
- Continue pursuit of public and private partnerships
- Budget includes funding to initiate a community visioning process
- A higher debt service due to debt issuance to support two bond projects

Keith noted that the total appropriation for the entire Business & Facilities Division is approximately \$20 million, a 9% decrease over FY 2017/18. The decrease is attributed to reorganizations in Maintenance Operations, and moving staff from Maintenance to the Nature & Trails department to consolidate trails maintenance activity.

Finance Services

Lori provided a brief overview of the Finance Services Department's responsibilities and budget highlights including:

- Funding for two temporary positions to backfill existing staff implementing the financial software replacement was carried over to FY 2018/19

Shannon asked the cost to implement the new financial software system.

- ✓ Keith explained that because the cost of the software was carried forward and there will be no additional funding necessary for implementation. Part-time staff and licensing increases were anticipated in this budget cycle.

Shannon asked how long the current system has been in place.

- ✓ Keith replied approximately 20 years, though it has been through several upgrades.

Shannon asked about long-term viability of the new software vendor.

- ✓ Lori replied that will be considered as part of the RFP selection process.

Risk & Contract Management

Mark Hokkanen, Risk & Contract manager, provided a brief overview of the Risk & Contract Management Department's responsibilities and budget highlights including:

- Support annual accreditation of Oregon OSHA Safety and Health Achievement Recognition Program (SHARP)
- Reduce claim costs and improve employee injury recovery rates through Risk Management Steering Committee initiatives
- Enhance Employee Wellness Program through collaborations with Human Resources Department
- Enhance Sheltering in Place and Parent Reunification programs with Security Operations Department
- Provide increased procurement opportunities for Minority, Women and Emerging Small Businesses (MWESB)

Shannon inquired if the MWESB practice is working.

- ✓ Mark confirmed that it is working.

Shannon asked if the MWESB vendors are offering competitive bids.

- ✓ Mark confirmed that they are competitive.

Stephen asked if there are measurement stats to track MWESB.

- ✓ Keith responded that the current financial software does not have the ability to track MWESB but is being considered as part of the new software capabilities.

Shannon asked how many contracts are being managed.

- ✓ Mark replied that there are 150 two-party agreements plus additional purchasing agreements that follow MWESB policy.

Anthony asked if the district is prepared for an earthquake disaster.

- ✓ Mark replied that a plan is in place in the district's Emergency Response Plan. He added that next month is earthquake awareness and training is scheduled for staff.

John inquired about the total lease revenue.

- ✓ Mark responded that cell tower leases total approximately \$120,000 and rentals for single-family residences total between \$30,000 to \$40,000.

John asked for clarification on the performance standards workers compensation experience modification ratios, with THPRD's being 0.75 or better.

- ✓ Mark replied that experience modification is a national standard that uses work classification and industry standards to calculate the ratio. Anything below one is above average. The loss ratio is our payment going out on our claims vs the premiums.
- ✓ Keith added that these numbers are exceptional for an organization like THPRD, and THPRD is receiving good premiums.

Shannon asked if we can purchase new insurance outside the risk pool.

- ✓ Keith replied that it is not set up to do so and would not be cost effective.

Shannon asked if the SHARP program offers a discount to THPRD.

- ✓ Mark replied that it does not.

Chair Cole asked if being part of the special districts pool includes fire districts and water districts.

- ✓ Mark confirmed this and stated there are approximately 900 special districts in Oregon.

Information Services

Clint Bollinger, Information Services manager, provided a brief overview of the Information Services Department's responsibilities and budget highlights including:

- Deployment of desktop replacements, providing daily support and maintaining PCI compliance
- Carry forward the telephone replacement funds
- Provide support for new financial system replacement

Anthony asked for an explanation on PCI compliance.

- ✓ Clint replied that PCI stands for Payment Card Industry and is the surety standard for accepting credit card payments.

Felicita inquired if emails for part-time employees is in the future from a standpoint of district communication with staff.

- ✓ Clint replied that it has been discussed and staff are evaluating the cost impact. THPRD has a large pool of rotating staff and this would amount to approximately 1,500 email accounts.
- ✓ Keith added that another issue is part-time staff often work infrequently, resulting in slow response time to emails. There are a number of part-time staff that have a THPRD email account and each position is evaluated for issuance of an email account.

Stephen asked about protection of the new financial software.

- ✓ Clint replied that he is involved in the steering committee and provides support in terms of the technical operations to ensure the registration system will be compatible with the new software.

Shannon asked if there were security checks to verify the security of our network and personal information.

- ✓ Clint replied that the district utilizes a third-party contractor who manages and reports back on firewalls and network issues. Our network is encrypted and kept behind a managed firewall and no personal data is shared outside THPRD.
- ✓ Keith added that this topic will be in the upcoming RFP for financial system software.

Holly asked for an update on recurring credit card payments.

- ✓ Clint responded that there is a tentative pilot program anticipated to begin mid to late summer and go live mid to late fall.

Holly inquired if our registration system is scheduled for evaluation or replacement.

- ✓ Clint responded that while it is an old system, staff makes improvements to stay current within the infrastructure. Staff will be looking at a long-term strategic plan over the next couple of years.
- ✓ Doug added that it is a high-functioning program and well appreciated by patrons. Modifications have been made to allow ease of use and manage our patrons' specific needs.

Anthony asked if the district's social media is protected from potential hacking.

- ✓ Clint shared that the more systems in operation causes the potential risk to increase. The goal is always to be on alert to prevent potential problems.

Anthony asked if the users and passwords of staff updating social media are tracked.

- ✓ Clint replied that IS does not track social media account passwords; it is managed at the facility level and in the Communications Department. All internal servers are managed by IS and password changes happen periodically.

Shannon asked if this is tracked on the server or in the cloud.

- ✓ Clint explained that the district has physical servers but runs a virtual environment and is also looking into utilizing a certified government cloud.

Anthony commented that THPRD should have a plan in place to protect its social media from hacking and potential associated negative press.

Operations Analysis

Katherine provided a brief overview of the Operations Analysis Department's responsibilities and budget highlights including:

- Identification of process improvements for Service and Financial Sustainability Plan and cost recovery goals
- Complete Strategic Energy Management cohort through the Energy Trust of Oregon and develop long-term strategies for energy savings
- Assist with financial software implementation

Human Resources

Nancy Hartman Noye, Human Resources manager, provided a brief overview of the Human Resources Department's responsibilities and budget highlights including:

- Carry out phase II of the internal diversity development plan which includes supervisory staff trainings
- Develop and implement NEOGOV employee "off-boarding" system
- Prepare for negotiations for a successor collective bargaining agreement (CBA)

Felicita clarified that all supervisory staff will receive specified diversity trainings.

- ✓ Nancy confirmed.

Shannon asked the number of employees for the district.

- ✓ Nancy replied that there are 176 full-time employees, 20 regular part-time and 695 part-time depending on the season.

Shannon inquired about the number of employees represented in the collective bargaining agreement.

- ✓ Nancy replied of the 176 full-time employees, 158 are represented under the CBA.

Shannon inquired which classifications are represented under the CBA.

- ✓ Nancy indicated that all full-time classifications are represented.
- ✓ Keith added that all full-time and regular part-time employees who are not exempt are covered under the CBA with Oregon School Employees Association (OSEA).

Maintenance Operations

Jon Campbell, superintendent of Maintenance Operations, provided an overview of the Maintenance Operations Department's responsibilities and budget highlights including:

- Reorganization of the parks and athletic facilities programs
- Pursue Strategic Energy Management incentives through the Energy Trust of Oregon

- Continue to monitor new service model

John commented on the organizational chart for maintenance and inquired if there is sufficient work for the coordinators and what their duties are.

- ✓ Jon replied that each coordinator manages both full-time and part-time staff and average 60 park sites. The coordinators role is to perform site inspections and make sure standards are being met.

Shannon noted that maintenance reorganizations have happened previously.

- ✓ Keith replied this process has been evolving over time from functional specialization to site-specific ownership.

Anthony asked what average percent of DSL means.

- ✓ Jon replied that DSL is desired service level.

Shannon asked if the desired service level affects employee morale.

- ✓ Keith shared this is a macro-level indicator and doesn't believe it drives down employee morale. It is an indicator of how the district funds the maintenance department. Should those levels decrease then more resources may need to be directed to maintenance
- ✓ Jon added that staff do not see the DSL.

Chair Cole expressed concern with increased water rates.

- ✓ Jon replied that the department is in the fourth year of water conservation and have been able to stabilize costs given the higher rates.

Chair Cole asked if there was a possibility of water reuse or mitigation with other local agencies.

- ✓ Jon replied that it was something staff will look into.
- ✓ Keith indicated that communication and outreach with the public has taken place to educate park users of THPRD's water conservation plan.

Wendy Kroger noted that disc golfers at Greenway Park expressed excitement to have the ability to talk with maintenance staff and being involved in the discussions of possible changes there.

John asked about the progress of the park signage replacements and if there are any left.

- ✓ Jon replied that the replacement of the wooden signs is complete.

Holly commended the innovation and creativity of district staff to improve services.

Anthony shared that he noticed at a Hillsboro High School the irrigation running during a rainy day and asked if that would happen at THPRD.

- ✓ Jon replied that our automated irrigation system would automatically shut off water in that situation.

Planning

Jeannine Rustad, superintendent of Planning, provided a brief overview of the Planning Department's responsibilities and budget highlights including:

- Creation of a full-time land acquisition specialist
- Continue land acquisition with focus on underserved areas as well as future growth areas through baseline GRASP analysis
- Continue implementation of grant strategy
- Continue working with City of Beaverton on the urban service agreement
- Continue to participate in local and regional planning projects

Shannon asked what GRASP stands for.

- ✓ Keith replied Geo-referenced Amenities Scoring Protocol, which is a numerical scoring system for quality and quantity of parks and how well communities are being served.

Design & Development

Gery Keck, superintendent of Design & Development, provided a brief overview of the Design & Development Department's responsibilities and budget highlights including:

- Complete master plan phase of the NW Neighborhood Park and NW Youth Athletic Field projects
- Continue master plan phase of the Beaverton Creek Trail
- Oversee construction of the Cedar Hills Park Redevelopment project
- Begin construction on Bonny Slope trail and Crowell Woods Park
- Fund a full-time Engagement & Partnership Specialist

John inquired about the role of the new position.

- ✓ Gery replied that this position would help with multiple departments and ensure the community engagement process is inclusive, culturally responsive and will actively seek input and participation from communities of color and diverse backgrounds. Gery shared a recent success in public outreach utilizing an outside consultant that the new position would perform.

John asked what jurisdictional agencies would the new position work with.

- ✓ Keith responded that the new position would primarily work with the community-based organizations and groups the district is trying to reach.

Holly noted her excitement about this position to not only reach out to the community but to build a strong culture of connectivity within the organization as well.

- ✓ Bob shared that he has a similar position in his department as well as one on the programming side. The goal is for these positions to work closely with one another and staff throughout the organization. Scheduled meetings will be taking place to share outreach strategies and knowledge.

Park & Recreation Services

Aisha Panas, director of Park & Recreation Services, provided a brief overview of the Park & Recreation Services Division's responsibilities and budget highlights including:

- Transfer of maintenance staff to various program facilities
- Budget narratives restructured to reflect NRPA's three pillars: Social Equity, Health & Wellness and Conservation
- Achieved accreditation through the Commission on Accreditation of Park & Recreation Agencies (CAPRA)
- Natural Resources and Trails has changed to Nature & Trails
- Funding for Rec Mobile expansion and upgrade of support staff at Sunset Swim Center

Shannon inquired about the cost associated with the CAPRA accreditation process.

- ✓ Aisha replied that CAPRA fees are based on the size of the organization's budget; for THPRD, the fee was \$3,300. THPRD hosted a three-person visitor group to review the CAPRA submittal and those expenditures are reflected in the Office of the Director budget.

Shannon asked if being certified helps secure grant funding or has other benefits.

- ✓ Aisha replied that this was used as a succession planning tool. Seasoned staff members were paired with newer staff to gather the information needed to meet the standards. It is a compilation of pertinent information that existed but is now documented and shared.

Aquatics

Sharon Hoffmeister, superintendent of Aquatics, provided a brief overview of the Aquatics Department's responsibilities and budget highlights including:

- Continue to offer high quality programs
- Focus on staff recruitment to meet programming demands
- Expand Hire to Train lifeguard recruitment program
- Expand Make a Splash swim lessons
- Fund a support position at Sunset Swim Center

John asked how aquatics is managed at the Conestoga Recreation and Aquatic Center.

- ✓ Sharon replied that although it is combined with a recreation facility, staff ensures that aquatic program management is consistent.

Sports

Keith Watson, superintendent of Sports, provided a brief overview of the Sports Department's budget highlights including:

- Repurposed vacant position to support adaptive and inclusive recreation
- First year of programming at Mountain View Champions Park
- Continue development of community partnerships to expand districtwide Access for All initiative
- Continue implementation of the Athletic Facilities Functional Plan, emphasizing emerging sports such as pickleball, cornhole and archery
- Incorporate permanent pickleball courts and futsal courts at local parks
- Strengthen working relationship with the Beaverton School District

John asked where the cornhole tournaments are being held.

- ✓ Keith replied that they are held offsite at the Craft Pour House and will be expanding to Progress Ridge.

Shannon asked the reason for the \$770,000 increase.

- ✓ Keith replied that a sizable portion is from the movement of maintenance staff.

Recreation

Eric Owens, superintendent of Recreation, provided a brief overview of the Recreation Department's responsibilities and budget highlights including:

- Expand cultural programs and special events
- Add Spanish Immersion preschool
- Provide families in need access to 9-month preschool
- Expand Rec Mobile programming
- Continue strategy development with Community Engagement Specialist

Holly asked if the free fitness programs in the park will continue.

- ✓ Eric confirmed that they will continue.

Anthony asked how often the Rec Mobile is utilized.

- ✓ Eric replied almost 7 days a week during the summer months.

Shannon asked the reason for the \$2 million variance.

- ✓ Keith replied that the increase is primarily due to the transfer of maintenance staff and related costs to the facilities they are servicing. This funding was previously included in the Business & Facilities budget.

Community Programs

Deb Schoen, superintendent of Community Programs, provided a brief overview of the Community Programs Department's responsibilities and budget highlights including:

- Continue collaboration with the City of Beaverton to provide community events and programs
- Expand funding to provide outreach for the community garden program
- Continue to improve volunteer recruitment process
- Continue to develop a framework for the continuous improvement of THPRD facilities for people experiencing disability

Chair Cole asked about events outside the city of Beaverton.

- ✓ Deb replied that the district partners with some areas of unincorporated Washington County, such as the Cedar Mill Cider Festival.

Felicita suggested partnerships with local libraries.

Chair Cole requested an update on the Jenkins Estate concessionaire.

- ✓ Deb shared that the new concessionaire is Dalton's NW Catering and that event bookings are picking up.

Chair Cole asked if there is any knowledge of the widening of Grabbhorn Road.

- ✓ Keith replied that he was not aware of any plans.

Anthony asked if the concessionaire utilized the gatehouse.

- ✓ Deb replied that the gatehouse will host a 3-day per week preschool class out of the Nature & Trails department that has proven successful.

Anthony asked if there was any way to expand services at Camp Rivendale.

- ✓ Deb explained that it is used for a day camp for children and adults with developmental disabilities and is run out of the Athletic Center.
- ✓ Doug mentioned that Dalton's has access to host events at Camp Rivendale when summer camp is not in session and it is a well-utilized park. He added that the summer camp program has been noted as the sole outdoor experience in the metro area for people experiencing disability.

Holly expressed her support for additional event planning in unincorporated Washington County.

Nature & Trails

Bruce Barbarasch, superintendent of Nature & Trails, provided a brief overview of the Nature & Trails Department's responsibilities and budget highlights including:

- Maintenance team transfer
- Addition of grant money for Fanno Creek Greenway
- Additional funds for new park acreage

Chair Cole asked if Cooper Mountain was owned by Metro.

- ✓ Bruce confirmed this and added that it is co-managed with THPRD.
- ✓ Doug explained the history of the partnership with Metro and the inception of the park.

Felicita asked about budget items for advisory committee's in relation to training on values.

- ✓ Aisha replied that the funding for that effort is in the Office of the General Manager and includes training and supplies.

B. Capital Expenditures

Keith provided an overview of the General Fund Capital Projects.

- Information Services capital and Maintenance Operations equipment may be found in their respective department budgets.
- Projects are prioritized toward maintenance replacements and some selected improvements.
- Total replacement funding is approximately \$5 million, which includes Information Services and Maintenance Operations capital.
- Capital projects funded by outside sources include approximately \$1.7 million from grants.
- The total carryforward balance is \$2 million, plus additional funding of \$400,000 for a total of approximately \$2.4 million.
- One reason for the increase in capital funding is the anticipation of issuing \$4 million in debt for the completion of two bond projects.
- Energy saving capital improvements include:
 - HVAC improvement at HMT Athletic Center and Sunset Swim Center
- Challenge grant allocations of \$75,000 which provides funds to friends groups and advisory committees.
- Replacement projects to note:
 - Replacement of the two synthetic turf fields at PCC Rock Creek
 - Replacement of the decking and pool tank surface at Raleigh Swim Center, plus partial funding for the first phases of a pool tank resurface and deck replacement at the Conestoga Recreation and Aquatic Center
 - Replacement of bridges and boardwalks at five sites
 - Resurfacing tennis courts at 3 sites, including Roxbury Park, Ridgecrest Park and Rock Creek Landing Park
 - Repairs and initial design work for roofs at the Athletic Center and Fanno Creek Service Center
- Investments in items to improve employee safety and new funding to address ADA improvement items identified through the recently completed ADA Transition Plan.

Keith explained that the Capital Improvement Plan (CIP) section lists all capital expenditures regardless of funding source. The section contains tables that show capital outlay for FY 2018/19 and a five-year projection, and shows the source of funding for this capital. The project summary pages include projections of available funding for the General Fund and SDC fund.

Keith noted that the CIP section includes the unfunded capital and deferred replacements. The unfunded capital list includes maintenance replacement items as well as new capital requests from staff. Unfunded capital is categorized by severity of need. Overall, the level of unfunded capital has decreased significantly from FY 2017/18; it is down in all categories.

Keith stated that the amount of replacements due in FY 2018/19 is approximately \$2.7 million. This amount is on the low end of the average, which ranges between \$2.5 and \$3 million. This was previously a higher amount, but we've adjusted the replacement of the roof at Fanno Creek Service Center due to its condition. Beginning deferred maintenance backlog was \$3.1 million. With an additional increase of \$760,000 due to cost adjustments, the total replacement funding needed is \$6.6 million. With \$5 million available to be funded in FY 2018/19, the resulting backlog projected for June 30, 2019 is approximately \$1.6 million.

Keith reviewed the backlog balances over the last 10 years, noting the backlog peaked in 2010 and generally has trended downward since. He noted obligations are at or below normal until FY 2022/23 when the Fanno Creek Service Center roof replacement would be due along with synthetic turf on HMT field 1. He noted that between now and then we should be able to eliminate the backlog balance and continue to fund the replacement reserve. The benefit of the replacement reserve fund is when its fully funded it will be the source of major replacement funding. It is not necessarily THPRD's goal to get the deferred balance to zero as some replacement deferrals are intentional due to condition of assets. Maximizing the useful life of THPRD's assets ensures that THPRD receives the best value for its investment.

John recalled when the deferred replacement backlog was substantial and commended the accomplishment to see it decrease.

- ✓ Keith commended all for the ability to adhere to financial policies to reach this goal.

Shannon added that, as a citizen member, this is a great demonstration of how financially stable the district is.

- ✓ Doug added that the district could not do this without the budget the public provides, the budget committee and board in this process and the commitment to stay the course. The district is fortunate to have exceptional staff to manage the budget.

Keith reviewed the level of funding for replacement items, showing an overall trend of increasing funding for capital replacements. Based on the last five years and through FY 2018/19, THPRD has made consistently high levels of maintenance replacement funding. He noted that while there may always be some backlog due to condition of assets, the backlog would not be due to funding limitations. He showed the budget committee examples of replacements that demonstrate our backlog in terms of assets used by the public.

John asked whether the replaced synthetic turf fields are recycled.

- ✓ Gery answered that typically that is left up to our sole source vendor, FieldTurf, and they have a few recycle programs. They have the ability to separate the sand from the crumb rubber for recycling purposes.

Keith reviewed THPRD's reserve fund for major replacement items, noting that the available replacement funding the past two fiscal years and the proposed FY 2018/19 budget are net of \$850,000 each year, which is being appropriated into the replacement reserve fund. The amount of funding for the replacement reserve is based on a sinking fund calculation that sets aside the cost of replacing an asset over the life of the asset, which was a key recommendation of the Service and Financial Sustainability Plan. The \$850,000 annual contribution reflects the current year funding need plus a contribution to the unfunded balance from prior years. The total reserve fund balance includes the backlog items already at the end of their useful life, and includes the portion of used life of all other major assets that will need to be replaced. A portion of the replacement reserve will be used to fund major replacement items. This is based on the portion of the asset replacement cost that had been funded over the last three years which totals \$408,000. If the replacement reserve was fully funded by the time the Fanno Creek roof project was due, then this would be the source of the funding.

Keith noted that routine replacements are being calculated similarly to FY 2017/18. The total asset base for routine assets is over \$60 million, with an estimated replacement reserve liability of approximately \$30 million. Staff will continue to measure the routine replacements liability each year and prioritize funding to maintain the backlog at an appropriate level; however, the routine replacements reserve will not be funded until the major replacements reserve is fully funded in about 4 to 5 years.

Shannon asked about any tax or audit implications with a replacement reserve.

- ✓ Keith shared that there are not. Other organizations have similar replacement reserves.

Chair Cole asked if the major replacement reserve is carried in the General Fund.

- ✓ Keith replied that currently this is in the General Fund but staff are investigating how to separate it in the future.

Chair Cole inquired if the synthetic turf replacement would be eligible for SDCs.

- ✓ Keith replied because this is an existing asset and we are not increasing capacity, it is not eligible.

Holly noted the importance of communicating what the replacement reserve is for especially when considering any upcoming bond.

- ✓ Keith added that some of these are amenities to keep facilities operational, such as pool tanks and HVAC systems. Others are more general infrastructure, such as fences and pathways.

C. Special Revenue, Debt Service, and System Development Charge

Aisha explained that THPRD allows developers to use THPRD property to mitigate their impact to wetland areas or buffers around streams. Fees collected from these projects are placed in a Special Revenue Fund to be used to maintain the sites.

Keith provided an overview of THPRD's Debt Service Fund that accounts for the repayment of principal and interest of THPRD's General Obligation Bonds.

- Repayment of the \$69 million outstanding bond balance from the \$100 million 2008 bond levy is funded through a separate property tax levy.
- The levy amount is set based on the annual debt service payment required and the rate is then determined based on the total assessed value.
- The total levy amount needed is \$7.7 million and based on the projected growth in assessed value results in a property tax rate of \$0.32 per thousand, which continues to be well below the projected rate of \$0.37 stated in the 2008 election materials.
- This lower rate is due to a combination of the favorable market conditions at the time of the original issue and refinancing, but also due to THPRD's strong credit ratings.

Chair Cole inquired if the Urban Renewal Districts affect this levy.

- ✓ Keith confirmed it would have incremental impacts on the current year.

John asked when the bonds will be paid off.

- ✓ Keith confirmed that 50-55% would be paid off by 2027 and the remainder by 2029. The refinance of the bond allowed for a lower rate and a shorter term.

Keith provided an overview of the System Development Charges (SDC) Fund projects:

- Although increased SDC revenues were anticipated two years ago due to the new rates and the new urban growth areas, staff have scaled back the increases and used a lower revenue estimate in the current year. The projection for 2018/19 is again for an increase based on detailed projections of building permit activity.
- Strong current year revenues will likely exceed the current year budgeted revenue by \$1 to \$2 million.
- Carryforward projects were included in the FY 2017/18 adopted budget. Approximately \$1.4 million is proposed to be added in FY 2018/19.
- The Parks Functional Plan is currently being updated which will lead to an update of the SDC Capital Improvement Program.

- Approximately \$8 million is available for new acquisition and development project commitments.
- Approximately \$6.8 million is budgeted for new land acquisitions. This funding, along with carryforward funding of \$6.2 million, will allow the district to meet projected acquisition obligations in North Bethany and South Cooper Mountain.
- Approximately \$1.2 million is budgeted for new development projects. This funding will help provide matching funds on park and trail grants and to leverage improvements with local partners.
- New development commitments will be adjusted to respond to the needs identified in the updated functional plan and CIP.

Chair Cole asked for additional explanation regarding using debt for the two identified bond projects versus SDCs.

- ✓ Keith replied that after board discussion it was decided to fund the shortfall utilizing both funds. The SDCs will fund the contingency, meaning if we don't need it, we don't spend it. The debt will fund hard costs beyond the contingency. SDCs were not solely used in order make sure that the district could meet obligations for new parks in the expansion areas.

Chair Cole inquired if there were differing SDC rates for expansion areas in South Cooper Mountain and North Bethany.

- ✓ Keith confirmed this and explained that the difference is approximately \$2,000 per single family unit, based partly on land cost in those areas.

D. Bond Capital Projects

Keith provided an overview of the Bond Capital Projects Fund:

- The carryforward is estimated at \$16.4 million, based on expenditures to date.
- The Bond Fund Overview by project illustrates project appropriations included in the bond levy.
- Staff project a budget shortfall of approximately \$4 million based on estimated project costs, primarily due to the Cedar Hills Park and the Somerset West Park redevelopment projects. The budget reflects available funds, and the appropriations for the projects with budget shortfalls do not cover the full estimated cost of these projects. Cedar Hills Park is currently out for bid. Results due by the end of the week will give a better estimate on project cost.
- The bond capital program is nearing completion. Nearly \$88 million of bond funds have been expended and many project categories have been completed.
- The Parks Bond Citizen Oversight Committee continues to monitor the bond capital program to ensure THPRD meets the commitments made in the bond levy. The committee completed their 10-year charter and delivered their final report to the board in April. This was an update to the full 2016 report due to the limited amount of remaining work to be done.

Gery and Bruce showed pictures of various bond projects and explained the status of the different bond areas including:

- New Community Park Development
- Renovate and Redevelop a Community Park
- Renovate and Redevelop a Neighborhood Park
- Natural Area Preservation
- Natural Area Acquisition

Miles Glowacki	Budget Committee Member
Ali Kavianian	Budget Committee Member
Shannon Kennedy	Budget Committee Member
Wendy Kroger	Budget Committee Member
Felicita Monteblanco	Budget Committee Member
Holly Thompson	Budget Committee Member
Doug Menke	General Manager

Absent:

Stephen Pearson	Secretary/Budget Committee Member
John Griffiths	Budget Committee Member
Anthony Mills	Budget Committee Member

Agenda Item #1 – Call Meeting to Order

The meeting was called to order by Chair Susan Cole at 6:30 pm.

Agenda Item #2 – Approve April 17, 2018 Work Session Minutes

Ali Kavianian moved the budget committee approve the minutes of the April 17, 2018 Budget Committee Work Session. Wendy Kroger seconded the motion. The motion was UNANIMOUSLY APPROVED.

Agenda Item #3 – General Budget Information

Keith Hobson, director of Business & Facilities, announced that tonight is the second and final meeting of the budget committee to review the district's FY 2018/19 budget. At the conclusion of the meeting, staff will request the budget committee approve the budget and property tax levies.

Keith reviewed the property tax levies to be approved at tonight's meeting.

- The General Fund Property Tax Levy is based on a permanent tax rate of \$1.3073 per \$1,000 of assessed value. The actual amount received is dependent on the total assessed value as determined by Washington County; staff anticipate a 4.5% increase over the current year.
- The Bonded Debt Fund Levy is based on the amount needed to satisfy principal and interest payments on the district's voter-approved general obligation bonds. Staff determined the amount needed and the tax rate will be dependent on the total assessed value. For FY 2018/19, staff determined the amount to be \$8,170,338.

Agenda Item #4 – Review Budget Information

Keith Hobson, director of Business & Facilities, provided a brief overview of the additional information requested at the April work session as contained within the budget committee's information packet for this evening, which included the following:

- Cost Recovery Pyramid identifying cost recovery targets and list of service types for each tier of the pyramid.
- Detailed informational report regarding actual cost recovery results from 2016/17 as compared to 2015/16.
- 2016/17 Cost Recovery Report for the Conestoga Recreation and Aquatic Center.

Keith thanked the budget committee members for their time and expertise in serving the residents of the Tualatin Hills Park & Recreation District.

Agenda Item #5 – Public Comment

There was no public comment.

BUDGET DOCUMENT ORGANIZATION

THPRD accounts for its operations both by line-item (the category of the revenue or expenditure) and by cost center (the sub-program, program, department, division or fund in which the activity occurs). This budget document is organized by cost center and the following table shows the organization structure of each cost center level, along with the type of information presented for each level.

Cost Center Level	Definition	Information included in the budget document
Fund	A fiscal and accounting entity with a self-balancing set of accounts. The funds for THPRD are: <ul style="list-style-type: none"> • General Fund • Special Revenue Fund • Debt Service Fund • System Development Charges Fund • Bond Capital Projects Fund 	<ul style="list-style-type: none"> • Narrative description of the fund and its purpose. • Summary of historical and estimated resources. • Summary of historical and adopted expenditures. • Graphs of historical and adopted resources and expenditures (General Fund only).

BUDGET DOCUMENT OVERVIEW

In compliance with the State of Oregon Local Budget Law, the Tualatin Hills Park & Recreation District (THPRD) adopted budget, for the year beginning July 1, 2018 and ending June 30, 2019, is presented as adopted by THPRD's board of directors. As prepared, proposed and approved by the budget committee, and adopted by the board of directors, the adopted budget is intended to serve as:

1. A financial plan for the next fiscal year (2018/19), outlining the forecasted expenditure requirements and the adopted means for financing these requirements.
2. An operational plan for the use and deployment of personnel, materials and services and other resources during the 2018/19 fiscal year.
3. An operations guide for programs and department goals and objectives.

Budgetary Accounting Basis

The budgetary and accounting policies contained in the adopted budget conform to generally accepted accounting principles as established by the Governmental Accounting Standards Board. THPRD's accounts are organized on the basis of funds, each of which is considered a separate budgetary and accounting entity. Within the annual budget, THPRD's various funds are grouped into governmental fund types, which include the General Fund, Other Funds (Special Revenue), Debt Service Fund, System Development Charges Fund, and Bond Capital Projects Fund.

In accordance with generally accepted accounting principles, all governmental funds are both budgeted and accounted for using the modified accrual basis of accounting with revenues being recorded when measurable and available and expenditures being recorded when the goods or services are received, except for principal and interest on long-term debt and accrued vacation, which are recognized as expenditures to the extent they have matured. Capital asset acquisitions are reported as expenditures in the governmental funds, and proceeds from long-term debt are recorded as other financing sources.

Budget Process

THPRD budgets all funds that are subject to the requirements of state local budget law. The budgeting process includes: citizen input through various stages of preparation, public budget committee meetings, approval of the proposed budget by the budget committee, public hearing, and adoption of the budget by the board of directors.

Balanced Budget

In accordance with Oregon Budget Law, THPRD must plan its budget with an equal amount of resources and requirements, thereby meeting the definition of a balanced budget. This ensures that THPRD does not spend more on goods and services than its available resources can provide for them.

Budget Management

The board of directors' resolution authorizing appropriations for each fund sets the expenditure limits that cannot be exceeded. These appropriations are made by Organization Unit totals for each fund. For the General Fund, these Organization Units are in turn based on Divisions within THPRD:

Board of Directors - includes personnel services costs and materials and services costs including Legal, Audit, and Elections.

Administration - includes personnel services costs and materials and services costs for the Division.

Business & Facilities - includes personnel services costs and materials and services costs for the Division, debt service cost on General Fund supported debt, and capital outlay for information technology and maintenance equipment.

Park & Recreation Services - includes personnel services costs and materials and services costs for the Division.

Capital Projects - includes capital project costs for general capital replacements and improvements.

Contingency - includes the General Fund contingency appropriation.

Capital Replacement Reserve - includes funds set aside for future capital replacement.

Budgetary control is maintained at the Department and Program level through monitoring of costs against these categories.

Budget Amendment Procedure

Oregon Local Budget Law sets forth procedures to be followed to amend the budget after adoption. The adopted budget appropriates contingency funds to be used at the discretion of the board of directors. Contingency funds can only be transferred to another appropriation for specific unforeseen events and by approval of a resolution by the board of directors.

Most other budget changes after adoption require a supplemental budget. Additional resources not anticipated in the original budget may be added through the use of a supplemental budget. Supplemental budgets not exceeding 10% of a fund's original appropriation may be proposed by the board of directors at a regular board meeting, and notice must be published stating that a supplemental budget will be considered. Supplemental budgets in excess of 10% of original fund appropriations require a hearing before the public, publications in newspapers for consideration of a supplemental budget along with a summary of funds being adjusted, and approval by the board of directors. Original and supplemental budgets may be modified by the use of appropriation transfers between the expenditures categories; such transfers require approval by the board of directors.

The Reporting Entity and its Services

THPRD operates under Oregon Revised Statute Chapter 266 as a separate municipal corporation and has a board of directors comprised of a president and four (4) directors, two of whom serve as secretary and secretary pro-tempore. The board hires a general manager to manage the day-to-day operations of THPRD. The governing board appoints members of the community to serve on various committees including the budget committee.

- THPRD provides park and recreation services to more than 240,000 residents within 50 square miles of east Washington County, including the City of Beaverton.
- THPRD facilities include five (5) indoor and two (2) outdoor swim centers, a combined recreation/aquatic center, two recreation centers, an athletic center with six (6) indoor multipurpose athletic courts, a senior center, historic sites (Jenkins Estate, Fanno Farmhouse and the John Quincy Adams Young House), a 220-acre Nature Park and Center, the Cooper Mountain Nature Park and Center, a tennis center with six (6) indoor and eight (8) outdoor courts, and a camp for developmentally disabled youth.
- THPRD maintains, either through direct ownership or joint use agreement (including school sites), 104 baseball/softball fields, 147 soccer/football/lacrosse fields, four (4) bocce courts, five (5) volleyball courts, 104 outdoor tennis courts, six (6) indoor tennis courts, 50 outdoor basketball pads, three (3) skate parks, one (1) hockey rink, and six (6) long/high jump courts.
- THPRD has 296 park and recreation facility sites comprised of approximately 2,406 acres; 1,308 acres of wetland/natural areas and 1,098 acres of developed sites including neighborhood, community and regional parks. THPRD sites include three lakes, 27 miles of stream corridor, and 51 miles of off-street pathways.
- THPRD programs include aquatics instruction, leagues and drop-in programs, youth and adult sports leagues and fitness programs, youth and adult general and specialized recreation programs, youth after-school and day camps, senior fitness and recreation programs, developmentally disabled and special needs recreation programs, and natural resource education programs.

Permanent Rate

With the passage of Measure 50, THPRD has a permanent tax rate of \$1.3073 per \$1,000 of assessed value. This rate will be a limit on THPRD's permanent taxing authority for operating taxes.

Debt Administration

Debt Outstanding consists of the 2006 \$2,430,000 Full Faith and Credit Advance Refunding of two 1997 Certificates of Participation and the 2000 Full Faith and Credit Obligation, the 2010 \$1,695,000 Full Faith and Credit Obligation (Series A), the 2010 \$7,815,000 Full Faith and Credit Obligation (Series B&C), the 2013 \$457,100 Financing Agreement, the 2009 \$58,505,000 General Obligation Bond (most of which was advance refunded for \$37,880,000 in 2015 with \$1,435,000 in additional funds borrowed), and the 2011 \$40,060,000 General Obligation Bond (a portion of which was refunded for \$8,710,000 in 2016).

As of June 30, 2018, the non-general obligation outstanding balances are as follows: the 2006 \$255,000 Full Faith and Credit Advance Refunding Obligation, the 2010 \$1,260,000 Full Faith and Credit Obligation (Series A), the 2010 \$7,105,000 Full Faith and Credit Obligation (Series B&C) and the 2013 \$327,133 Financing Agreement.

The general obligation bond balances outstanding as of June 30, 2018 are \$2,365,000 (Series 2009), \$21,485,000 (Series 2011), \$36,200,000 (Series 2015) and \$8,710,000 (Series 2016).

All outstanding debt issuances were utilized to fund construction of parks and buildings, purchase of equipment, and purchase of land needed to meet the needs of the community.

In fiscal year 2018/19, THPRD anticipates issuing a \$4,000,000 Full Faith and Credit Obligation for the purpose of funding a portion of the Cedar Hills Park and Somerset West Park projects. Issuance of this debt is consistent with the THPRD debt policy. The adopted budget includes issuance and interest costs for the borrowing.

BUDGET SUMMARY FOR REQUIREMENTS:

The adopted budget requirements for the 2018/19 fiscal year for all funds are \$116,951,748 and was \$100,540,103 for the 2017/18 fiscal year. Requirements, both current and adopted are:

SIGNIFICANT CHANGES:

Personnel Services

The adopted budget for Personnel Services has increased 6.1% since FY 2017/18. THPRD will have 186 full-time positions for the 2018/19 fiscal year, a net increase of three positions from adding one new position, converting two part-time positions to a full-time position and upgrading one regular part-time position to full-time.

The budget reflects a 4.2% cost-of-living adjustment and merit increases for all represented full-time and regular part-time employees in accordance with the collective bargaining agreement, and funding for non-represented staff increases in accordance with the board-approved Compensation Policy, the total of which accounts for 1.6% of the overall increase. The budget reflects an estimated health increase of 6.9%, accounting for 0.8% of the overall increase. Retirement benefits increased by 5.8% due to increased number of retirements and contributed 0.5% of the overall increase. Payroll taxes increased by 0.1%. Finally, the net increase in positions accounted for 1.1% of the overall increase. The balance of the increase in overall cost, approximately 2.0%, comes from budgeted increases for part-time personnel.

Materials & Services

The adopted budget for Materials & Services has increased 3.3% over FY 2017/18. Factors include an inflationary adjustment of 2.5% and addition of utilities and materials and services to reflect utilization and rate increases, offset by the removal of one-time project funding in FY 2017/18. All approved business plans have been

accounted for in the adopted budget amounts.

Capital Outlay

General Fund Capital Projects has been differentiated between maintenance replacement expenditures and new asset expenditures. Within these two categories, the expenditures include funding for: Carryover Projects, Athletic Facility, Park, and Building Replacements/Improvements, ADA Improvements, Maintenance Equipment and Computer/Office Equipment. Capital outlay expenditures have been prioritized to maintenance replacement projects in order to minimize the balance of deferred maintenance replacements. General Fund Capital Projects have increased by 75.2% from FY 2017/18 due in a large part to additional funds budgeted to complete the Cedar Hills Park and Somerset West Park redevelopment projects. In FY 2018/19, in addition to the two redevelopment projects, Capital Projects funds will largely be focused on maintenance replacements, funding for the replacement of two synthetic turf fields at the PCC Rock Creek site and funding to replace the pool tank and deck at two aquatic centers. Also funded are several significant grant projects.

As explained above, the Bond Capital Projects Fund balance in FY 2018/19 reflects the remaining funds available from the \$100 million general obligation bond as approved by voters.

The System Development Charges Fund continues to complete current expansion projects, fund land acquisition, and master plan and construct new projects.

Ending Balance - Capital Replacement Reserve

The Capital Replacement Reserve has increased 33% over FY 2017/18. Funding of this reserve began in FY 2015/16 and will continue in FY 2018/19. These reserves are for future capital replacement needs.

Beginning Fund Balances

Beginning balance from all funds for FY 2018/19 consists of \$11,015,151 from the General Fund (\$2,550,000 is from the Capital Replacement Reserve and \$8,465,151 is the remaining General Fund cash on hand), \$163,800 from the Mitigation Maintenance Reserve Fund, \$15,809,110 from the System Development Charges Fund, and \$16,233,557 from the Bond Capital Projects Fund. The 17.7% increase in the Beginning Fund Balance is due primarily to an increase in the beginning balances for the General Fund and the System Development Charges

Fund. The increase in the General Fund cash on hand balance reflects FY 2017/18 expenditures projected to be less than budget, revenues projected at slightly more than budget, and capital projects being carried over to the next fiscal year. The increase in the System Development Charges cash on hand balance is due primarily to FY 2017/18 expenditures projected at less than budget. The Mitigation Maintenance Reserve Fund balance includes funds received from developers for maintenance of existing mitigation sites. The System Development Charges Fund balance includes funds accumulated for budgeted current, and future, capital expansion projects. The Bond Capital Projects Fund includes available funds to complete the designated list of projects.

Property Taxes - Current Year

Taxes levied against an estimated \$25.5 billion in assessed valuation total \$41,453,010 of which \$8,170,338 is for the General Obligation Debt Service Fund with \$7,761,821 expected to be collected. Of the \$33,282,672 General Fund Levy, THPRD expects to collect 95%, or \$31,618,539. The payments in lieu of taxes (PILOT) amounts are additional taxes expected to be collected (\$4,439 General Fund and \$31,160 Debt Service Fund). The PILOT funds result from de-annexed property that had long-term debt obligations associated at the time of withdrawal from THPRD boundaries. The PILOT funds will be collected annually until the obligations are paid in full.

The FY 2017/18 taxable assessed property valuation of THPRD is \$24,362,768,372 and is estimated to increase by 4.5% in the 2018/19 fiscal year to \$25,459,092,949.

Property Taxes - Prior Year

Prior year taxes are property taxes that have been levied but remain uncollected. THPRD expects to collect \$372,000 (both General Fund and Debt Service Fund). Prior year collection projections for the 2018/19 fiscal year are decreased slightly from the amounts budgeted in the 2017/18.

Interest on Investments

Interest revenue is earned on investments of temporary excess cash. Interest revenue for FY 2018/19 is projected to be higher than the previous year budget for the general fund, the System Development Charges Fund and the Bond Capital Projects Fund due to increased interest rates.

In accordance with district policy, THPRD's primary investment vehicles are the State of Oregon Local Government Investment Pool (LGIP), commercial paper, bankers' acceptance and United States Government Treasury and agency securities. The LGIP consists of a diversified portfolio, and transfers into and out of the LGIP accounts can be made daily. This provides a flexible mode for keeping surplus cash invested.

The investable cash balance within the Bond Capital Projects Fund will be invested in the LGIP, along with allowable securities as approved by THPRD's investment policies. The anticipated revenue will be used strictly for related expenditures of the fund.

Swim Center & Tennis Revenue

Swim Center revenue is generated from passes, open swim and swim lesson instruction. THPRD has six (6) indoor and two (2) outdoor pools. Tennis revenue is generated by both indoor and outdoor open play, instruction and merchandise sales.

Recreation & Sports Revenue

Recreation program revenue is generated by classes and activities at six (6) recreation center sites. Sports revenue is generated by the Athletic Center programs and by sport programs for all ages, such as softball, volleyball and basketball. Field rental fees are generated from THPRD affiliated sports league usage of district owned or maintained sports fields.

THPRD regularly evaluates program fees to ensure progress toward achieving targeted recovery rates, along with application of annual inflationary increases as needed.

Program revenue estimates are based upon anticipated instructional, camp and class offerings, along with historical trending analysis of other fees, such as pass sales and rentals. Patron usage has remained stable and program revenues are increasing. THPRD continually evaluates all programs, readjusting them to emphasize the popular offerings, and discontinues those with less participation.

Grants and Intergovernmental Revenue

Grants include funding from federal, state and regional agencies, as well as funding from private foundations including the Tualatin Hills Park Foundation. Grant revenue is predominantly for funding of capital improvements, although it also provides funding for reimbursement of certain operating and debt service expenditures.

Miscellaneous Revenue

Miscellaneous revenue is earned from various sources including purchasing card program rebates, refunds, surplus equipment sold at auction, easement and mitigation payments, miscellaneous fees and forfeitures, insurance proceeds, and proceeds from sale of land.

Rental Revenue

Rental revenue is generated from the rental of residential houses located on THPRD property, concessionaire services at Jenkins Estate and leased space within the Fanno Creek Service Center.

Sponsorships/Cellular Lease Revenue

Sponsorships/cellular lease revenue is from corporate advertising, partnerships (including concessions) and 16 cellular telecommunication site leases at 11 sites within THPRD.

System Development Charges

System Development Charges are assessed against new construction within THPRD.

Debt Proceeds

Debt Proceeds are from financing agreements or other debt instruments and are used for identified purposes, generally capital improvements or equipment purchases.

Transfers In

Transfers In reflect THPRD's policy of allowing project management staff time from SDC and Bond related capital projects to be reimbursed to the General Fund. The amount budgeted, \$258,100, is the estimate of the costs to manage both SDC Fund (\$35,000) and Bond Fund (\$223,100) capital projects during FY 2018/19.

² Measure 50 allows increases in maximum assessed value due to changes in property including new construction, land partitions, rezoning, etc.

PROPERTY TAX MEASURES

PROPERTY TAX

The property tax is used by Oregon cities, counties, schools and other special districts to raise revenue to cover the expense of local government. The State of Oregon has the authority to levy property taxes; however, the state has not levied property taxes since 1941 and obtains its revenue from tax and lottery sources.

The Oregon Constitution places certain limits on property tax rates for general purposes. The constitution does not limit property tax rates for general obligation bonds, such as Refunding Bonds for capital construction and improvements approved in accordance with voting requirements or used to refund certain outstanding General Obligation Bonds.

MEASURE 5

Article XI, Section 11b (known as "Measure 5") of the Oregon Constitution contains various limitations on property taxes levied by local jurisdictions. Approved in November 1990, Measure 5 placed certain limits on property tax rates and modifications to the system of property tax administration then in place.

- Measure 5 limitations remain in place despite the passage of Measure 50.
- Measure 5 separates taxes imposed upon property into two categories, one for public schools and community colleges and one for jurisdictions other than public schools.
- Combined tax rates for non-school jurisdictions are limited to \$10.00 per \$1,000 of Real Market Value. Combined tax rates for public school systems are limited to \$5.00 per \$1,000 Real Market Value.
- Measure 5 does not limit property tax rates for General Obligation Bonds or Refunding Bonds.

MEASURE 50

Ballot Measure 50 was approved by Oregon voters on May 20, 1997. Measure 50 repeals a previously approved property tax reduction measure, referred to as Measure 47. Measure 50 with some modifications, retains many of Measure 47's key features, including: a reduction of property taxes and a limit on the growth in annual assessed valuation. Specific provisions include:

- Measure 50 rolls back the "assessed value" on property for the fiscal year 1997/98 to its 1995/96 value, less 10 percent.
- Measure 50 establishes a permanent tax rate which replaces its old levies. This rate will be a permanent limit on THPRD's taxing authority for operating taxes.
- Measure 50 limits your assessed value growth to 3% unless your property has an exception because the property was improved, rezoned, subdivided, or ceases to qualify for exemptions.
- Measure 50 allows voters to approve new short-term local option levies outside the permanent rate limit.
- Measure 50 has no impact on Measure 5. The Measure 5 tax limitation remains intact.

RESOURCES NARRATIVE - ALL FUNDS

Listed below are narratives and financial information on the adopted resources for all funds.

Beginning Balance- Capital Replacement Reserve: The estimated Beginning Balance- Capital Replacement Reserve for FY 2018/19 (\$2,550,000) is the accumulated balance of funds reserved for future capital replacements.

Beginning Fund Balance: Beginning Fund Balance is a resource derived from prior year's budget. Beginning Fund Balance generally results from an over-collection of budgeted resources and under-expenditures of budget appropriations. The estimated Beginning Fund Balance for FY 2018/19 consists of General Fund (\$6,500,000), Mitigation Maintenance Reserve Fund (\$163,800), System Development Charges Fund(\$1,459,910).

Beginning Fund Balance from Previous Year Projects Carried Forward: Beginning Fund Balance from projects carried forward represents fund balance committed to projects in a prior year but not yet expended. The full listing of carryforward projects can be found within the Capital Projects and System Development Charges Fund sections, pages CP-3 and SDC-4, under the Carryover Projects heading, plus all of the Bond Capital Projects Fund. The estimated total of project carryforward from the previous year consists of General Fund (\$1,965,151), System Development Charges Fund (\$14,349,200) and Bond Capital Projects Fund (\$16,233,557).

Prior Year's Taxes: Prior Year's Taxes are property taxes that have been levied but remain uncollected. During the 2018/19 fiscal year, THPRD is projected to collect approximately one-half of the uncollected property taxes. The estimated amount of previously levied taxes to be received for FY 2018/19 consists of General Fund (\$347,000) and Debt Service Fund (\$25,000).

PROGRAM REVENUES: Estimated revenue from programs is based on funded program levels multiplied by established fees and estimated attendance. Adjustments are continually made to ensure classes are making progress toward achieving the target rate of cost recovery.

Swim Center Revenue: Swim Center revenue is generated from passes, open swim, instruction and Beaverton School District. The total swim center revenue is \$3,527,061. The following is a breakdown of revenue generated by each swim center and program type:

<u>Swim Center Revenue</u>		<u>Program Revenue</u>	
Aloha	\$	425,988	Swim Passes

	\$ 1,094,582	\$ 632,775	\$ 1,727,357

Nature & Trails Revenue: Nature & Trails revenue of \$460,823 is generated from instruction and outdoor recreation programs held at both the Tualatin Hills Nature Center and Cooper Mountain Nature Park.

Nature & Trails Revenue	Program	Facility Rental	Total
Instruction/Environmental Education	\$ 426,733	\$ 29,700	\$ 456,433
Outdoor Recreation	4,390	-	4,390
	<u>\$ 431,123</u>	<u>\$ 29,700</u>	<u>\$ 460,823</u>

OTHER REVENUES: Except as otherwise noted, estimated revenue is based on prior year history as adjusted for anticipated variances.

Miscellaneous Revenue: Miscellaneous revenue of \$140,350 is earned from purchasing card program rebates (\$50,000), items sold at auctions (\$40,000), easements, miscellaneous fees and forfeitures, compensation for insurance proceeds and various other sources (\$50,350).

Interest Revenue: Interest revenue in the total amount of \$546,000 is derived from available cash-on-hand that is invested in the State of Oregon Local Government Investment Pool or other allowable vehicles per THPRD's Investment Policy. These invested funds will be used at a later date to meet payroll, operating costs and capital improvements. Interest revenue consists of General Fund (\$250,000), Mitigation Maintenance Reserve Fund (\$500), Debt Service Fund (\$15,000), System Development Charges Fund (\$110,500) and Bond Capital Projects Fund (\$170,000).

Telecommunication Site Lease Revenue: Lease revenue of \$177,200 from site leases for cellular telephone transmission equipment.

Facility Rental Revenue: Facility rental revenue of \$335,000 is generated from the rental of THPRD-owned homes, concessionaire services at Jenkins Estate, along with leased space within the Fanno Creek Service Center.

Grants and Intergovernmental Revenue: Grants include funding from the following sources: Natural Resources Park Restoration (\$30,000), Natural Resource operating grant (\$25,000), Environmental Education Grant (\$26,000), Memorial Benches (\$8,000), SDAO safety grant (\$3,000), Rec Mobile operating grant (\$4,000), Energy Trust of Oregon Strategic Energy Management incentives (\$5,000), Energy Trust of Oregon rebates (\$83,938), ConnectOregon Waterhouse Trail #4 (\$400,000), Metro Nature in Neighborhoods (\$220,700), Local Government Grant Program (LGGP) Butternut Park Play Equipment (\$75,000), LGGP Cedar Hills Park (\$340,156), (LWCF) Crowell Woods (\$384,104), (LWCF) Commonwealth Lake Park bridge (\$60,554), (RTP) Cedar Mill Creek Trail 3-4 (\$150,000), Recovery Zone Economic Development Bond (RZEDB) interest subsidy (\$183,087).

Sponsorships: Sponsorships in the amount of \$5,000 are from corporation advertising, partnerships and various community events.

Debt Proceeds: Proceeds in the amount of \$4,000,000 are anticipated to fund a portion of the costs associated with the Cedar Hills and Somerset West Projects.

System Development Charges: These charges are assessed against new construction within THPRD. Projected revenue for FY 2018/19 is \$14,004,566 and may only be utilized for improvements related to expansion.

Transfers In: Transfers In reflect the fiscal policy of recovering project management staff time from capital projects to the General Fund. In FY 2018/19, \$35,000 is anticipated from SDC and other projects, and \$223,100 from the Bond Capital Fund projects.

Current Year's Taxes for FY 2018/19 Current Taxes levied against an estimated \$25.5 billion in assessed valuation total \$41,453,010. Of that amount, Debt Service Fund generates \$8,170,338, with collections anticipated at \$7,761,821, for retirement of general obligation debt. The General Fund levy totals \$33,282,672, with collections anticipated at \$31,618,539. The payments in lieu of taxes (PILOT) amounts are additional taxes expected to be collected (\$4,439 General Fund and \$31,160 Debt Service Fund). The PILOT funds result from de-annexed property with associated long-term debt obligations, and will be collected annually until the obligations are paid in full.

BOARD OF DIRECTORS

Mission

The mission of the Tualatin Hills Park & Recreation District is to provide high-quality park and recreation facilities, programs, services and natural areas that meet the needs of the diverse communities it serves.

Overview

The governing board is composed of five elected members who are responsible for the overall budgetary and policy direction of THPRD. The board of directors approves the scope and direction of services to be provided to all citizens and ensures that the needs of the citizens are met, in so far as possible, with available resources.

In addition to setting policy and hiring the general manager, the board appoints advisory committee members, including the budget committee.

ADMINISTRATION

Communications & Outreach

Department Overview

The Communications & Outreach Division is responsible for districtwide communications and marketing including news media relations, publications, website content, social media and e-newsletters, and advertising. The director of Communications & Outreach directs community outreach/engagement activities and employee communications. The director also provides oversight to Security Operations. The director of Communications & Outreach reports directly to the general manager.

FY 2017/18 Accomplishments

Leveraged achievement of the Commission for Accreditation of Park and Recreation Agencies (CAPRA) certification and National Recreation and Park Association (NRPA) Gold Medal Award finalist ranking for additional positive THPRD recognition in the Beaverton area.

Coordinated scientifically valid community awareness survey that included online and phone components and demonstrated once again THPRD's outstanding reputation among residents.

Produced well-received bond oversight report for the seventh consecutive year and managed other efforts promoting stewardship of taxpayer dollars and new public services made possible by the 2008 voter-approved bond measure. Publicity included multiple print and broadcast stories about Mountain View Champions Park.

Emphasized THPRD's Access for All initiative through promotion of All Ability Tri4Youth special event, Mountain View Champions Park opening, and award from Edwards Center.

Spearheaded/supported successful dedication events at Mountain View Champions Park (MVCP),

Timberland Park and Sue Conger Boardwalk & Overlook. MVCP grand opening attracted 3,000.

Supported the Party in the Park event, which drew an estimated 11,500 guests. Provided publicity and promotional support for summer celebrations, many of them in partnership with the City of Beaverton.

Directed THPRD participation in numerous community events, including mayor's picnics and holiday open house.

Coordinated holiday giving drive that collected 600 gifts (more than double the previous year) for homeless families. Also donated more than 1,000 pounds of linens, towels and personal hygiene products to the Union Gospel Mission in Beaverton – triple the amount of last year.

Increased THPRD followers on Facebook, Twitter and Instagram by 18% during 2017. Launched presence on Nextdoor and used it to communicate with 43,500-plus subscribers within THPRD boundaries.

Wrote and distributed 40 media releases February 2017-January 2018 and coordinated numerous interviews for reporters. Generated positive stories on many topics in print and online media.

Placed messages from individual board members on key issues and achievements in registration postcards (mailed to 120,000-plus households) and district activities guides.

Continued to coordinate speakers bureau of THPRD employees regularly providing THPRD information to 11 Neighborhood Association Committees (NACs) (City of Beaverton) and four Citizen Participation Organizations (CPOs) (Washington County). These speakers also answer questions and serve as key liaisons to the groups.

FY 2017/18 Accomplishments (continued)

Produced 12 editions of "Employee UPDATE," a monthly e-newsletter for THPRD staff, from February 2017 through January 2018.

Director was selected to be a guest presenter at NRPA's annual conference in New Orleans. Topic was "Going Smoke-free: Process, Results and Free Advice."

FY 2018/19 Goals and Objectives

Increase promotion of THPRD accountability to the public.

Continue to implement community outreach plan elements to encourage greater diversity, equity and inclusion throughout THPRD.

Continue to increase board member communications with the public, keeping residents informed about key issues and providing opportunities for them to interact with the board.

Continue to execute communications plan related to bond measure implementation, educating taxpayers about public benefits of projects and THPRD's responsible stewardship of funds.

Continue to implement districtwide marketing plan with the primary goals of increasing program registrations and revenues.

Budget Highlights

The adopted budget includes funding for a THPRD annual report distributed to each household and emphasizing the district's accountability to the public. The budget also includes funding for a wide range of outreach and engagement activities.

ADMINISTRATION

Security Operations Department

Superintendent of Security Operations (1)

Department Overview

The mission of the Security Operations Department is to protect THPRD assets, reduce crime, and provide training and assistance to staff to increase their safety and that of patrons. Through its Park Patrol unit, Security Operations works closely with local law enforcement agencies at the city and county levels. The department also maintains regular working relationships with the Beaverton School District, Portland Community College Rock Creek Campus, and Washington County Animal Control. The superintendent of Security Operations reports directly to the director of Communications & Outreach.

FY 2017/18 Accomplishments

Continued close relationships with local law enforcement. Assisted police on four cases, each requiring several days of work. We continue to partner with these agencies by occasionally allowing the use of THPRD properties for their training purposes. We also maintain office space on the HMT campus for Beaverton Police patrol division officers assigned to the NW section of the city.

Continued to educate patrons regarding THPRD's smoke-free policy and monitored usage on THPRD properties. Park Patrol statistics show frequency of smoking is generally holding steady or in some case declining. Marijuana usage is increasing slightly, mainly because of the July 2015 law that legalized public use for those 21 and older. We will continue to monitor use in our parks and take action when necessary.

Continued to work with Beaverton School District staff on the joint Parent Reunification Plan for the HMT complex. Tours were conducted throughout the year which included trauma medical staff/counselors and language interpreters all employed by the school district.

Designed and conducted several security operational plans with THPRD's law enforcement partners for special events. This included two new events, the All-Ability Tri4Youth and the Portland

Rose Festival Half Marathon. Once again, we coordinated the popular Beaverton Police K-9 demonstration at Party in the Park. A security detail combining the Beaverton Police and Park Patrol ensured safety at the Groovin' on the Grass concert.

Continued to respond to unauthorized camping sites on THPRD property. Statistics show camping is on the rise on park property and at locations just off our regional trails. Besides finding many of these camps while in the field, Park Patrol promptly answered patron calls regarding camp locations. Campers were treated with compassion and offered assistance with area cleanup and provided with published materials listing resources for the unhoused in the tri-county area.

Continued to advise and speak to community groups regarding our efforts to maintain safe and secure parks. We made appearances at most of the county's Citizen Participation Organizations (CPOs) and the City of Beaverton's Neighborhood Association Committees (NACs) at their monthly meetings. Participants were encouraged to ask questions or provide comments regarding their concerns or observations while on our property.

In addition to our still photography cameras which require removing the memory card to view photos, we added a Wi-Fi camera that works directly with iPhones that Park Patrol carries. This enables us to look at images by simply opening an app on the phone.

FY 2018/19 Goals and Objectives

Continue to implement the SARA (Scanning, Analyze, Respond & Assess) and Crime Prevention through Environmental Design (CPTED) community policing models, identifying risks at all facilities, parks and trails where applicable.

Continue to be proactive to discourage unauthorized camping. This includes patrolling the regional trail network, checking natural areas and undeveloped park property.

FY 2018/19 Goals and Objectives (continued)

Continue to train all staff on the Emergency Management Plan which includes Shelter-in-Place protocols and the recent directive established by Homeland Security that advocates mandatory training for Run, Hide, Fight options for active shooter incidents. Provide debriefing meetings with involved staff for further education and training following emergencies for which plans have been initiated.

Continue to provide training regarding security concerns for a segment at THPRD's Leadership Academy and provide annual training in cooperation with Risk Management for staff on driver's training. Continue to train staff and monitor any incidents regarding suspected child abuse and maintain and secure written reports.

Continue monitoring THPRD's fire prevention, intrusion alarm and keyless access door controls. Make necessary repairs to the fire systems that are mandated by the local fire marshal. Educate staff on THPRD's intrusion systems and proper procedures regarding fire panel alerts and resets. Investigate and follow up on any employee response/non-response regarding intrusion systems after-hour callouts for a specific facility. Update 24-hour callouts lists as required. Manage day-to day keyless card issuance, alarm panel authorization, control exterior master key inventory and issuance. These areas were all identified in standards recognized and examined recently by accreditation officials.

Continue to monitor and maintain camera video surveillance systems at five centers. Train appropriate staff on basic use of equipment and troubleshooting minor problems.

Assist management staff in presenting the updated THPRD Rules & Regulations to legal staff for review and eventual presentation to the THPRD Board of Directors. Once approved, publish rules in an updated handbook and distribute copies to staff and local law enforcement.

Continue to work with THPRD's Design & Development, Natural Resources and Maintenance Departments on encroachment issues, investigations and unauthorized camping site cleanups and restoration of land.

Continue to be vigilant with staff and facilities at HMT should we be notified that the Parent Reunification Plan is activated.

Budget Highlights

The adopted budget includes additional funding for a once-every-five-year mandated fire department backflow check of the fire suppression system at eight facilities and upgrade to battery components for our keyless reader controls.

The adopted budget also includes funding for an additional 800 hours of park patrol staffing to respond to increase service load from additional park acreage.

ADMINISTRATION

Community Partnerships

Director of Community Partnerships (1)
--

Department Overview

The Community Partnerships Division is responsible for positioning THPRD projects and programs for external investment. The director of Community Partnerships reports to the general manager.

The division is responsible for attracting philanthropy and participation by community leaders to secure funding grants, increase foundation resources, and guide individual and corporate investment in THPRD initiatives. The division is attracting partners in ground-level projects and programs that address THPRD's commitment to Access for All. The department assists the Tualatin Hills Park Foundation (THPF) in activation. It fosters a heightened culture of philanthropy to complement THPRD efforts to serve all members of the THPRD community.

FY 2017/18 Accomplishments

The Model Community Sports Park (MCSP) capital campaign was completed on schedule in 2017. The park was named Mountain View Champions Park (MVCP). At the October grand opening, attended by nearly 3,000 people, donors and partners were recognized. Fundraising moved away from capital and toward programs for people experiencing disabilities this past year. The fund helps lower barriers to allow for more patrons of all abilities to participate in programs at THPRD. The capacity to raise funding grew at the Tualatin Hills Park Foundation this past year. The Park Foundation now has a nine-member board of trustees and recruitment continues.

The original fundraising target of \$1.3 million for construction capital at MVCP, including some campaign costs recovery, was exceeded. The campaign raised in excess of \$1.5 million.

FY 2018/19 Goals and Objectives

Advance the \$220,000 fundraising goal for the program fund for people experiencing disabilities through THPRD and Park Foundation collaboration. Continue to support the Champions Council of volunteer community leaders and the steering

committee of nonprofit and service providers supporting people with disabilities. Begin to fund new programs this year as new funding becomes available.

Build stronger community support for THPF and strategically grow the organization's annual operating fund.

Grow the number of trustees serving on the THPF board by recruiting individuals with a passion for parks, the means to support THPF activities, and access to networks that expand the Park Foundation's fundraising priorities.

Budget Highlights

No significant changes from the prior-year budget.

BUSINESS & FACILITIES DIVISION

Division Mission

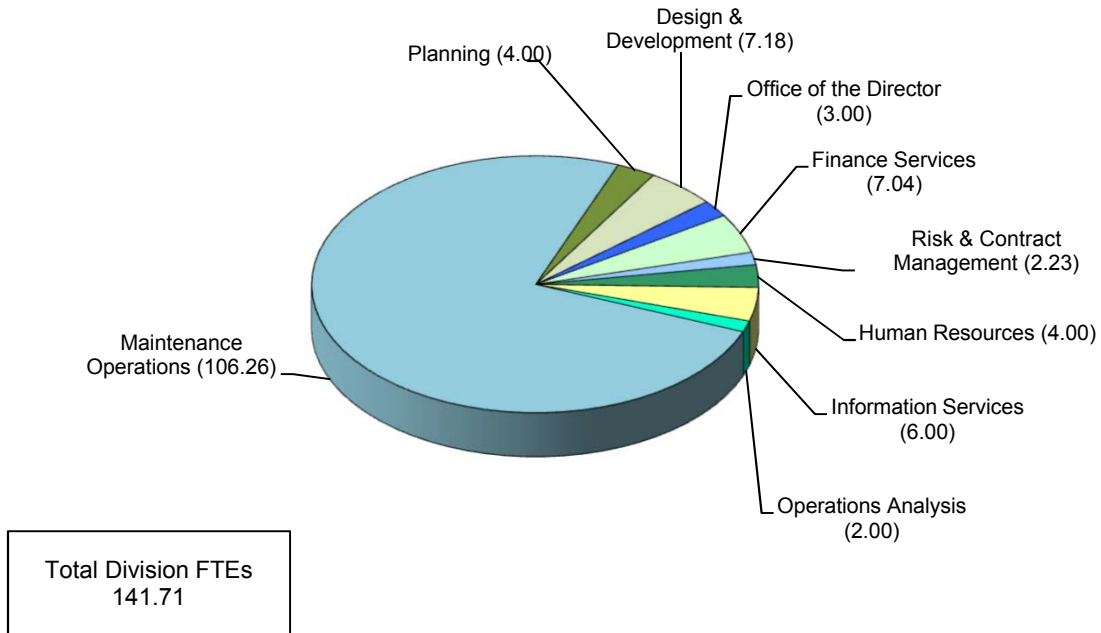

To provide financial and operational integrity and credibility to THPRD by ensuring the correctness of financial information, and adequacy of internal accounting and budgeting controls. To provide the necessary planning, development, interagency coordination, and maintenance to implement THPRD's Comprehensive Plan and ensure that facilities meet current and future needs of our residents. To improve THPRD operations by providing cost effective resources and promoting technological innovation. To enhance employee and patron safety, and insure against risks to THPRD. To maintain a fair and equitable human resources management system that values employees and assists in strengthening individuals, and assures compliance with all applicable laws, rules and regulations.

Division Overview

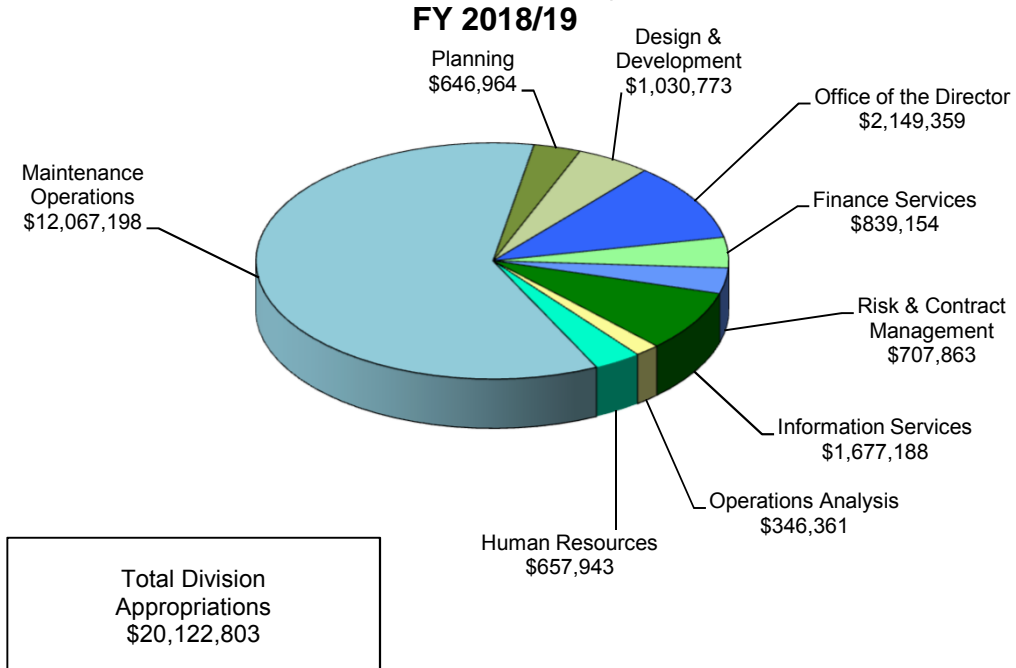

The director of Business & Facilities reports to the general manager and is responsible for all financial, administrative, and facility planning, development and maintenance operations functions of THPRD. The Business & Facilities Division budget includes the following departments: Office of the Director, Finance Services, Risk & Contract Management, Information Services, Operations Analysis, Human Resources, Maintenance Operations, Planning, and Design & Development.

Activities of the Business & Facilities Division include budgeting and financial management, maintenance of THPRD's information technology applications and infrastructure, recruitment and personnel management, and promotion of THPRD's safety and risk management programs. Activities also include planning, acquisition, development, and maintenance of all facilities, parks and trails, and management of the capital improvement program (bond funded and system development charge (SDC) funded). The division also monitors THPRD activity for compliance with applicable statutory and regulatory authority, and coordinates land use regulation issues with other local agencies.

BUSINESS & FACILITIES DIVISION

Office of Director of Business & Facilities

Department Overview

This budget unit supports the activities of the director of Business & Facilities. Activities of the office of the director include the management, either directly or through the chief financial officer, of all departments in the Business & Facilities Division. It also provides legislative advocacy for THPRD at the federal and state levels. The director of Business & Facilities serves as THPRD's Budget Officer and is responsible to the general manager for the annual budget process, and financial and operational advice to the general manager, board of directors, committees and departments. Detail on non-general obligation debt is also maintained within this department.

FY 2017/18 Division Accomplishments

Continued work on all remaining park, trail, and facility projects funded by the 2008 Parks Bond. Completed construction of Mountain View Champions Park, and Cedar Hills Park land use approval and bid award. Continued to support the work of the Parks Bond Citizen Oversight Committee.

Completed adoption and implementation of grant opportunities strategy including a prioritized funding needs listing. Competed successfully for over \$500,000 of grant awards.

Continued actively participating in Special Districts Association of Oregon's Legislative Committee, and worked on key legislative issues impacting THPRD. Worked with THPRD's federal legislative advocacy firm to support key federal legislation and enhance partnerships with federal agencies. Worked on action plan resulting from Fall 2017 federal visit priorities.

Implemented revised park master planning procedures using the enhanced community engagement process. This process is designed to ensure broad public participation, especially by previously underrepresented community segments.

Worked with City of Beaverton staff to enhance coordination of development review with respect to parks and trails. Jointly developed an Agreement Framework document to guide development of Urban Services Agreement (USA) and Intergovernmental Agreement (IGA).

Completed negotiation and signing of Operating Agreement with Portland Winterhawks for joint ice facility. Working on completion of a joint development agreement for this facility.

Completed Systems Development Charge Administrative Procedures Guide, which was adopted by the Board of Directors November 2017. Initiated a land acquisition study to identify strategies for enhancing service level in underserved areas; also initiated an update of Parks Functional Plan.

Continued work with the Future Trends Team, an interdepartmental staff team serving as a think-tank for viewing long-term trends and environmental scanning.

Addressed staffing needs through successful recruitment of Information Services Manager, Chief Financial Officer and Management Team Support Specialist. Began planning for recruitment of new Human Resources Manager.

FY 2018/19 Division Goals and Objectives
Strategic Plan Objective 1D – Future Land in New UGB Expansion Areas

Complete Parks Functional Plan Update and Land Acquisition Study. Update five-year SDC Capital Improvement Program. With approval of new position in budget, recruit for a Full-time Land Acquisition Specialist.

Implement strategy for identifying and pursuing priority land acquisition targets to meet goals of the comprehensive and functional plans, and to meet THPRD obligations in new urban areas. Continue land acquisition activity in new UGB expansion areas funded through SDC's collected in those areas.

Strategic Plan Objective 6B – Pursue Partnerships in Land Acquisition and Facility Development

Continue actively participating in Special Districts Association of Oregon's Legislative Committee as well as other legislative advocacy work at the federal and state level.

Continue working with City of Beaverton to complete and execute USA and IGA that provide guidance on long-term service responsibilities and streamline interagency activities.

Complete and execute joint development agreement with Portland Winterhawks for development of new ice facility.

Conduct a community needs analysis to identify needs and wants. Create a Public-Private Partnership strategy that protects district interest while creating new partnership opportunities.

Continue to implement the district grant strategy; integrate grant opportunities matrix into district planning process.

Objective 2F - Address general improvement and acquisition recommendations.

Continue work on all remaining park, trail and facility projects funded by the 2008 Parks Bond; major projects for 2018/19 include:

- Cedar Hills Park construction
- Somerset West Park land use approval and environment permitting
- NW quadrant athletic field land use approval and bid award
- SW quadrant athletic field master planning

Continue work on SDC funded park and trail projects; major projects for 2018/19 include:

- Crowell Woods Park land use approval and bid award
- North Bethany Creek Trail #2, master planning
- Waterhouse Trail segment 4 design and permitting
- Westside Trail segment 18 construction

Budget Highlights

The adopted budget includes funding for a district visioning project to help identify community needs, wants, and priorities.

The adopted budget also includes funding for debt issuance cost and debt service on new debt anticipated to be issued during the year. The proceeds from this debt will be used (in conjunction with Bond Fund and SDC Fund resources) to help fund the redevelopment of Cedar Hills Park and Somerset West Park.

Finance Services Department

Department Overview

The Finance Services Department is responsible to the chief financial officer for THPRD's financial services, which includes management and issuance of debt, the investment of public funds and assistance with the annual budget process. The Finance Services Department is also responsible for operational activities, including payroll, purchasing, accounts payable, cash receipts, fixed assets, inventory, and financial reporting for THPRD and the Tualatin Hills Park Foundation.

FY 2017/18 Accomplishments

Continued monitoring available Bond Capital Projects Fund investments and arbitrage compliance for the 2009, 2011, 2015, and 2016 debt issues.

Continued monitoring all existing debt activity for potential refinancing opportunities on both general obligation and full faith & credit issues.

Continued steady usage of the purchasing card system to facilitate small purchasing while maintaining adequate security and procedural controls. Fourth year rebates resulted in a \$47,000 refund to THPRD.

Received the following awards:

- Distinguished Budget Presentation Award from the Government Finance Officers Association for the FY 2017/18 Budget Document
- Certificate of Achievement for Excellence in Financial Reporting from the Government

Finance Officers Association for the FY 2015/16 Comprehensive Annual Financial Report

Conducted a review of the financial transaction processing policies and procedures to ensure accuracy and high-level data safeguards.

FY 2018/19 Goals and Objectives

Comprehensive Plan Goal 6: Provide value and efficient service

Continue compliance monitoring of available Bond Capital Projects Fund investments, arbitrage requirements and debt refinancing opportunities.

Continue to monitor for regulatory changes that impact operational activities.

Budget Highlights

The adopted budget includes a temporary project manager position (six-month duration) and a temporary accounting clerk (six-month duration) to manage and assist with the continued migration to a new financial software system (funded in the Information Services budget).

Performance Standards

Process purchase orders within two working days of receipt of requisition.

Record accounts payable on daily basis, facilitating budgetary control at program level.

Monthly financial reports issued by the 20th of the following month.

Performance Standards (continued)

Process all credit card activity (web-related) daily to ensure optimum cash flow.

RISK & CONTRACT MANAGEMENT

BUSINESS & FACILITIES DIVISION

Risk & Contract Management Department

Department Overview

The Risk & Contract manager is responsible to the chief financial officer and provides the following support to all departments districtwide:

Risk Management provides a comprehensive districtwide program to reduce and/or maintain risk exposures so departments can achieve their strategic and operational goals. Administrative services include ensuring adequate property, casualty and workers compensation insurance coverage; review of service, lease and public improvement contracts, and other risk transfer activities.

Loss Control & Claims Specialist provides loss control and safety analysis of THPRD operations. Oversees the centralized management of workers compensation, liability and property claims.

FY 2017/18 Accomplishments

Received the 2017 Special Districts Insurance Services (SDIS) Safety Excellence Award presented by the Oregon Recreation & Parks Association for THPRD's achievement of completing the Safety Health Achievement Recognition Program (SHARP).

Evaluated THPRD insurance coverage for property, liability, and workers compensation services to obtain lowest possible renewal premiums based on claim experience. Completed SDIS Best Practices requirements reducing premiums by \$30,594. Received a longevity credit of \$23,298 from SDIS for outstanding loss control.

Administered lease agreements that include 11 residential properties, 16 telecommunication sites, 2 commercial, and 4 nonprofits.

Awarded 2017 SDIS Matching Safety Grant of \$5,000 to purchase winter readiness equipment to ensure safe access into facilities, and additional pesticide equipment lockers.

Continued implementation of Minority, Women and Emerging Small Businesses (MWESB) policy in support of the board's directive to promote diversity and inclusion, and provide opportunities for small businesses in THPRD purchasing.

Provided targeted intervention assistance and safety audits to departments with liability, safety, and employee training concerns.

Developed a THPRD-specific retention schedule, utilizing the state's electronic records management system software.

FY 2018/19 Goals and Objectives

Comprehensive Plan Goal 6: Provide value and efficient service

Continue managing the Safety and Health Achievement Recognition Program SHARP's annual accreditation with Oregon OSHA for all sites. Tualatin Hills Park & Recreation District is the largest multi-site agency to complete this program in the state and is the first park and recreation agency to graduate within the country.

Utilize the Risk Management Steering Committee and safety committees to reinforce the training program for employees and managers to facilitate:

- Zero incident and injury concept
- Reduction in workers compensation claims and "loss time" injuries
- Reduction in property and liability claims

FY 2018/19 Goals and Objectives (continued)

Continue to increase access, remove barriers in the procurement process, and diversify the current Minority, Women and Emerging Small Businesses (MWESB) contractor base without sacrificing quality, competition or fairness.

Coordinate with Security Operations Department to provide training on emergency management, defensive driving, and student reunification for local school districts.

Coordinate with Human Resources Department to enhance the Employee Wellness Program, encouraging employee participation to improve employee injury recovery rates in case of workplace injury.

Budget Highlights

No significant changes from the prior-year budget.

Performance Standards

Maintain workers compensation experience modification factor at 0.75 or better.

Maintain property and liability insurance loss ratio of 55% or better.

Review and file all claims to the appropriate insurance carrier within 48 working hours of receipt.

Review all outside contractual agreements for consistency with THPRD standards.

INFORMATION SERVICES

BUSINESS & FACILITIES DIVISION

Information Services Department

Department Overview

The Information Services & Technology manager is responsible to the chief financial officer for maintaining and supporting THPRD's districtwide technology infrastructure (wide area network, Internet, custom application resources, etc.).

The Information Services Department provides support in developing a work environment in which all staff will have the essential technology needed to execute business processes and to access, analyze and produce information and accomplish necessary tasks. The Information Services Department provides cost-effective direction for information technology management, including network design and administration, applications development, database administration, web services, IP telephony, call center operations, technical support, training, private cloud management and collaborative services.

The Information Services Department staff not only support the initial development and implementation of products and/or programs, but also remains fully invested in their everyday use and helping staff ensure that these services achieve their desired results. This is achieved in two ways: first by assisting with the design, setup and implementation, and second by training, supporting and maintaining the end products and data integrity.

FY 2017/18 Accomplishments

Completed THPRD's email system migration to Microsoft Office 365.

Continue to strengthen Processor Card Industry (PCI) compliance: utilizing encrypted gateway, secured firewall, installed intrusion detection/prevention software, and drafted

appropriate policies, procedures, and staff training.

Completed an independent network assessment, which provided recommendations for changes to strengthen our core network infrastructure, including the procurement of new network hardware.

Installed systems configurations software, allowing Information Services Department to configure and control networked devices throughout the agency with a consistent set of policies and tools.

FY 2018/19 Goals and Objectives

Comprehensive Plan Goal 6: Provide value and efficient service

Assess THPRD telephony services and systems, and revise where necessary.

Continue to invest and enhance THPRD's desktop computer environment with the instillation of a singular desktop standard.

Continue to explore and implement cloud-based solutions, such as Microsoft Azure, that will deliver improved features and functionality, while providing a more predictable service level and budget.

Continue to implement THPRD's electronic records management system. Work with Oregon Secretary of State to implement Oregon Records Management System.

Continue to monitor PCI compliance for receipt of credit card payments. Evaluate credit card receipt processes and implement improvements.

Budget Highlights

The adopted budget includes funding for the following operating and capital items:

- Addition of cloud computing operational costs
- Upgrade of THPRD's telephony system
- Continual funding of THPRD's desktop replacements
- Upgrade of THPRD's employee timekeeping system

Information Services Standards

In order to ensure the equitable distribution of resources and a sensibly supportable environment, an effective level of technology standards has been developed for the type and quantity of technology available in THPRD.

This includes:

- Computer workstation access for all full-time and regular part-time staff. Shared stations for various part-time staff that are supervisors.
- Network, email, voicemail and Internet access to all approved staff.
- Business operations and departmental software available to appropriate staff; applicable to staff job status, duties and responsibilities.
- Support for all THPRD custom software, third-party software and larger technology systems for use in all THPRD departments.
- Technical support for THPRD computers and all components of the infrastructure, including operation of the telecommunication system.
- Reliable network backup and network security.

Performance Standards

System reliability standards are:

- All trouble calls responded to within four hours.
- All hardware repairs completed within 48 hours of receiving needed parts.
- All software upgrades/service downtime not to exceed four hours.
- Continual upgrades to THPRD information technology system through a 4 to 5-year replacement cycle.

OPERATIONS ANALYSIS

BUSINESS & FACILITIES DIVISION

Operations Analysis Department

Department Overview

The Operations Analysis manager is responsible to the chief financial officer and conducts THPRD's performance measurement, reporting, financial planning, capital budgeting, business planning and management of THPRD's non-financial data.

Operations Analysis provides support to THPRD's cross-departmental initiatives. This includes the business planning teams, process improvement committees, cost recovery calculation, and the calculation and adoption of program fees.

FY 2017/18 Accomplishments

Continued implementation of cost recovery strategy, including budget to actuals comparison, and evaluation of program offerings as identified in the Service and Financial Sustainability Analysis. Expanded capital replacement reserve tracking tools to include both major and routine capital items.

Completed second year of the Strategic Energy Management cohort and received \$7,250 in energy saving incentives from the Energy Trust of Oregon, including for LED parking lot lighting. Launched a staff engagement pilot program at Conestoga Recreation & Aquatic Center to incentivize energy efficient behavior.

FY 2018/19 Goals and Objectives

Comprehensive Plan Goal 6: Provide value and efficient service

Continue implementation of cost recovery strategy and evaluation of program offerings as identified in the Service and Financial Sustainability Analysis.

Assist with implementation of new financial software, including business process mapping and documentation.

Continue to work with the Future Trends Team to conduct environmental scanning and trend updates.

Comprehensive Plan Goal 8: Incorporate principles of environmental and financial sustainability

Continue participating in the Strategic Energy Management cohort. This enables THPRD to adopt current industry best practices for energy efficiency.

HUMAN RESOURCES

BUSINESS & FACILITIES DIVISION

Human Resources Department

Department Overview

The Human Resources manager reports directly to the director of Business & Facilities and is responsible for managing all THPRD personnel functions, providing support to all departments, and ensuring regulatory compliance with applicable laws, the collective bargaining agreement and THPRD policies and procedures.

The Human Resources Department provides the following key services: recruitment and selection, job analysis and classification, compensation and benefit administration, labor relations, equity initiatives, employee performance evaluation, and training and development.

FY 2017/18 Accomplishments

Reviewed and updated the strategic plan to guide THPRD's internal diversity and inclusion initiatives. Prioritized and carried out phase one items identified in the plan.

Reviewed and revised the employee handbook to bring in-line with changes in THPRD policies, and federal/state law. Developed a separate FT/RPT benefit booklet to increase marketing, outreach, and recruitment efforts.

In cooperation with Portland State University, completed a workforce demographic study to establish a baseline of the composition of the current workforce to assess how well the workforce represents the community THPRD serves and inform phase two initiatives identified in the internal diversity development plan, including outreach activities and best hiring practices.

Developed and implemented the NEOGOV web based employee "onboarding" system which provides electronic handling of the new hire process and a paperless record-retention system.

Maintained unemployment insurance experience rating of .1%, the lowest possible rating, for the third consecutive year resulting in excess amounts paid to the fund and received a refund of \$100,000.

FY 2018/19 Goals and Objectives

Comprehensive Plan Goal 6: Provide value and efficient service

Develop and implement NEOGOV employee "offboarding" system which provides electronic handling of the employee separation process and a paperless record-retention system.

Prepare for and carryout negotiations for a successor collective bargaining agreement.

Determine desired and representative demographics in applicant pools to ensure candidates accurately reflect the demographics of THPRD's service area and develop best practices and recommendations to improve outreach to recruit minorities and targeted audiences.

Develop and implement interview panel preparation guidelines and provide training on implicit bias for hiring managers.

Research and coordinate training programs to assist staff in developing diversity and inclusion competencies aimed at enhancing performance and cultural awareness in support of THPRD's demographic shift.

Budget Highlights

No significant changes from the prior-year budget.

Performance Standards

Generate a sufficient number of applications through the recruitment process for successful recruitment – target 25.

Maintain access to training as measured by training contact hours (hours of training X number of employees in attendance).

Process new hire packets within 24 hours of receipt.

Maintain unemployment insurance experience rating at current level as measured by total number of accepted claims/total amount of charges.

MAINTENANCE OPERATIONS

Athletic Facilities Maintenance

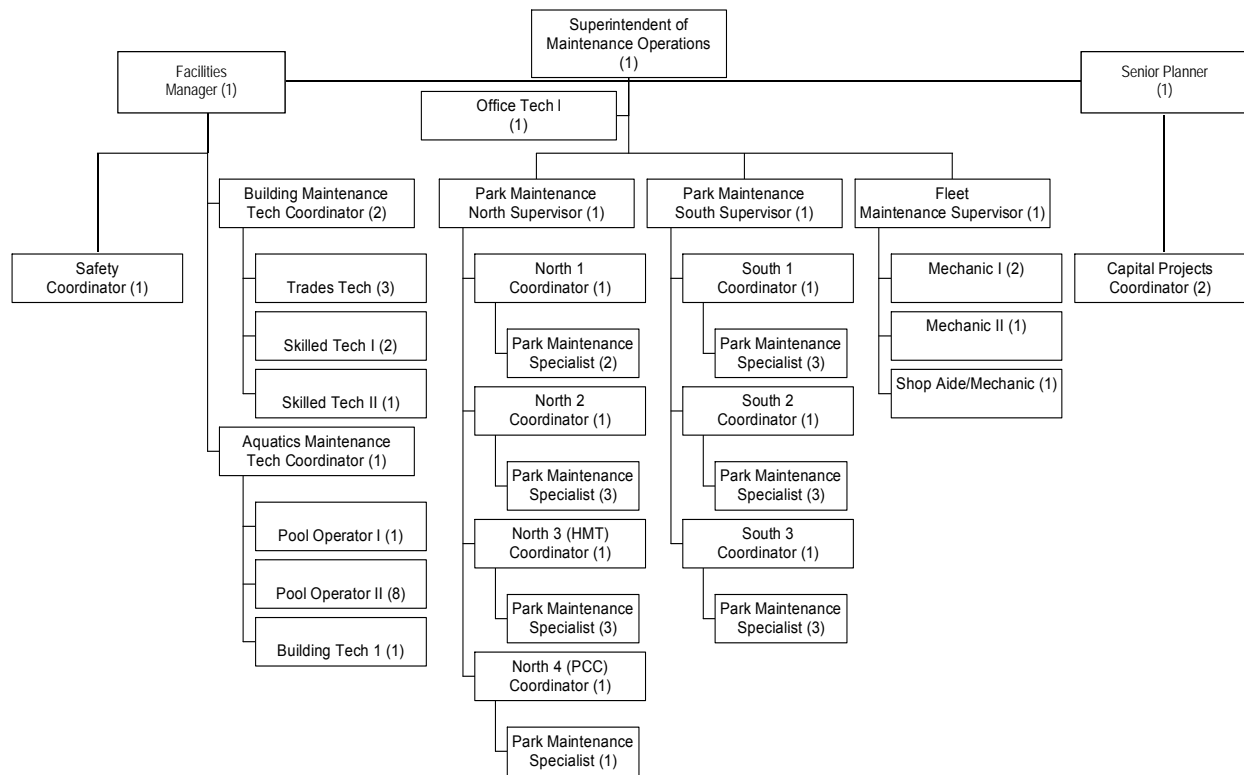

Building & Pool Maintenance

Park Maintenance

Fleet Maintenance

BUSINESS & FACILITIES DIVISION

Maintenance Operations Department

Department Overview

The superintendent of Maintenance Operations is responsible to the director of Business & Facilities for providing and coordinating all maintenance support services to THPRD buildings, pools, athletic fields and courts, grounds and fleet. In addition, the department maintains school, church and community college sports fields, which are available for public use.

Maintenance Operations programs (park-north, park-south, buildings & pools, and fleet) are managed by supervisors, who report to the superintendent of Maintenance Operations.

Park Maintenance (North and South zones)

The park maintenance program encompasses all park and athletic facility maintenance activities. Park maintenance is responsible for the inspection and upkeep of district playground equipment, park pathways, parking lots, landscaped areas, refuse services, irrigation and drainage systems, restrooms, tables and benches, signage, drinking fountains, bridges and boardwalks, picnic shelters and community gardens. Park maintenance also supports the

facility and program needs of the sports department which includes all the athletic field services and game day preparation for soccer, football, softball, lacrosse, rugby and cricket leagues. Also, within the scope of the park maintenance program is the maintenance of a majority of Beaverton School District athletic fields and courts.

In addition to routine services, the park maintenance program supports special events and community events throughout the year, works closely with park patrol on safety related matters within the district, performs hazard tree inspections as part of a growing arboriculture program, and provides support to a number of other departments and agencies in various ways.

Building & Pool Maintenance

The building & pool maintenance program provides maintenance, preventative maintenance and custodial services to the pools and non-programmed THPRD facilities.

Department Overview (continued)

Trade staff provides painting, plumbing, carpentry, electrical, and HVAC services to all THPRD facilities. Building & pool maintenance staff maintain outdoor restrooms, gymnasiums, indoor and outdoor pools, and historic buildings. They perform much of the preventative maintenance on critical equipment and help develop the operational budget and proposed capital projects list. All full-time pool maintenance positions require an Aquatics Facility Operator Certification.

Fleet Maintenance

The fleet maintenance program services and repairs all THPRD's fleet and power equipment inventory at THPRD's Fanno Creek Service Center mechanical shops. The fleet includes compact trucks, heavy-duty trucks, tractors, and specialized turf mowers. THPRD staff provide welding and fabrication services, manage a comprehensive preventive maintenance program and an annual fleet replacement program. THPRD routinely shares equipment and services with other Washington County public agencies including a co-purchased fueling facility at the Tualatin Valley Water District.

FY 2017/18 Accomplishments

The Tualatin Hills Aquatic Center renovation project (Phase II) was completed in January 2018. The renovation project included resurfacing the pool tank and locker room floors, replacing the pool deck, pool gutter/tile, pool underwater lights, retro fitting of LED bulbs into overhead lights, painting of the natatorium, and repaired the dive tower. In addition, the project also expanded the pool deck area to create more useable space.

In November of 2017, the parks and athletic facilities maintenance programs shifted to a new service delivery model. Both programs merged into a north and south park maintenance service model and each park site has been assigned to one full-time technician. Previously, most of the park sites were assigned to both programs. The new model has reduced service overlap, increased department efficiencies and will provide stronger site ownership for all the maintenance technicians.

The department created an ADA team to begin completing items from the ADA Transition Plan. Along with many low-cost fixes at various centers and facilities, Veterans Memorial Park

had some ADA upgrade work completed. Several members of the department team are also part of the larger ADA district team. The department led a multi-departmental team in the revisions and upgrade to the district's original Signage Master Plan. The new Signage Policy Update was approved by the board in December 2017.

The department was integral in partnering with the Americorps National Civilian Conservation Corps (NCCC). This partnership resulted in 11 young people between the ages of 19 – 24 working on district projects for one month. Nearly 30 maintenance and natural resources projects were completed ranging from bridge repair, to painting, to drainage improvements. Overall, the experience was highly successful and rewarding for both NCCC students and the district.

Technical, professional and safety training continues to be a high priority for Maintenance Operations. Staff attended numerous training workshops, including Energy Trust of Oregon's Strategic Energy Management workshops, Sports Turf Management Association national conference, Oregon Recreation & Park Association annual conference, Oregon Trails Summit, Resource Management School, National Recreation and Park Association Certified Playground Safety Inspectors, Aquatic Facility Operator Certification, and Automotive Service Excellence Certifications.

FY 2018/19 Goals and Objectives

The goal of the Maintenance Operations department is to provide efficient and effective maintenance services that protect and enhance the value of THPRD assets and natural resources.

Strategic Plan Goal #1: Provide Quality Neighborhood and Community Parks that are Readily Accessible

Continue to coordinate and work on completing ADA Transition Plan items with the focus on safety items and access to several facilities.

Continue to replace signage to implement the signage master plan with an efficient, streamlined replacement process. The new signage will also account for ADA guidelines that were part of the board approved ADA Transition Plan.

FY 2018/19 Goals and Objectives (continued)

Strategic Plan Goal #2: Provide Quality Sports and Recreation Facilities

Complete the synthetic turf replacement of two large athletic fields at the PCC Rock Creek recreation facility.

Complete the design and bidding of the Raleigh Park/Swim Center pool tank refinishing, and deck and drainage replacement project, which will be completed in the fall of 2019.

Complete design work for a major renovation for the Conestoga Recreation Aquatic Center's natatorium. This entails developing plans and engineered drawings for replacement of the pool deck, underwater lights, water slide and pool tank resurfacing.

Strategic Plan Goal #3: Operate and Maintain Parks in an Efficient and Cost-Effective Manner

Productivity – Manage the percentage of total hours spent on direct productive activities.

Performance – Provide efficient service delivery that meets or exceeds the percentage of desired service levels (DSL) per visit.

Quality – Consistently meet the service quality standards identified in the Maintenance Standards Manual.

Prioritization – Assure the most important tasks are being accomplished or addressed during each site visit.

Budget Highlights

The adopted budget reflects reorganization in the building maintenance program that took place in January 2018. This reorganization moved staffing supervision and budget control of custodial staff and the related facility costs at the Elsie Stuhr Center, HMT Tennis Center, Garden Home & Cedar Hills Recreation Centers, HMT Athletic Center, Nature Center and Cooper Mountain under the direct supervision of the center supervisors at these facilities.

Additionally, the adopted budget also reflects the reorganization of the parks and athletic facility programs, as well as the transfer of trail maintenance to the Nature and Trails department.

Fleet Fuel Impacts

The strategies that were applied in FY 2016/17 to offset trending increases in use. In calendar year 2017 fuel was reduced by 420 gallons, and driving by 1,171 fewer miles than in 2016.

THPRD is expecting to consume approximately 43,000 gallons of gasoline and 11,000 gallons of diesel fuel in FY 2018/19.

New or Expanded Facilities Impacts

The adopted budget includes part-time staffing, supply, and utility increases necessary to maintain new or expanded parks, athletic fields and buildings resulting from completion of numerous 2008 Bond Fund capital projects as well as projects funded from the System Development Charge fund and grant funds. New sites to be maintained include new neighborhood parks and trails in the North Bethany area.

Utility Impacts

The adopted budget reflects natural gas rate decreases of 7.3% and electricity rate increases of 2.0% starting in January 2018. In FY 2017/18, overall electricity usage decreased by 0.4% and natural gas usage decreased by 5.2%.

Electricity and natural gas consumption are expected to decrease in FY 2018/19.

Water usage increased in FY 2017/18 by 4.6% driven in large part by an unseasonably hot summer and continuation into fall and early winter. Water usage is expected to increase slightly in FY 2018/19 as new irrigated park sites are added to the inventory, including the first full year of Mountain View Champions Park. The approved budget reflects an increase in water utility costs resulting primarily from a 13.5% rate increase from the district's primary water provider.

PLANNING

BUSINESS & FACILITIES DIVISION

Planning Department

Department Overview

The superintendent of Planning is responsible to the director of Business & Facilities for managing land acquisition activity; managing intergovernmental relations and land use legislation at the state, regional and local level; implementing the grant strategy; and monitoring development applications at the City of Beaverton and Washington County.

FY 2017/18 Accomplishments

Supported the work of the Parks Bond Citizen Oversight Committee. Implemented the land acquisitions element of the bond program.

Managed THPRD's land acquisition program including creating and updating policies and procedures, as well as coordinating and negotiating park and trail acquisition with developers in new urban growth areas. Developed land acquisition strategy for new urban areas and underserved areas of the district. Substantially completed update of the Parks Functional Plan.

Monitored Washington County and City of Beaverton land use review processes for applications that include or impact park/trail projects and facilities.

Collaborated with City of Beaverton and Washington County to memorialize THPRD's role as the primary park provider for the city. Drafted an Urban Service Agreement and Intergovernmental Agreement to outline the district's role in the provision of recreation services within the City of Beaverton.

Advocated for THPRD's interests during Washington County's ordinance process including ordinances to update the transportation system plan.

Developed and received approval of a grant strategy for THPRD to create a proactive and integrated system for THPRD to pursue outside funding opportunities and to develop partnerships to assist in pursuing such opportunities.

Pursued regional, state and federal grants for park and trail system acquisition and development. Strengthened relationships with City of Beaverton, Washington County and the Trust for Public Land and Home Builders Association to gain their support for both financial and in-kind contributions to grant projects. Projects seeking grant funding include Westside Trail Bridge Overcrossing, Crowell Woods Neighborhood Park with bike and pedestrian improvements/accessibility, and the 155th Ave. Trail. Additionally, the grant specialist pursues districtwide grants informed by the approved grant strategy.

Represented all park and recreation providers in the region on the Metro Technical Advisory Committee (MTAC).

Drafted an urban service agreement and intergovernmental agreement with the City of Beaverton.

Represented THPRD on the Washington County Coordinating Committee Transportation Advisory Committee, and the Beaverton Active Transportation Plan, Washington County's Aloha Tomorrow Committee and North Bethany Downtown Design Team, the City of Beaverton's Beaverton Downtown Design Team, Metro's Regional Trail Committee and Regional Transportation Plan Update.

FY 2018/19 Goals and Objectives

Strategic Plan Objective 1D - Future Land in New UGB Expansion Areas

Implement strategies for acquisition in areas defined in the Comprehensive Plan as park deficient, as well as in future urban growth areas expected to be included in THPRD.

Complete update to the Parks Functional Plan. Using land acquisition strategy and prioritization from updated Parks Functional Plan, update five-year Capital Improvement Plan.

Strategic Plan Objective 6B - Pursue Partnership in Land Acquisition and Facility Development

Draft and submit for approval an urban service agreement and intergovernmental agreement with the City of Beaverton. Prepare a two to three-year work plan for project coordination efforts with the City of Beaverton.

Participate in Washington County and City of Beaverton land use and planning projects including design planning in North Bethany and Downtown Beaverton.

Continue to strengthen the partnership and cooperation in planning and land use efforts between THPRD and the City of Beaverton.

Work with Metro officials on regional planning issues of interest to THPRD, including the 2018 Regional Transportation Plan and Urban Growth decision and continued membership on MTAC.

Work with Washington County and City of Beaverton officials on development review processes, planning projects and ordinances of interest to THPRD.

Service and Financial Sustainability Plan Target 19 - Explore alternative funding sources that strategically align with targeted services

Continue the implementation of the grant strategy. Increase the number of grants applied for while effectively pursuing grants to meet identified facility and program needs.

Strategic Plan Goal 5 - Develop a core system of regional trails, complemented by an interconnected system of community and neighborhood trails

Update Trails Functional Plan. Coordinate with City of Beaverton and Washington County to

include updates in their respective transportation system and active transportation plans.

Strategic Plan Objective 6C - Continue to ensure that revenues from the District's SDC's cover the cost of new facilities and land necessitated by new population growth and development

Manage the Voluntary Annexation #12 program. Coordinate with the City of Beaverton in requiring properties that annex into the city to also annex into the district.

Budget Highlights

The adopted budget reflects the creation of a full-time land acquisition specialist position in Planning. This position has been fully funded through reduction of part-time land acquisition specialist appropriations. This represents a business plan which supports the objective of using current baseline GRASP® analysis to guide future park development and land acquisition.

DESIGN & DEVELOPMENT

BUSINESS & FACILITIES DIVISION

Design & Development Department

Department Overview

The superintendent of Design & Development is responsible to the director of Business & Facilities. Areas of responsibility for the department include capital project administration, master planning, design and construction of park, trail and facility development.

Design & Development activities include:

park, trail and facility planning and design, capital improvement project management including projects under the bond program, implementation of THPRD master plans, public outreach for capital project planning, easement coordination, and interagency coordination.

FY 2017/18 Accomplishments

Non-Bond Projects: Completed Aquatic Center Renovation Phase II, North section of Westside Trail #18 (Metropolitan Transportation Improvement Program [MTIP] grant), Abbey Creek pedestrian/CWS sewer line bridge (#1), BSD Kaiser trail and development of Bethany Creek Falls Phases I, II and III. Began construction for Bethany Creek Falls Phase IV (Bethany Creek Park). Resumed construction on the South section of Westside Trail #18 MTIP grant. Continued construction documents for pedestrian/CWS sewer crossings (#2 & #3). Applied for land use approval and started construction documents for NW Quadrant Neighborhood Park #1 (Crowell Woods). Completed the Design Development phase of Waterhouse Trail Segment #4 (Connect Oregon Grant) and applied for land use approval. Completed public outreach and began design development documents for Bonny Slope Trail and NW Quadrant Neighborhood Park #2 (Mitchell property). Began public outreach and master planning for Bethany Creek Trail #2 Segment 3 and the Beaverton Creek Trail-Crescent Connection. Assisted with the land use development of South Cooper Mountain.

Completed a draft of the SW Quadrant Community Center feasibility study. Continued to implement recommendations from the ADA Transition Plan as well as continue to incorporate sustainable elements, new signage and master plan signs into all projects. Participated in the districts Energy Team and assisted with Energy Trust of Oregon incentive projects.

Bond Projects Completed: Projects completed were Mountain View Champions Park and Gas Meter Shutoff Valves at Fanno Creek Service Center.

2008 Bond Projects in Process: Completed the feasibility study of North Bethany Trail #2.

Projects in the design development phase: Somerset West Park and NW Quadrant Youth Athletic Field (Living Hope).

Projects in the construction administration phase: Cedar Hills Park Redevelopment.

FY 2018/19 Goals and Objectives

Comprehensive Plan Goal 5: Develop and maintain a core system of regional trails complemented by and interconnected system of community and neighborhood trails to provide recreational opportunities such as walking, biking and jogging

Complete the south section of the Westside Trail #18 (MTIP grant). Continue master planning for Beaverton Creek Trail. Continue design and permitting the Waterhouse Trail Segment #4 (Connect OR grant). Finish master planning and begin design documents for Bethany Creek Trail #2 segment 3. Begin construction of Bonny Slope Trail.

FY 2018/19 Goals and Objectives (continued)

Comprehensive Plan Goal 1: Provide quality neighborhood and community parks throughout the District's service area

Non-Bond Projects: Begin construction on Bethany Creek Falls Phase V (Ridgeline). Complete bidding and begin construction on NW Quadrant Neighborhood Park #1 (Crowell Woods). Continue construction for Bethany Creek Falls Phase IV (Bethany Creek Park) and other North Bethany park properties (Abbey Creek). Begin construction documents for NW Quadrant Neighborhood Park #2 (Bonnie Meadow).

2008 Bond Projects: Projects scheduled for master planning include SW Quadrant Youth Athletic Field.

Projects planned for construction documentation include Somerset West Park and NW Quadrant Youth Athletic Field (Living Hope).

Projects planned for construction administration include Cedar Hills Park Redevelopment.

Provide oversight of developer SDC projects, development and initial site work and interagency coordination for properties THPRD has purchased in new urban areas.

Comprehensive Goal 8: Incorporate principles of environmental and financial sustainability

Continue to incorporate sustainable elements, including participation on THPRD's Energy Team, new signage and master plan signs into all projects.

Follow the 2013 Comprehensive Plan update, utilize the Parks, Trails, Natural Resources and Athletic Facilities functional plans, and continue working to achieve goals of the 2008 bond measure.

Provide design/planning and project assistance to other departments as needed.

Budget Highlights

The adopted budget includes funding for a new Engagement & Partnerships Specialist. This represents a business plan under the goal of effectively communicating information about THPRD goals, policies, programs and facilities among THPRD residents, customers, staff, THPRD advisory committees, THPRD board, partnering agencies and other groups.

Performance Standards

Design and develop new parks, facilities, athletic fields and trail projects identified in the 2013 Comprehensive Plan update, the 2008 bond measure, 2016 SDC CIP list and the adopted FY 2018/19 budget.

PARK & RECREATION SERVICES DIVISION

Office of Director of Park & Recreation Services

Department Overview

This budget unit supports the activities of the director of Park & Recreation Services.

Activities of the Office of Director budget include the management and supervision of the program staff and the coordination and implementation of the division's activities.

FY 2017/18 Accomplishments

Represented THPRD as a finalist for the National Recreation and Park Association's (NRPA) Gold Medal award at the 2017 NRPA annual conference.

Achieved agency accreditation through the Commission for Accreditation for Park and Recreation Agencies (CAPRA).

Held a successful summer event series to include four concerts, a theater in the park event, the Groovin' on the Grass concert, and Party in the Park at the HMT Recreation Complex.

Recreation facilities provided as many as 400 diverse recreation programs, special events, and after school programs each quarter.

Coordinated off-season program scheduling for the aquatic clubs during Phase II of the Aquatic Center renovation for fall 2017, which extended into mid-January.

Expanded the Make a Splash free swim lesson program from four to six THPRD pools, providing 268 children with free lessons.

Expanded the Hire to Train program, a successful lifeguard recruitment program implemented in FY 2016/17.

Nature Center staff offered 34 different yoga, tai-chi and other fitness-oriented classes; a 21% increase in class offerings over last year.

Staff collaborated with the community on a park/habitat enhancement component in the Raleigh Park Concept Plan.

Nature & Trails staff partnered with Adelantes Mujeres to connect Hispanic youth to nature.

The Nature Mobile provided free nature education programming to more than 13,500 visitors at THPRD parks, natural areas, and events.

Conestoga Recreation & Aquatic Center continued its popular diversity calendar programming, and held special events that celebrated various cultures, including India, Rwanda and Polynesian cultures.

Expanded the partnership with the Northwest Regional Education Service District by providing guaranteed spaces in THPRD's 9-month preschool programs for families in need.

Partnered with Oregon Department of Fish & Wildlife to construct a new archery range at our PCC Rock Creek Sports Facility.

Organized and hosted the grand opening of Mountain View Champions Park, a 21.5-acre site in Aloha featuring "Champions Too," Oregon's first athletic field for people of all abilities.

Partnered with FACT Oregon to host the all-abilities Tri4Youth triathlon at the HMT Complex to provide youth experiencing disability, their siblings, and peers an opportunity to compete in a triathlon.

FY 2018/19 Goals and Objectives

Health & Wellness

Fully integrate new trail maintenance team into Nature & Trails department to provide a higher level of service to walkers, runners, and wildlife watchers on paved trails.

Continue to partner with new or current medical community partners in an effort to promote improved health and wellness opportunities for all members of the community.

Establish a departmental fitness program that sets programming standards, ensures consistency, and manages resources effectively – both staffing and materials.

Conservation

Provide new nature-based preschool programming in the south portion of the park district.

Social Equity

Expand the number of class offerings for the Make A Splash free swim lesson program at each of the indoor pools, with the goal to serve 300 children in the program. Additionally, expand the program to include spring break options for families at two facilities.

Adjust the Free First Friday Open Swim program by making available free open swim opportunities at THPRD pools throughout each month, ensuring there is at least one free open swim opportunity every week throughout the year.

Expand partnership with Adelantes Mujeres to connect Hispanic youth to nature.

Increase contact hours for free Nature Mobile programming by visiting new sites and audiences.

Develop programs for underserved populations and work to break down barriers to participation, consistent with THPRD's Access for All initiative.

Expand the Rec Mobile program to provide outreach to communities beyond low-income families. Provide events in the community that work with and address the needs and interests of various ethnic populations within the district.

Continue positive collaboration with the City of Beaverton in providing free, open to all, community events and programs that share a common theme.

Make recommendation for Jenkins Estate programming opportunities that include continued support of Camp Rivendale for persons experiencing disabilities.

Budget Highlights

No significant changes from the prior-year budget.

PARK & RECREATION SERVICES DIVISION

Aquatics Department

Department Overview

The superintendent of Aquatics is responsible to the director of Park & Recreation Services and is responsible for the operation of seven swim centers, their programs, and staff. The superintendent is also responsible for aquatic program oversight at Conestoga Recreation & Aquatic Center.

The Aquatics Department plans, organizes and administers the financial, operational and personnel activities of a comprehensive program including: program development in the areas of instructional, recreational, fitness and competitive aquatics activities; certification courses, senior activities and programs for guests with special needs; supervision and training of staff; and coordinates with the Maintenance Operations Department on the operation of the pools.

FY 2017/18 Accomplishments

Coordinated off-season program scheduling for the aquatic clubs during Phase II of the Aquatic Center renovation for fall 2017, which lasted into mid-January.

Made programming adjustments to accommodate a sixth high school for high school aquatics sports.

Expanded efforts in providing water safety education in the community.

Recertified all of THPRD's lifeguards with the revised American Red Cross Lifeguard Training. Recertifications are required every two years.

Expanded the Make a Splash free swim lesson program from four to six THPRD pools, providing 268 children with free lessons.

Expanded the Hire to Train program, a successful lifeguard recruitment program implemented in FY 2016/17.

FY 2018/19 Goals and Objectives

Health & Wellness

Continue to promote water safety education in the community to include backyard pool safety and open water safety.

Offer our Water Fitness Instructor courses, developed in-house, to the public in an effort to continue to recruit qualified fitness instructors.

Social Equity

Expand the number of class offerings for the Make A Splash free swim lesson program at each of the indoor pools, with the goal to serve 300 children in the program. Additionally, expand the program to include spring break options for families at two facilities.

FY 2018/19 Goals and Objectives (continued)

Adjust the Free First Friday Open Swim program by making available free open swim opportunities at THPRD pools throughout each month, ensuring there is at least one free open swim opportunity every week throughout the year.

Provide lifeguard training courses that eliminate barriers to participation, such as financial and language barriers. Additionally, recruit Spanish-speaking certified lifeguard training instructors and expand marketing efforts through high schools and colleges.

Budget Highlights

The adopted budget includes funding for the upgrade of a regular part-time receptionist position to a full-time office tech II at Sunset Swim Center.

PARK & RECREATION SERVICES DIVISION

Sports Department

Department Overview

The superintendent of Sports is responsible to the director of Park & Recreation Services and oversees recreational services for the Babette Horenstein Tennis Center, Tualatin Hills Athletic Center, sports fields, tennis courts, affiliated sports organizations, and coordinates the Beaverton School District (BSD) intergovernmental agreement. Additionally, the superintendent of Sports oversees THPRD's inclusion services program, including Camp Rivendale, and the development and implementation of the adaptive recreation program.

The Tualatin Hills Athletic Center provides as many as 200 diverse programs each quarter, districtwide sports leagues that involve over 20,000 participants and hosts numerous tournaments and special events at several locations. The Babette Horenstein Tennis Center provides instruction, and manages leagues and tournaments for youth and adults, working with the Greater Portland Tennis Council and United States Tennis Association. This department works with affiliated sports governing bodies, field and program steering committees, coordinating with other departments and the BSD to offer services.

FY 2017/18 Accomplishments

Updated the intergovernmental agreement with the BSD for shared use of fields, facilities and services.

Partnered with Oregon Department of Fish & Wildlife to construct a new archery range at our PCC Rock Creek Sports Facility.

Completed affiliation agreements with youth baseball/softball and classic soccer groups.

Established agreements with youth sports groups servicing the area within the boundary of the newly opened Mountainside High School.

Organized and hosted the grand opening of Mountain View Champions Park, a 21.5-acre site in Aloha featuring "Champions Too," Oregon's first athletic field for people of all abilities.

Began programming of the all-ability Champions Too field at Mountain View Champions Park; highlighted by a partnership with Autism Society of Oregon to host a spring egg hunt for children on the autism spectrum.

FY 2017/18 Accomplishments (continued)

Partnered with FACT Oregon to host the all-abilities Tri4Youth triathlon at the HMT Complex to provide youth experiencing disability, their siblings, and peers an opportunity to compete in a triathlon.

Upgraded the court lighting at the Babette Horenstein Tennis Center to more efficient LED fixtures. This resulted in reduced energy use, less maintenance and rebate eligibility through Energy Trust of Oregon.

Continued implementation of the Athletic Facilities Functional Plan, adopted by the board in March 2016.

Engaged the community and gathered public feedback on the topic of emerging sports implementation. This led to skate park improvements, expansion of our pickleball program, new cornhole, Frisbee, kickball, and soccer leagues, and the development of a futsal court at the soon-to-be redeveloped Cedar Hills Park.

FY 2018/19 Goals and Objectives

Health & Wellness

Develop and implement an on-line court reservation system at the Babette Horenstein Tennis Center to increase operational efficiency and improve patron experience.

Social Equity

Continue development of the Emerging Sports Action Plan to identify sports gaining prominence in the community, and identify short and long-term solutions for providing opportunities to participate in these sports.

Identify, target, and provide program opportunities that advance the Access for All initiative.

Develop the implementation strategy for the programming fund established for people experiencing disabilities in coordination with the Champions Too Steering Committee.

Provide education to key THPRD staff through orientations and trainings focused on best practices when serving people experiencing disability.

Expand implementation of the Athletic Facilities Functional Plan with an emphasis on emerging sports.

Budget Highlights

The adopted budget includes the following mid-year personnel adjustments:

- Repurposing of a full-time office tech I at the Tualatin Hills Athletic Center with a full-time Adaptive and Inclusive Recreation Aide.

Budget includes the transfer of the Facility Maintenance staff from the Maintenance Operations Department. Funding adjustments include full-time and part-time staffing, materials and utilities.

PARK & RECREATION SERVICES DIVISION

Recreation Department

Department Overview

The superintendent of Recreation is responsible to the director of Park & Recreation Services and oversees the operation of the four recreation centers, their programs, and staff.

The Recreation Department plans, organizes, and administers the operational and personnel activities of a comprehensive recreation program. These recreation facilities provide as many as 400 diverse recreation programs, special events, and after school programs each quarter. This department also oversees the planning and operation of the THPRD Rec Mobile program and the Cedar Mill Farmers Market.

FY 2017/18 Accomplishments

Created, recruited, and hired two program specialists, both tasked with managing districtwide initiatives. The first position is oriented to partnerships and engagement; the second position

will provide oversight of the fitness program within the Recreation Department.

Participated on the Washington County Community Health Improvement Plan team to develop methods to holistically improve the health of all community members countywide.

Increased outreach to seniors by expanding access through partnerships with SilverSneakers, Silver & Fit and Optum.

Partnered with AT&T through their digital literacy initiative to hold a free workshop to assist older adults with learning to use mobile technology and how it can improve their lives, along with online safety and security.

Conestoga Recreation & Aquatic Center continued its popular diversity calendar programming, and held special events that celebrated various cultures,

FY 2017/18 Accomplishments (continued)
including India, Rwanda and Polynesian cultures.

Expanded the partnership with the Northwest Regional Education Service District by providing guaranteed spaces in THPRD's 9-month preschool programs for families in need.

Partnered with TriMet to present a free Transit 101 workshop. TriMet staff provided information to older adults on how to use public transportation to travel independently, accessibility features, lift services, rates, and financial assistance.

Highlighted Special Events:

Cedar Hills Recreation Center:

Fall Festival is a family event offering face painting, crafts, BINGO, and many other festival games. The event had over 1500 people in attendance along with support from over 70 volunteers and community partners like the Beaverton Police Department.

Conestoga Recreation & Aquatic Center:

- Third Annual Family PRIDE Dance: 250 attended
- Celebrating Indian Culture: over 800 attended
- "Let's talk Resources" a round table of information on resources for parents of children with disabilities in Beaverton: over 40 families attended
- Big Truck Day: we had a soft opening for those with sensory issues by opening the event one hour early for these families for horn-free hour of fun and big trucks. Overall Big Truck Day attracts over 10,000 from the metro area.

Elsie Stuhr Center:

The Harvest Bazaar is the Stuhr Center's largest and most popular annual event and fundraiser. Community members donate gently used clothing, furniture, housewares, holiday items and more. Our dedicated volunteers of over 70, receive, clean, test, price and arrange items to be sold at the two-day rummage sale. Over 2,200 volunteer hours were logged for the 2017 event. Revenue totaled \$28,046 with an estimated attendance of close to 7,000 visitors.

Garden Home Recreation Center:

Garden Home Mini-Market: The first annual mini-market was held to promote local vendors and businesses (30 booths total), provide a community activity and collaborate with the Garden Home Community Library in celebration of their summer reading program ending. During the market, the

library sponsored children's entertainment, field games and library information. Garden Home Recreation Center provided a bounce house, water slide and Rec Mobile activities which included face painting, a self-guided craft and a raffle.

FY 2018/19 Goals and Objectives

Health & Wellness

Continue to partner with new or current medical community partners in an effort to promote improved health and wellness opportunities for all members of the community.

Establish a departmental fitness program that sets programming standards, ensures consistency, and manages resources effectively – both staffing and materials.

Social Equity

Develop programs for underserved populations and work to break down barriers to participation, consistent with THPRD's Access for All initiative.

Develop strategies with the Community Engagement Specialist to engage various underserved or underrepresented communities in programs, special events and volunteer opportunities within the Recreation Department.

Expand the Rec Mobile program to provide outreach to communities beyond low-income families. Provide events in the community that work with and address the needs and interests of various ethnic populations within the district.

Budget Highlights

Upgraded Office Tech II position at Cedar Hills Recreation Center to an Office Tech I.

TUALATIN HILLS
PARK & RECREATION DISTRICT

COMMUNITY PROGRAMS

PARK & RECREATION SERVICES DIVISION

Community Programs Department

Department Overview

The superintendent of Community Programs is responsible to the director of Park & Recreation Services and oversees THPRD's Americans with Disabilities Act (ADA) program and transition plan, dog parks, historic facilities, community gardens, and Volunteer Services & Special Events.

This department provides programs for the community that include concerts, theater, and collaborative events with the City of Beaverton. The department also coordinates volunteer activities including recruitment and placement.

The Volunteers Services Program expands opportunities for volunteer involvement at THPRD and strengthens volunteerism in our community. The program provides benefit to individuals, THPRD, and the community as a whole.

Community Programs also provides oversight of the concessionaire at the Jenkins Estate and serves as the district liaison to the Master Gardeners program that operates at the Jenkins Estate.

FY 2017/18 Accomplishments

Represented THPRD as a finalist for the National Recreation and Park Association's (NRPA) Gold Medal award at the 2017 NRPA annual conference.

Achieved agency accreditation through the Commission for Accreditation for Park and Recreation Agencies (CAPRA).

Supported staff across departmental lines to achieve individual professional certification through the National Recreation and Park Association. Currently, 20 THPRD staff are designated as Certified Park and Recreation Professionals.

Held a successful summer event series to include four concerts, a theater in the park event, the Groovin' on the Grass concert, and Party in the Park at the HMT Recreation Complex.

Created an ADA Transition Plan team tasked with prioritizing the elimination of barriers identified in the audit.

Placed volunteers in 4,100 positions, contributing 45,100 hours of support in 14 program areas.

FY 2018/19 Goals and Objectives

Goal 2

Pursue the Gold Medal award nomination for the 2018 NRPA conference and maintain the agency's CAPRA accreditation.

Social Equity

Continue positive collaboration with the City of Beaverton in providing free, open to all, community events and programs that share a common theme.

Make recommendation for Jenkins Estate programming opportunities that include continued support of Camp Rivendale for people experiencing disability.

Develop a strategy of theme and supporting messages for THPRD displays at summer events that encourage patron engagement and feedback. Establish meaningful methods to obtain community feedback at events.

Continue to work collaboratively across departments to develop a framework for the continuous improvement of THPRD facilities for people experiencing disability.

Budget Highlights

Added resources to community garden funding to increase informational outreach to underserved populations.

PARK & RECREATION SERVICES DIVISION

Nature & Trails Department

Department Overview

The superintendent of Nature & Trails is responsible to the director of Park & Recreation Services. Under the direction of the superintendent, the Tualatin Hills Nature Center, Cooper Mountain Nature House, and Nature & Trails staff operate a coordinated program which uses the Nature Center and Nature Mobile to educate patrons about THPRD's natural resource areas, volunteer opportunities, trails, and environmental education programs.

The Nature & Trails Department provides districtwide stewardship of natural areas and environmental education programs, manages 60 miles of trails, and 1,500 acres of natural areas in 140 sites, including Cooper Mountain Nature Park and the Tualatin Hills Nature Park and Nature Center.

The department connects patrons with natural areas and community destinations through the Trails Program which maintains and promotes trail uses, provides visitor services and responds to inquiries. The program sets standards, suggests improvements to the trail system, and empowers THPRD to work with community partners and other jurisdictions in addressing trails issues.

2017/18 Accomplishments

Nature Center staff offered 34 different yoga, tai-chi and other fitness-oriented classes; a 21% increase in class offerings over last year.

A visitor survey was carried out to better understand the needs of park users and provide the right amenities to encourage park usage and program participation.

A design for the Fanno Creek Greenway stream and habitat enhancement project with Clean Water Services was completed.

Staff collaborated with the community on a park/habitat enhancement component in the Raleigh Park Concept Plan.

Nature programs continued to expand and reach new audiences with additional nature-based preschool classes, evening programs for adults, and full-day nature camp options for 4 to 9-year-olds.

Nature & Trails staff partnered with Adelantes Mujeres to connect Hispanic youth to nature.

The Nature Mobile provided free nature education programming to more than 13,500 visitors at THPRD parks, natural areas, and events.

Staff conducted focus group discussions to better serve people over the age of 55.

FY 2018/19 Goals and Objectives

Health & Wellness

Fully integrate new trail maintenance team into natural resource operations to provide a higher level of service to walkers, runners, and wildlife watchers on paved trails.

Conservation

Implement the Fanno Creek Greenway (Phase II) stream and habitat enhancement project with Clean Water Services.

Continue habitat inventory program to complete surveys for all moderate functioning sites.

Provide new nature-based preschool programming in the south portion of the park district.

Social Equity

Expand partnership with Adelantes Mujeres to connect Hispanic youth to nature.

Increase contact hours for free Nature Mobile programming by visiting new sites and audiences.

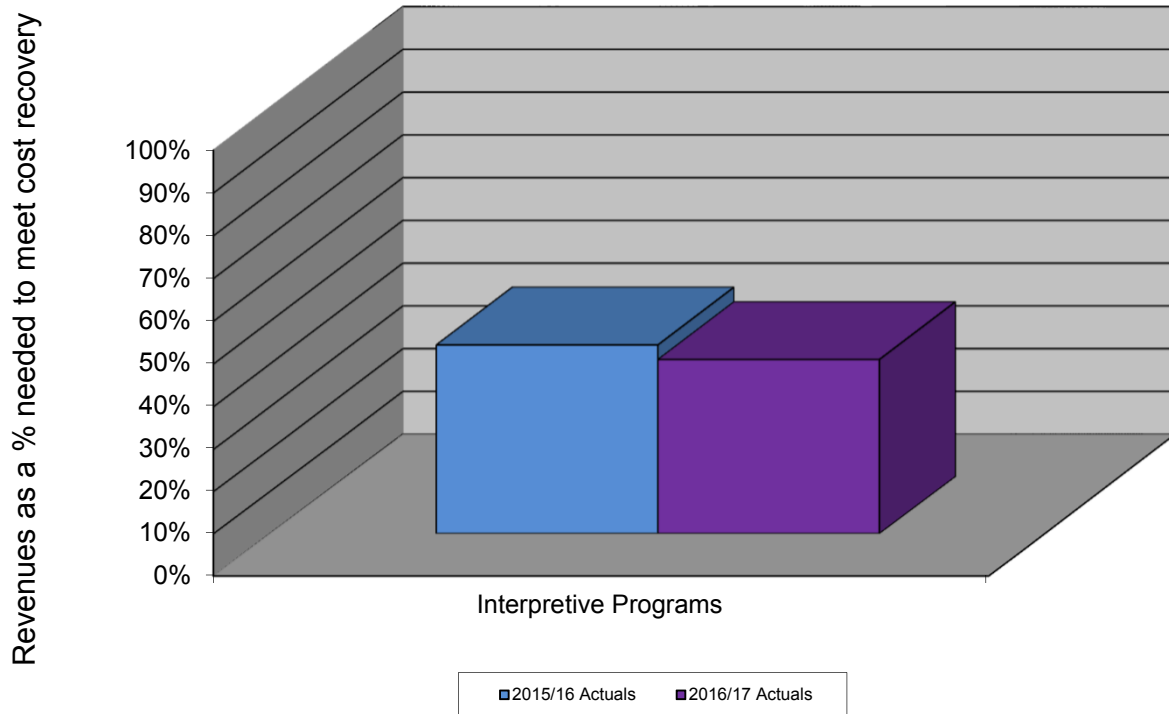

Budget Highlights

Budget includes the transfer of the trail maintenance team and Facility Maintenance staff from the Maintenance Operations Department. Funding adjustments include full-time and part-time staffing, materials, utilities, and arborist services.

KEY PERFORMANCE INDICATORS

Description	Prior Year Actual 2015/16	Prior Year Actual 2016/17	Projected Outcome 2017/18	Proposed Outcome 2018/19
Implement the THPRD Natural Resource Management Plan, Trails Management Plan, and Inventory Program.	Ranked all natural areas according to NRFP criteria and used to prioritize staff projects. Mapped key biodiversity corridors in THPRD.	Complete site inventories of all properties in zone three. Continue beaver benefit study with partners.	Completed surveys for all remaining high functioning natural area sites, which include Cooper Mountain Nature Park and Tualatin Hills Nature Park.	Staff will complete habitat inventory surveys for all remaining moderate functioning sites. Pending grant, conduct study to better serve the Hispanic community.
Engage in community outreach to promote awareness and involvement in Natural Resources programs.	Completed a gap analysis of program offerings. Defined quality standards for programs.	Propose changes to indoor and outdoor programming spaces to better accommodate patron needs.	Worked with Adelante Mujeres to provide Chicas spring and summer program. Expanded preschool program to a second location.	Expand preschool offerings at new location in south part of park district. Increase volunteer offerings for people over the age of 55. Launch new full day camps at Cooper Mountain Nature Park.
Restore and enhance habitat in natural area parks.	Completed phase one of Mt Williams and Jenkins Estate bond projects. Completed planting phase of pollinator project in Rock Creek Greenway at 185th.	Wrap up at least three bond projects. Refine data collection/database system.	Concluded Lowami Hart Woods, Hansen Ridge, and Fanno Creek (1) bond enhancements.	Carry out site plans and new maintenance responsibilities across all natural areas.
Pursue cooperative and collaborative relationships with THPRD departments and outside agencies that benefit natural resource assets.	Expanded mitigation bank expansion at Rock Creek Greenway with CWS as partner. Investigated opportunities to partner with homeowner associations through Watershed Council to improve watershed connectivity.	Implement phase one of Rock Creek Greenway habitat/mitigation project with CWS.	Completed design for Fanno Creek Greenway stream and habitat enhancement project with Clean Water Services.	Implement Fanno Creek Greenway phase two of stream and habitat enhancement project with Clean Water Services.

Mitigation Maintenance Reserve Fund

OTHER FUNDS

FUND DESCRIPTION

Special Revenue Fund

THPRD receives mitigation reserve funds periodically, and has been recording them separately since the 2005/06 Budget Year. When received, these funds are a reserve against future maintenance cost at mitigation sites. A portion of the funds are available for use on a variety of natural area restoration projects, and all funds will be accounted for within the Mitigation Maintenance Reserve Fund.

DEBT SERVICE FUND

Analysis of General Obligation Debt

Local Budget Form (LB-35)

Maturity of General Obligation Debt

DEBT SERVICE FUND

FUND DESCRIPTION

The Debt Service Fund provides for bond principal and interest payments on outstanding General Obligation Bonds, those for which a property tax levy supports the maturing principal and interest payments. These levies are levied outside THPRD's permanent rate and are not part of the governmental limit set by Measure 5. On November 4, 2008, the voters approved a bond measure in the amount of \$100 million, for land acquisition, natural area preservation, improvements to trails and parks, along with other major capital projects throughout THPRD.

DEBT CAPACITY

ORS 266.512 established a parameter of bonded indebtedness for park and recreation districts. Aggregate bonded indebtedness is governed by the real market value of all taxable properties within THPRD.

The aggregate amount of general obligation bonds issued and outstanding at any one time shall in no case exceed two and one-half percent (2.5%) of the real market value of all taxable property of THPRD.

The following table shows THPRD's debt capacity.

Real Market Value (FY 2017/18)	\$ 39,437,708,594
General Obligation Debt Capacity (2.5% of Real Market Value)	985,942,715
Less: Outstanding Debt	<u>(68,760,000)</u>
Remaining Legal Debt Capacity	<u>\$ 917,182,715</u>

In April 2009, based on the approved authority of \$100 million, THPRD issued the first series of General Obligation Bonds in the amount of \$58,505,000. The bonds have a true interest cost of 4.19%. In May 2015, THPRD advance refunded a portion of the bonds (Series 2015), leaving an outstanding balance as of July 1, 2018, of \$2,365,000.

In September 2011, THPRD issued the second series of General Obligation Bonds in the amount of \$40,060,000. The bonds have a true interest cost of 3.25%. In October 2016, THPRD advance refunded a portion of the bonds (Series 2016), leaving an outstanding balance as of July 1, 2018, of \$21,485,000.

In May 2015, THPRD advance refunded a portion of the General Obligation Bonds, Series 2009 (\$36,445,000) and issued the balance of the approved authority (\$1,435,000). The bonds have a true interest cost of 2.19%. The outstanding balance as of July 1, 2018, is \$36,200,000.

In October 2016, THPRD advance refunded a portion of the General Obligation Bonds, Series 2011 (\$8,620,000). The bonds have a true interest cost of 1.83%. The outstanding balance as of July 1, 2017, is \$8,710,000.

SYSTEM DEVELOPMENT CHARGES FUND

FUND DESCRIPTION

On November 17, 1998, the board of directors adopted the System Development Charges (SDC) Resolution. In early 1999, the City of Beaverton City Council and the Washington County Board of Commissioners adopted resolutions to collect the SDCs within those areas that they have jurisdiction over and that are within THPRD. Both the city and the county are now collecting those fees.

THPRD completed subsequent updates to the SDC Methodology in FY 2007/08 and in FY 2015/16, both of which resulted in increases to the SDC fees. In the intervening years between methodology updates, the fees are generally adjusted for inflationary (deflationary) cost adjustments.

THPRD is projecting to carryover \$15,809,110 in unexpended SDCs to the 2018/19 fiscal year, and is budgeting an additional \$14,115,066 in SDC Fund revenues in the 2018/19 fiscal year.

BOND CAPITAL PROJECTS FUND

FUND DESCRIPTION

On November 4, 2008, THPRD voters approved a \$100 million Parks Bond Levy request. This levy request included a specific list of projects and land acquisition targets to be funded by the bond levy, and had specific dollar amounts designated for each of these projects and acquisitions. The project line items in the budget are based on the specified amounts from the levy.

Subsequent to the passage of the levy request, THPRD worked with a project management consultant to develop a master project schedule. This project schedule was then used to develop a projected cash flow of bond expenditures. Based on this cash flow, THPRD proceeded to issue only part of the authorized levy, with gross proceeds of \$58.5 million, in the spring of 2009. In September 2011, an additional portion of the levy, \$40.1 million, was issued. In May 2015, the final \$1.4 million authorized under the levy was issued.

THPRD HISTORY AND BACKGROUND

In 1955, a group of citizens formed the Tualatin Hills Park & Recreation District (THPRD) to provide parks and recreational opportunities for the residents of eastern Washington County and the City of Beaverton. Over the years, THPRD has become one of the largest park and recreation special districts in the Pacific Northwest.

THPRD is governed by an elected five-member board of directors and is managed by professional staff. Since its inception, general obligations bonds, property taxes, and three-year levies (since replaced by a permanent tax rate) have supported THPRD. Additional revenue comes from user fees for programs and facilities. THPRD also benefits from donations made through the Tualatin Hills Park Foundation.

COMPREHENSIVE PLAN SUMMARY

In September 2013, the Tualatin Hills Park & Recreation District (THPRD) adopted an update to the 2006 Comprehensive Plan. This plan serves as a high-level guide for future decisions and activities about how THPRD will acquire, develop, operate and maintain land, facilities and programs for the future. A companion effort, the development of a Service and Financial Sustainability Analysis, resulted in a new approach to cost recovery for THPRD. This analysis, formalized into the adoption of a Service and Financial Sustainability Plan in December 2013, also determines additional service needs that can be provided in harmony with other recreation providers. An updated Strategic Plan was also adopted in December 2013. This plan was informed by the comprehensive plan update and featured new and revised objectives and action steps to help THPRD realize its eight goals:

1. Provide quality neighborhood and community parks that are readily accessible to residents throughout THPRD's service area;
2. Provide quality sports and recreation facilities and programs for THPRD residents and workers of all ages, cultural backgrounds, abilities and income levels;
3. Operate and maintain parks in an efficient, safe and cost-effective manner, while maintaining high standards;
4. Acquire, conserve and enhance natural areas and open spaces within THPRD;
5. Develop and maintain a core system of regional trails, complemented by an interconnected system of community and neighborhood trails, to provide a variety of recreational opportunities, such as walking, bicycling and jogging;
6. Provide value and efficient service delivery for taxpayers, patrons and others who help fund THPRD activities;
7. Effectively communicate information about THPRD goals, policies, programs and facilities among THPRD residents, customers, staff, THPRD advisory committees, THPRD board, partnering agencies and other groups; and
8. Incorporate principles of environmental and financial sustainability into the design, operation, improvement, maintenance and funding of THPRD programs and facilities.

The comprehensive plan update process identified a number of key level-of-service recommendations. These recommendations reflect short-term and longer-term capital development and improvement strategies to the community's unmet needs and priority investments for critical parks and recreation services.

- Develop a trails functional plan
- Use strategies for addressing low-scoring/functioning components within the system
- Conduct ongoing review of geographic information system (GIS) data
- Complete inventory and update level of service analysis
- Use current baseline GRASP (Geo-Referenced Amenities Standards Program) analysis to guide future park development
- Address walkable level of service
- Consider design/development criteria
- Conduct a field capacity analysis
- Explore opportunities for enterprise facilities and additional amenities
- General improvement and acquisition recommendations

The 2013 Comprehensive Plan Update and subsequent adoption of the revised Strategic Plan helped THPRD define a 10-year plan for growth. In early 2014, staff began work on formalizing how we achieve this plan. The planning began with a review of several policies and procedures in spring 2014, and continues with the development of functional plans in five key areas:

- Programs
- Parks
- Natural resources
- Trails
- Athletic facilities

All functional plans are now complete.

POLICIES AND PROCEDURES

THPRD ORGANIZATION:

Board of Directors

The governing body of the Tualatin Hills Park & Recreation District (THPRD) is the five (5) member park district board.

Each board member is elected from THPRD at large to a term of four (4) years. The board has the power to make appointments to fill unexpired terms, but the appointee must run for election for that term at the next regular election.

The board meets regularly, currently on the second Tuesday of each month. All meetings are open to the public except in those instances where the board is meeting in executive session.

Budget Committee

The budget committee is composed of the five (5) elected board of directors plus five (5) appointed THPRD citizens. This committee examines the projected programs, activities, expenses and income of the budget each fiscal year and makes recommendations to the board of directors.

Administration

Administration and maintenance of THPRD is under the direction of the general manager who is hired by the board. The general manager has the responsibility to carry out the policies and accomplish the goals and objectives established by the board.

The top management staff includes: the director of Business & Facilities, director of Park & Recreation Services, director of Communications & Outreach, director of Community Partnerships and the executive assistant; all are responsible to the general manager. All other employees are directly responsible to their immediate supervisor.

EMPLOYMENT POLICIES AND PROCEDURES:

Employees shall be selected on the basis of experience, ability, training, and other qualifications as outlined in the job description for the class of work to be performed. Employment is contingent on the results of a reference and background check. THPRD is a drug-free workplace. A pre-hire drug test is required.

For each position or classification, there shall be established minimum requirements as to experience, education, physical ability, or other qualities considered necessary for performance of the duties of the position.

New hires and current employees may be required to take a physical examination. In cases where a physical examination is required, THPRD shall pay the cost of the examination.

Each new employee will be given an orientation explaining THPRD policies, benefits and procedures.

All employees will be on probation for the first six (6) months of employment. The probationary employee will have one written performance review at the end of the six-month probationary period with his/her supervisor. Evaluations are conducted annually, once an employee is removed from probationary status.

DRUG AND ALCOHOL POLICIES:

THPRD has a responsibility to employees, participants and the general public to insure and enhance safe working conditions.

POLICIES AND PROCEDURES (continued)

To fulfill this obligation and to insure and comply with federal and state anti-drug abuse laws, THPRD must establish a work environment where employees are free from the effects of drugs and alcohol by means of drug awareness education, as well as a drug-testing program.

The purpose of this program is to establish a fair and equitable policy for all THPRD employees regarding the possession, sale, distribution or use of a controlled substance and the testing for use of drugs or alcohol in the workplace. Although drug and alcohol abuse will not be tolerated, it is the intent of THPRD to provide assistance should an employee come under the influence.

SAFETY AND HEALTH POLICIES:

Supervisor and department heads have the primary responsibility for implementing the safety and health program. Their efforts will directly affect the success of the program. The supervisor/department head will be held accountable for performing specific loss-prevention activities.

Specifically, the supervisor shall:

- < Set the model example for safe work procedures, practices and behavior.
- < Maintain a safe work environment. Enforce safe work procedures and the use of safe equipment and material.
- < Enforce all established company policies, procedures and safety rules. Ensure work group is knowledgeable and complies.
- < Conduct orientation training in safe work practices and procedures to all new employees. Hold follow up sessions in accident prevention, hazard recognition and reporting. Actively involve the work group in safety and health issues and problem solving.
- < Investigate all accidents to determine cause, contributing factors and necessary corrective action to prevent recurrence. Document findings and recommend corrective action. Take corrective action as authorized, a written investigation report should be submitted to the director of Business & Facilities within 24 hours.
- < Observe employee work practices. Coach and positively reinforce safe work procedures. Take immediate action to correct unsafe practices.
- < Follow up on all employee advisements of safety and health hazards, suggestions or issues. Provide feedback to employee on actions taken.
- < Communicate safety and health needs to the department head.
- < Assist with the development of safety rules for the workplace.

POLICIES AND PROCEDURES (continued)

FINANCIAL POLICIES:

THPRD has developed a long-term financial plan to establish viable financial strategies for the future. As part of that plan, the board of directors adopted revised comprehensive financial policies.

THPRD Goals and Budget Policies

1. The board will review and adopt THPRD goals each year before preparation of the budget. The adopted goals will guide development of the budget. The board may carry over or revise goals from one year to the next.
2. The goals and budget will be developed in accordance with state law, contractual obligations with employees, vendors, contractors and others, and the best interests of THPRD residents.
3. The budget committee will meet at least once a year to consider and approve the THPRD annual budget.
4. The budget committee will provide public oversight of budget preparation, recommend changes to the proposed budget, and provide information to the public about THPRD business and operations.

Fees and Charges

1. The manager will establish fees for THPRD services based on policy guidelines established by the board. These policy guidelines include:
 - a. Fees will be calculated to achieve the desired level of cost recovery based on direct cost for each service type.
 - b. Fees will be established for out-of-district users of THPRD services that are equitable with fees for THPRD residents recognizing the contribution made by THPRD residents through property taxes.
 - c. Appropriate fee discounts will be established for select user groups including seniors, youth, patrons with disabilities, and the military. Only THPRD residents will be eligible for fee discounts. Only one discount may be applied to each fee.
 - d. The THPRD Scholarship Program will provide accommodation for low-income THPRD residents in the form of a limited amount of user fee waivers.
 - e. Fees will be periodically compared against similar fees for both public and private sector providers.
 - f. Fees will be adjusted and implemented, as necessary, to ensure continued equity, consistency and fairness.
2. The board will review THPRD's fee policy as needed to ensure fees are in line with these guidelines.

Investment Policies

1. Scope - These investment policies and portfolio guidelines apply to all THPRD activities and funds, including bond and note proceeds, except for any trust funds which are governed by the terms of a trust agreement. All such funds will be invested in compliance with the provisions of Oregon Revised Statute (ORS) Chapter 294, these policies, and written administrative procedures.
2. Objectives - THPRD's investment objectives are safety (preservation of principal), liquidity (availability of funds), and rate of return (yield), in that order.

In investing public funds, THPRD will not assume unreasonable investment risks to obtain investment income. THPRD's investment portfolio will remain sufficiently liquid to enable THPRD to meet all operating requirements, which might be reasonably anticipated. THPRD will diversify its investments to avoid incurring unreasonable and avoidable risks regarding specific security types or individual financial institutions.

POLICIES AND PROCEDURES (continued)

In managing its investment portfolio, THPRD will specifically avoid any purchase of financial forwards or futures, any leveraged investment purchases or investments not authorized by ORS 294.035.

Debt Policies

1. THPRD use of non-general obligation supported debt should not negatively impact future operations.

Working Guidelines:

THPRD should not issue any new non-general obligation debt until other financial targets are met, unless the source of future annual debt service is identified, with preference toward using debt for projects that provide cost savings or revenue enhancements.

2. THPRD use of non-general obligation debt should provide an appropriate matching of the benefits provided to the cost of the debt service.

Working Guidelines – use of debt:

Non-general obligation debt should be used for projects that provide savings or revenue enhancements that meet or exceed the debt service costs, and for land acquisition or capital improvements. Non-general obligation debt may be used to finance capital replacements in an emergency situation.

Working Guidelines – term of debt:

The term of non-general obligation debt should not exceed 100% of the weighted average life of the projects being funded.

Minimum Fund Balances/Reserves Policies

1. THPRD should maintain an appropriate level of ending fund balance in the General Operating Fund to provide financial stability and minimize service disruptions.

Working Guidelines:

THPRD should maintain ending general operating fund balance levels of 10% of operating expenses. In any year in which THPRD is not at the targeted fund level, the budgeted contingency or unappropriated ending fund balance will be increased by 1% of property tax revenues.

2. THPRD should measure its obligation for replacement of assets and ensure that replacements are managed in a manner that does not negatively impact THPRD services.

Working Guidelines – measurement of replacement obligation:

THPRD should measure the replacement obligation based on deferred replacements (i.e., backlog) for both major and routine replacements plus percentage of life used for major replacements.

Working Guidelines – prioritization of maintenance replacements funding:

THPRD should priority fund all major items replacements (subject to condition of asset deferrals) and a minimum of \$350,000 of routine replacements, and fund the balance of routine replacements based on available funding.

POLICIES AND PROCEDURES (continued)

Cost Recovery Policies

1. THPRD should establish consistent guidelines to measure the full cost of THPRD programs and capital projects.

Working Guidelines – operating programs:

THPRD will measure the cost of providing services for both the direct cost and indirect cost. The direct cost includes all the specific identifiable expenses (fixed and variable) associated with providing a service, program or facility; these costs would not exist without the service or program. The indirect cost encompasses overhead (fixed and variable) including the administrative cost of THPRD; these costs would exist without any of the specific services or programs.

Working Guidelines – capital projects:

THPRD should measure the cost of capital projects based on the direct external cost plus the full cost (including indirect cost allocations) of THPRD staff time to manage the projects.

2. THPRD should maintain fee policies that utilize the measurement of cost recovery/subsidy of THPRD programs subject to other THPRD goals.

Working Guidelines:

The desired level of cost recovery of direct costs will be based on the level of public versus private benefit the service provides as sorted by into five tiers:

- a. Tier 5, mostly individual benefit, will have desired cost recovery of 200%,*
- b. Tier 4, considerable individual benefit, will have desired cost recovery of 150%,*
- c. Tier 3, individual and community benefit, will have desired cost recovery of 100%,*
- d. Tier 2, considerable community benefit, will have desired cost recovery of 75%,*
- e. And Tier 1, mostly community benefit, will have little to no cost recovery from fees.*

Categories of THPRD services have been sorted and assigned a cost recovery tier through the Service and Financial Sustainability Assessment. Service categories can move between tiers, if necessary, but only upon completion of an established review process with criteria consistent with those that drove the initial tier assignment.

3. THPRD should recognize cost recovery of internal support functions for activities funded by special or restricted funds to ensure that there are no hidden interfund subsidies.

Working Guidelines:

THPRD should charge the cost of staff support to capital projects, and should recognize an interfund reimbursement so that all capital costs are borne by the capital projects fund.

Cost/Benefit Analysis Policy

1. THPRD should establish a consistent methodology of measuring cost/benefit analysis that can be used for proposed capital expansion or acquisitions.

Working Guidelines:

THPRD should assess cost/benefit based on net present value of net financial returns using a discount rate equal to THPRD current borrowing rate.

POLICIES AND PROCEDURES (continued)

Financial Goal Measurement Policies

1. THPRD should establish, through the long-term financial planning process, financial goals and strategies, and should periodically review these goals and strategies.

Working Guidelines:

THPRD should review the goals and strategies annually as part of THPRD's annual goal outcomes.

2. THPRD should periodically measure the progress toward the financial goals.

Working Guidelines:

THPRD should develop an annual reporting process for measuring progress toward the financial goals.

GLOSSARY

Account

A term used to identify an individual asset, liability, expenditure control, and revenue control or fund balance.

Accrual Basis of Accounting

The method of accounting under which revenues are recorded when they are earned (whether or not cash is received at the time) and expenditures are recorded when goods and services are received (whether cash disbursements are made at the time or not).

Ad Hoc Committee

Committee formed with the sole purpose of the specific case or situation at hand.

Ad Valorem

In proportion to value. A basis for levy tax upon property.

Adopted Budget

The budget amended and approved by the budget committee becomes the adopted budget after the board of directors takes action on it. The adopted budget becomes effective July 1.

Adopted Fee Study

A study adopted by the board of directors on November 19, 1997. The board of directors requested that THPRD's current program and facility fee structure be evaluated and that changes be recommended.

Annexation

The incorporation of land into an existing agency with a resulting change in the boundaries of the agency.

Appropriation

A legal authorization made by THPRD to incur obligations and make expenditures for specific purposes and shall be limited to a single fiscal year.

Approved Budget

The proposed budget as amended and approved by the budget committee is recommended to the board of directors for adoption and is referred to as the approved budget.

Assessed Value

The value set by the County Assessor on real and personal property in order to establish a basis for levying taxes.

Assets

Property owned by a government, which has monetary value.

Balanced Budget

Refers to a budget in which revenues are equal to expenditures. Thus, neither a budget deficit nor a budget surplus exists. More generally, it refers to a budget that has no budget deficit, but could possibly have a budget surplus.

Bond

A written promise to pay a specified sum of money on a specific date at a specified interest rate. Bonds are most frequently used to finance large capital projects, such as buildings and streets.

Bond Measure (2008)

This \$100 million measure was approved by voters within THPRD boundaries in November 2008. Funds were allocated to dozens of projects to preserve natural areas, establish new trails and trail connections, add athletic fields, develop parks and redevelop others, and upgrade or expand recreational facilities. The measure also provided money to acquire land for parks, trails and natural areas.

Bond Projects Fund

A fund created to account for financial resources to be used for the acquisition or construction of major capital facilities and/or designated fixed assets.

Bonded Debt

The portion of indebtedness represented by outstanding bonds.

Budget

A plan, a financial operation embodying an estimate of expenditures for a given period or purpose and the proposed means of financing the estimated expenditures.

Budget Calendar

Schedule of key dates or milestones followed by THPRD departments in the preparation, review and administration of the budget.

Budget Document

The estimate of expenditures and budget resources as set forth on the estimated sheets, tax levy and the financial summary.

Budget Message

A general discussion of the adopted budget as presented in writing by the budget making authority to the legislative body. The budget message should contain an explanation of the principal budget items, an outline of the governmental unit's experience during the past period and its financial status at the time of the message and recommendations regarding the financial policy for the coming period.

Budgetary Control

The control or management of a governmental unit or enterprise in accordance with an adopted budget for the purpose of keeping expenditures within the limitation of available revenues.

Capital Assets

Assets of significant value and having a useful life of several years. Capital assets are also called fixed assets.

Capital Improvements Program (CIP)

A plan for capital expenditures to be incurred each year over a fixed period of years to meet capital needs arising from the long-term work program or otherwise. It sets forth each project or other contemplated expenditure in which the government is to have a part and specifies the full resources estimated to be available to finance the projected expenditures.

Capital Outlay

Expenditures which result in the acquisition of or addition to fixed assets.

Capital Projects

A long-term major improvement or acquisition of equipment or property for public use.

Capital Replacement Reserve

An appropriation of funds to accumulate for future capital replacement needs within the General Fund.

Certificates of Participation (COP)

COPs are a method of financing large equipment and other capital expenditures. They are technically lease-purchase securities. The payment of the debt is made to an escrow agent and is called a lease payment. The escrow agent acts as a lessor for the property to be acquired or constructed with the proceeds of the COP. The owners of the certificates do not have an ownership interest in the property financed with the proceeds of the certificates.

Chart of Accounts

The classification system used by a governmental agency to organize the accounting for various funds.

Comprehensive Plan

A plan defining THPRD's future. The plan offers direction for THPRD to accomplish its stated mission. It sets goals, and presents objectives and action to act as mileposts by which THPRD can measure its progress.

Computer Technology Plan

A plan that focuses on the prevailing computer trends expected in the next three years, and outlines technological opportunities for THPRD. The plan identifies a new communication infrastructure, which will be the foundation for an efficient operation today and for streamlining the implementation of future components.

Contingency

An appropriation of funds to cover unforeseen events and emergencies, which occur during the fiscal year.

Cost Recovery

The degree to which the cost (direct and/or indirect) of facilities, services, and programs is supported by user fees and/or other designated funding mechanisms such as grants, partnerships, volunteer services, etc., rather than tax subsidies.

Current Funds

Funds the resources of which are expended for operating purposes during the current fiscal period.

Current Liabilities

Liabilities which are payable within a relatively short period of time, usually no longer than a year.

Current Taxes

Taxes levied and becoming due during the current fiscal period, from the time the amount of the tax levy is first established to the date on which a penalty for nonpayment is attached.

Debt

An obligation resulting from the borrowing of money or from the purchase of goods and services. Debts of governmental units include bonds, time warrants, notes and floating debt.

Debt Service

Payments of interest and principal related to long-term debt.

Debt Service Fund

A fund established to finance and account for the payment of interest and principal on all general obligation debt, serial and term, other than that payable exclusively from special assessments and revenue debt issued for and serviced by a governmental enterprise. Formally called a Sinking Fund.

Delinquent Taxes

Taxes remaining unpaid on and after the date on which a penalty for nonpayment is attached. Even though the penalty may be subsequently waived and a portion of the taxes may be abated or canceled, the unpaid balances continue to be delinquent taxes until canceled.

Departments

A major administrative division of THPRD, which indicates overall management responsibility for an operation, or a group of related operations within a functional area.

Employee Benefits

Benefits include retirement, group health, dental and life insurance, workers' compensation, and disability insurance.

Encumbrance

Obligations in the form of purchase orders, contracts or salary commitments, which are chargeable to an appropriation and for which a part of the appropriation is reserved. Obligations cease to be encumbrances when paid or when the actual liability is set up.

Enterprise Fund

A fund used to account for a business-type activity utilizing the accrual method of accounting to recognize and record revenues and expenses when measurable.

Equipment

Tangible property of a more or less permanent nature (other than land, buildings, or improvements other than buildings), which is useful in carrying on operations. Examples are machinery, trucks, and furnishings.

Expense/Expenditure

This term refers to the outflow of funds paid or to be paid for an asset or goods and services obtained regardless of when the expense is actually paid.

Fiscal Year

A 12-month period to which the annual operating budget applies and at the end of which a government determines its financial position and the results of its operations - July 1 through June 30 for all Oregon municipalities.

Fixed Assets

Assets of a long-term character which are intended to continue to be held or used, such as land, buildings, machinery, furniture, and other equipment.

Forfeiture

The automatic loss of cash or other property as a punishment for not complying with provisions and as compensation for the resulting damages or losses.

FTE

Full Time Equivalent. Staffing levels are measured in FTEs to give a consistent comparison from year to year. In most cases, an FTE is one full-time position filled for the entire year; however, in some instances an FTE may consist of several part-time positions.

Functional Plan

THPRD's 2013 Comprehensive Plan Update mandated establishment of five functional plans, one each for athletic facilities, natural resources, parks, programs, and trails. The plans provide staff in each discipline with operational priorities, goals, vision, strategies, and procedures. The overriding objective is to meet the community's recreational needs, present and future, in a cost-effective manner.

Fund

An independent fiscal and accounting entity with a self balancing set of accounts recording cash and/or other resources together with all related liabilities, obligations, reserves and equities which are segregated for the purpose of carrying on specific activities of attaining certain objectives.

Fund Balance

The excess of the assets of a fund over its liabilities and reserves except in the case of funds subject to budgetary accounting where, prior to the end of a fiscal period, it represents the excess of the period over its liabilities, reserves and appropriations for the period.

General Fund

A fund used to account for THPRD financial operations, which are not accounted for in any other fund. The primary sources of revenue are property taxes, state and local shared revenues and user fees.

General Long-Term Debt

Long-term debt legally payable from general revenues and backed by the full faith and credit of a governmental unit.

General Obligation Bonds

Bonds for whose payment the full faith and credit of the issuing body are pledged.

Goal

A statement of broad direction, purpose or intent; the purpose toward which an endeavor is directed.

Grant

A donation or contribution by one governmental unit to another unit. The donation or contribution may be made to aid in the support of a specified purpose or function or general purpose.

Intergovernmental Agreement (IGA)

This is a cooperative agreement made between two governmental agencies. It spells out the services each partner will provide and how the respective resources and facilities of each may be shared for mutual and/or taxpayer benefit. THPRD has numerous IGAs, most notably with the Beaverton School District and the City of Beaverton.

Internal Control

A plan of organization for purchasing, accounting and other financial activities, which among other things provide:

- ✓ The duties of employees are subdivided so that no single employee handles a financial action from beginning to end;
- ✓ Proper authorization from specific responsible officials are obtained before key steps in the processing of a transaction are completed; and
- ✓ Records and procedures are arranged appropriately to facilitate effective control.

Levy

(Verb) To impose taxes, special assessments or service charges for the support of governmental activities. (Noun) The total amount of taxes, special assessments or service charges imposed by a governmental unit.

Local Improvement District

The property, which is to be assessed for the cost or part of the cost of local improvement and the property on which the local improvement is located.

Measure 5

A constitutional limit on property tax rates passed by voters in the State of Oregon in November 1990. The law sets a maximum \$10 tax rate on individual properties for the aggregate of all non-school taxing jurisdictions. For schools, the maximum rate is limited to \$5.

Measure 47

A constitutional limit on individual property tax collections approved by voters in November 1996. The limit applies to FY 1997/98 and all future fiscal years. The measure was a citizen initiative and limits property taxes to FY 1995/96 levels, less 10%, requires majority voter turnout for tax elections, limits fees and charges and prioritizes Public Education and Public Safety in the allocation of lost revenues. The measure never took affect due to its repeal by the voters in May 1997 with the passage of Measure 50.

Measure 50

Passed by voters in May 1997, the legislatively referred measure repealed Measure 47, but also significantly reduced future property taxes. The measure rolls back assessed value on individual property to FY 1995/96 values, less 10%. It reduces FY 1997/98 THPRD levy authority by an average of 18.9%, and then converts it to a rate to be applied to assessed value in all future years. Assessed value growth is limited to 3% per year. The measure reinstates Measure 47 limits on fees and charges and on majority turnout election requirements.

Metro Greenspaces

A program administered by Metro for the acquisition of public parks and open space lands throughout the region. A \$135.6 million bond program was approved by voters in 1995. Of that amount, \$25 million was set aside for local government grants.

Objective

A statement of specific direction, purpose or intent based on the needs of the community and the goals established for a given program.

Operating Budget

A budget, which applies to all outlays other than capital outlays.

Operating Expenses

Expenses for general governmental purposes.

Operating Statement

A statement summarizing the financial operations of a governmental unit for an accounting period as contrasted with a balance sheet, which shows financial position at a given moment in time.

Part-time Employee

An employee scheduled less than 30 hours per week, to a maximum of 1,559 hours per year. Part-time employees are not members of the collective bargaining unit.

Personnel Services

Payroll expenses such as: wages, Social Security, medical and dental insurance benefits and retirement contributions.

Program

A group of related activities performed by one or more organizational units for the purpose of accomplishing a function for which THPRD is responsible.

Proposed Budget

THPRD budget approved by the general manager and submitted to the budget committee for their deliberation.

Regular Part-time Employee

An employee scheduled between a minimum of 30 hours to a maximum of 35 hours per week, for no more than 1,820 hours per year. Regular part-time employees are members of the collective bargaining unit, and have similar, but reduced benefits as offered to full-time employees.

Resources

The actual assets of a governmental unit, such as cash, taxes receivable, land, buildings, etc. Contingent assets such as estimated revenues applying to the current fiscal year not accrued or collected and bonds authorized and unissued.

Revenue

The term designates an increase to a fund's assets which:

- ✓ Does not increase a liability (e.g., proceeds from a loan),
- ✓ Does not represent a repayment of an expenditure already made,
- ✓ Does not represent a cancellation of certain liabilities,
- ✓ Does not represent an increase in contributed capital.

Risk Management

An organized attempt to protect a government's assets against accidental loss in the most economical manner.

Senate Bill 122

Mandates local governments (cities, counties, and special districts) and regional governments regarding the provision of urban services in two (2) ways.

- ✓ It requires each local government to agree to cooperate and communicate with each other as it relates to land use issues, master plan preparation, design and development review and capital project identification and funding.
- ✓ It requires each local government to negotiate ultimate Urban Service Boundaries to establish who will serve the unincorporated population in their planning areas.

Special Revenue Fund

A fund used to account and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specific purposes.

Subsidy

Financial support for programs or services through taxes rather than through user or participant fees, or other forms of alternative funding.

System Development Charge

In general terms, these are fees assessed to developers of new housing and business units within THPRD boundaries. The fees help assure adequate funding for new park and recreational facilities (including capital improvements) needed because of those developments.

Tax Base

In Oregon, a designated amount of property tax which can be levied for operating expenses without annual voter approval. The original base must be established by the voters at a general or primary election. Thereafter, the base can be increased 6%, annually, without the approval of the voters.

Tax Levy

The total amount to be raised by general property taxes.

Tax Rate

The amount of property tax paid by property owners for each \$1,000 of their property's assessed value.

Taxes

Compulsory charges levied by a governmental unit for the purpose of financing services performed for the common benefit. Note: The term does not include specific charges made against particular persons or property for current or permanent benefits such as special assessments. Neither does the term include charges as, for example, plans review fees.

Transfers

Amounts distributed from one fund to finance activities in another fund. Shown as a requirement in the originating fund and a revenue in the receiving fund.

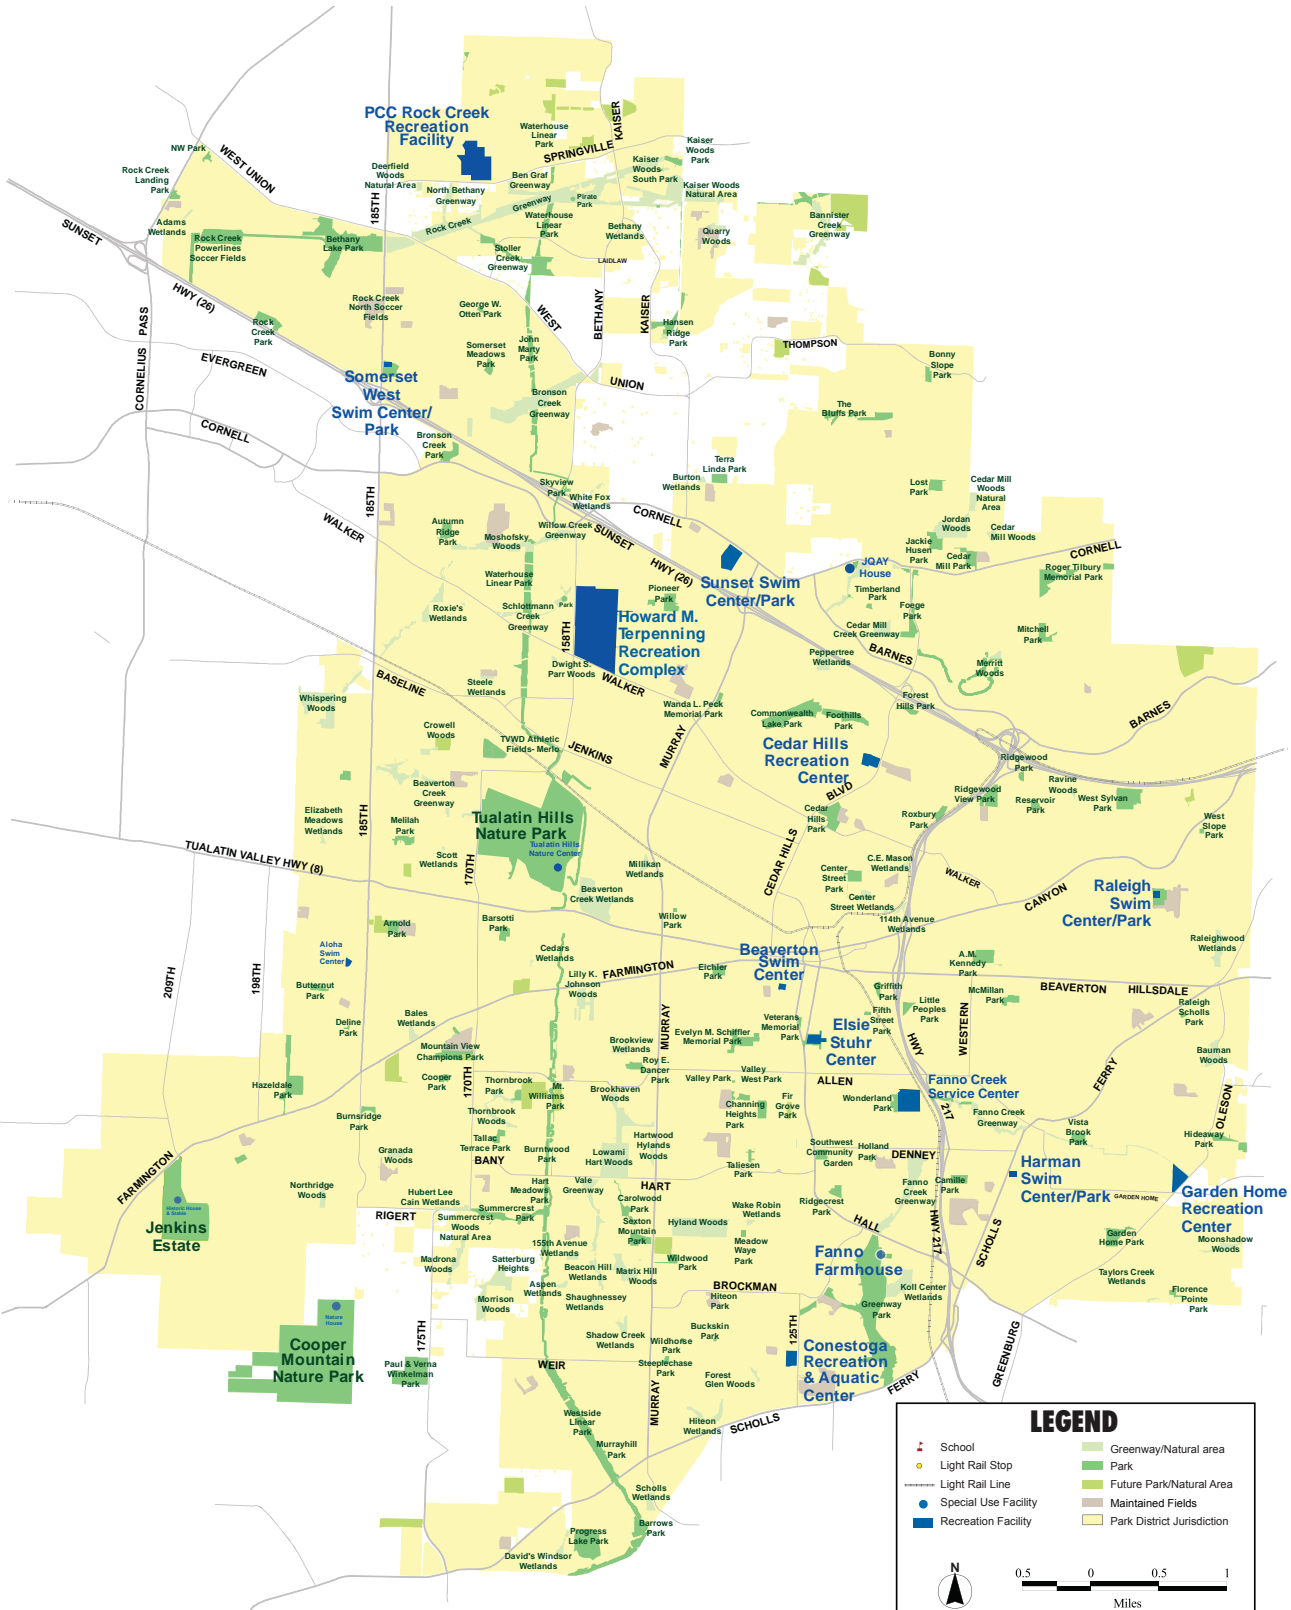

Unappropriated Fund Balance

Where the fund balance at the close of the preceding year is not included in the annual budget, this term designates that portion of the current fiscal year's estimated revenues which has not been appropriated. Where the fund balance of the preceding year is included, this term designates the estimated fund balance at the end of the current fiscal year.
