

# NEW PARK AT SW BAKER & LOMBARD

## A new place for community to play and connect

THPRD is designing a new neighborhood park at the northwest corner of SW Baker and SW Lombard Ave in the culturally diverse Vose neighborhood. The district is engaging community members and local organizations to guide the design process, create a shared park identity, and explore possible amenities for the future park. THPRD is also integrating community input from the THPRD Vision Action Plan and the City of Beaverton's Allen Blvd District Plan.

## About the park

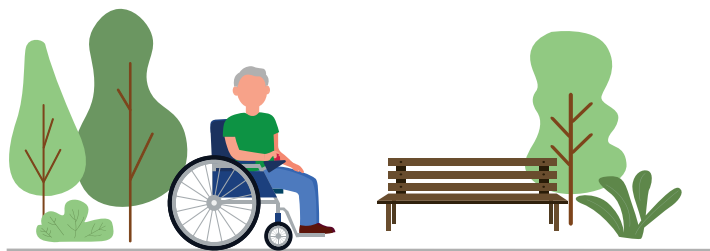

**2 acres** of park to be designed for the community

**Connected** by city bicycle lanes & sidewalks

**Design process** through fall 2021 & construction 2023

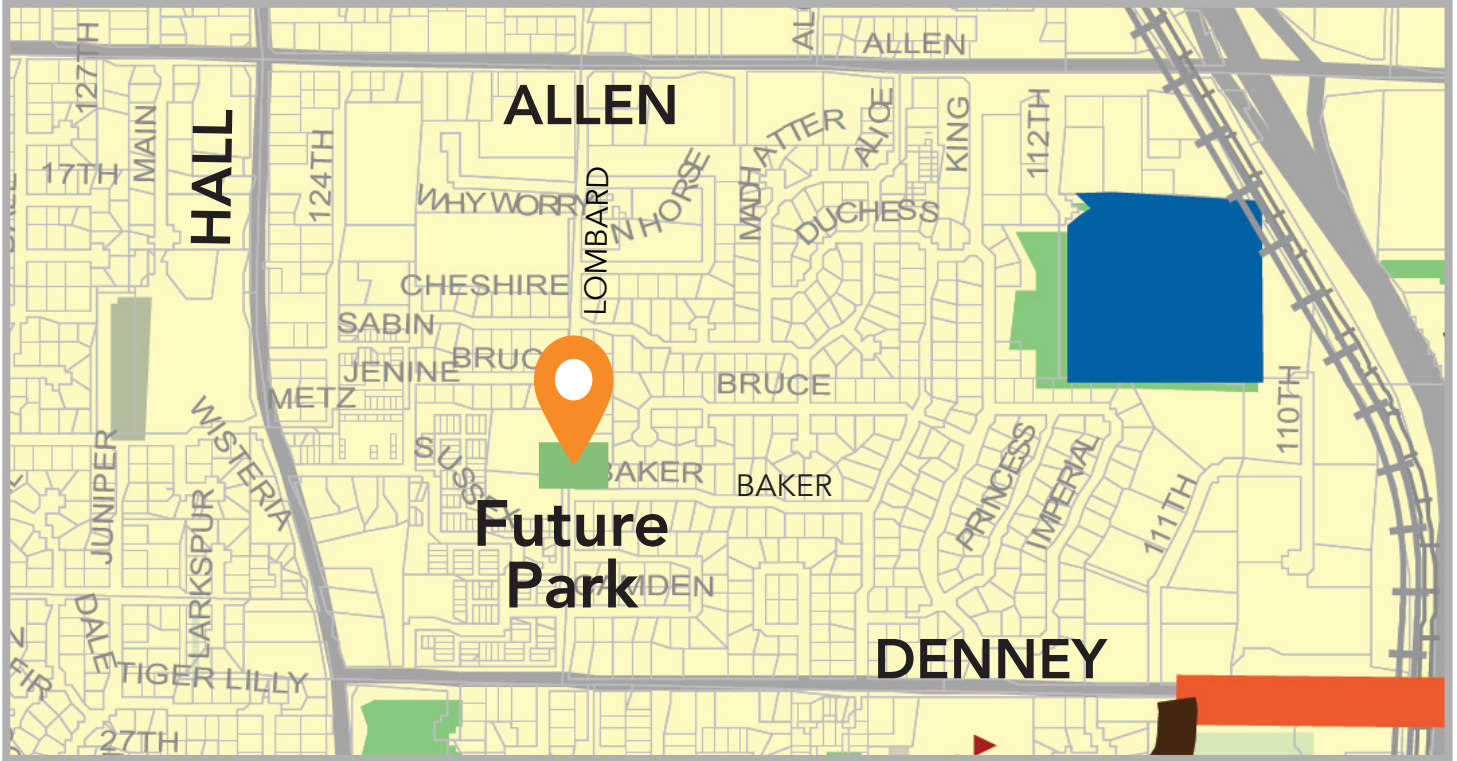

THPRD plans to **balance** community needs with the preservation of trees and natural features
