

February 9, 2023

Tualatin Hills Park & Recreation District
Sports & Inclusion Department
50 NW 158th Ave
Beaverton, OR 97006

Hello Softball & Kickball Enthusiast,

I hope your off-season has been well. I wanted to inform you all of some changes for this upcoming season. Tualatin Hills Park & Recreation District will be implementing new rule changes, partnering with Toyota, implementing a new system for inclement weather, and will be offering a new Softball League for High Schoolers.

- We will be changing from “Co-Ed League” and updating the name to an inclusive “Open League”. While non-binary players have always been welcome participants in our leagues, our rules did not specifically reflect they were. Teams with non-binary player(s) will now have clear, designated spots while batting the wheel.
- We are happy to announce that Toyota will be sponsoring the Adult Softball and Kickball program in 2023! You will be seeing the Toyota logo on league documents, Team Sideline, as well as awards.
- Per our agreement with Toyota, there will be a waiver and release form required by each participating player and manager. Waiver forms will be accepted in-person at the Athletic Center or electronically through this link: <https://forms.office.com/g/BRe8p849nJ> . For your convenience, there will be a QR code in each dugout.
- After decades of the inclement weather hotline phone number, THPRD will now be using a new user friendly field status website called Statusfied. THPRD’s Statusfied will be updated live time by our staff during the baseball/softball season. You’ll be able to find the link to THPRD’s Statusfied page here <https://statusfied.com/5033883204> OR at THPRD.org
- We are excited to be offering a NEW High School Open Softball League this summer. Any teams or players that are interested please add your name to the interest list by calling 503-629-6330. More information regarding this league will be released later this Spring

In partnership,

Kyle Kotchik
Sports Program Coordinator
